lynching Jim Crow laws and land takings the theft of land from African Americans and ongoing exploitation of the land surrounding the cemetery by oil and gas drilling With dread she even discovers how her own ancestors benefited from the racial imbalance She also encounters some remarkable inspiring characters in local history Surprisingly the original deed for the cemetery s land was granted not by a white plantation owner but by Della Love Walker the niece of the famous African American cowboy Deadwood Dick Through another member of the Love Cemetery committee Galland discovers a connection to Marshall s native son James L Farmer a founder of Congress of Racial Equality CORE and organizer of the 1961 Freedom Riders In researching local history Galland also learns of the Colored Farmers Alliance a statewide group formed in the 19th century that took up issues ranging from low wages paid to cotton pickers to emigration to Liberia By telling this one story of ultimate interracial and intergenerational cooperation Galland provides a model of the kind of communal remembering and reconciliation that can begin to heal the deep racial scars of an entire nation

The Archaeology of Slavery in Early Medieval Northern Europe Felix Biermann, Marek Jankowiak, 2021-11-18 This volume is the first comprehensive study of the material imprint of slavery in early medieval Europe While written sources attest to the ubiquity of slavery and slave trade in early medieval British Isles Scandinavia and Slavic lands it is still difficult to find material traces of this reality other than the hundreds of thousands of Islamic coins paid in exchange for the northern European slaves This volume offers the first structured reflection on how to bridge this gap It reviews the types of material evidence that can be associated with the institution of slavery and the slave trade in early medieval northern Europe from individual objects such as e g shackles to more comprehensive landscape approaches The book is divided into four sections The first presents the analytical tools developed in Africa and prehistoric Europe to identify and describe social phenomena associated with slavery and the slave trade The following three section review the three main cultural zones of early medieval northern Europe the British Isles Scandinavia and Slavic central Europe The contributions offer methodological reflections on the concept of the archaeology of slavery They emphasize that the material record by its nature admits multiple interpretations More broadly this book comes at a time when the history of slavery is being integrated into academic syllabi in most western countries The collection of studies contributes to a more nuanced perspective on this important and controversial topic This volume appeals to multiple audiences interested in comparative and global studies of slavery and will constitute the point of reference for future debates

[This Is Our Home](#) Whitney Nell Stewart, 2023-11-06 The cultural memory of plantations in the Old South has long been clouded by myth A recent reckoning with the centrality of slavery to the US national story however has shifted the meaning of these sites Plantations are no longer simply seen as places of beauty and grandiose hospitality their reality as spaces of enslavement exploitation and violence is increasingly at the forefront of our scholarly and public narratives Yet even this reckoning obscures what these sites meant to so many forced to live and labor on them plantations were Black homes as much as white Insightfully reading the built environment of plantations considering artifact fragments found in excavations of slave dwellings and drawing on legal records and plantation owners papers Whitney Nell Stewart illuminates how enslaved people struggled to make home amid innumerable constraints and obstacles imposed by white southerners By exploring the material remnants of the past Stewart demonstrates how homemaking was a crucial part of the battle over slavery and freedom a fight that continues today in consequential confrontations over who has the right to call this nation home
