Skinny Dip Carl Hiaasen, 2016-09-06 NATIONAL BESTSELLER Take a hilarious ride through the warped politics and mayhem of the human environment and the human heart in this screwball delight so full of bright deft beautifully honed humor You d follow Hiaasen anywhere The New York Times Chaz Perrone might be the only marine scientist in the world who doesn t know which way the Gulf Stream runs He might also be the only one who went into biology just to make a killing and now he s found a way doctoring water samples so that a ruthless agribusiness tycoon can continue illegally dumping fertilizer into the endangered Everglades When Chaz suspects that his wife Joey has figured out his scam he pushes her overboard from a cruise liner into the night dark Atlantic Unfortunately for Chaz his wife doesn t die in the fall Clinging blindly to a bale of Jamaican pot Joey Perrone is plucked from the ocean by former cop and current loner Mick Stranahan Instead of rushing to the police and reporting her husband s crime Joey decides to stay dead and with Mick s help screw with Chaz until he screws himself As Joey haunts and taunts her homicidal husband as Chaz s cold blooded cohorts in pollution grow uneasy about his ineptitude and increasingly erratic behavior as Mick Stranahan discovers that six failed marriages and years of island solitude haven t killed the reckless romantic in him we re taken on a full throttle pure Hiaasen ride

Thin Films on Glass Hans Bach, Dieter Krause, 2003-07-10 This book entitled *Thin Films on Glass* is one of a series reporting on research and development activities on products and processes conducted by the Schott Group The scientifically founded development of new products and technical processes has traditionally been of vital importance to Schott and has always been performed on a scale determined by the prospects for application of our special glasses Since the reconstruction of the Schott Glaswerke in Mainz the scale has increased enormously The range of expert knowledge required could never have been supplied by Schott alone It is also a tradition in our company to cultivate

collaboration with customers universities and research institutes Publications in numerous technical journals which since 1969 we have edited to a regular schedule as Forschungsberichte research reports describe the results of these cooperations They contain up to date information on various topics for the expert but are not suited as survey material for those whose standpoint is more remote This is the point where we would like to place our series to stimulate the exchange of thoughts so that we can consider from different points of view the possibilities offered by those incredibly versatile materials glass and glass ceramics We would like to share the knowledge won through our research and development at Schott in cooperation with the users of our materials with scientists and engineers interested customers and friends and with the employees of our firm
