allow for the exploration of identity as a sensual gendered or political experience The book features contributions on the sensory rustle and drape of silk taffeta and the secret pleasures of embroidery on fetishistic punk street style and homoerotic intimacy in men's shirts on screen and a new perspective on the role of cloth and skin in the classic film Blade Runner In doing so it interrogates experiences of cloth within social historical psychological and cultural contexts Divided into four sections on representation design otherness and performance The Erotic Cloth showcases a variety of debates that are at the heart of contemporary textile research drawing on the fields of art design film performance culture and politics Playful provocative and beautifully illustrated with over 50 color images it will appeal to students and scholars of textiles fashion gender art and anthropology

Art Inspiring Transmutations of Life Patricia Trutty Coohill, 2010-09-02 Although the creative impulse surges in revolt against everyday reality breaking through its confines it makes pacts with that reality's essential laws and returns to it to modulate its sense In fact it is through praxis that imagination and artistic inventiveness transmute the vital concerns of life giving them human measure But at the same time art's inspiration imbues life with aesthetic sense which lifts human experience to the spiritual Within these two perspectives art launches messages of specifically human inner propulsions strivings ideals nostalgia yearnings prosaic and poetic profane and sacral practical and ideal while standing at the fragile borderline of everydayness and imaginative adventure Art's creative perduring constructs are intentional marks of the aesthetic significance attributed to the flux of human life and reflect the human quest for repose They mediate communication and participation in spirit and sustain the relative continuity of culture and history
