Diaries George F. Kennan, 2014-02-09 A landmark collection spanning ninety years of U S history of the never before published diaries of George F Kennan America s most famous diplomat On a hot July afternoon in 1953 George F Kennan descended the steps of the State Department building as a newly retired man His career had been tumultuous early postings in eastern Europe followed by Berlin in 1940 41 and Moscow in the last year of World War II In 1946 the forty two year old Kennan authored the Long Telegram a 5 500 word indictment of the Kremlin that became mandatory reading in Washington A year later in an article in Foreign Affairs he outlined containment America s guiding strategy in the Cold War Yet what should have been the pinnacle of his career an ambassadorship in Moscow in 1952 was sabotaged by Kennan himself deeply frustrated at his failure to ease the Cold War that he had helped launch Yet if it wasn t the pinnacle neither was it the capstone over the next fifty years Kennan would become the most respected foreign policy thinker of the twentieth century giving influential lectures advising presidents and authoring twenty books winning two Pulitzer prizes and two National Book awards in the process Through it all Kennan kept a diary Spanning a staggering eighty eight years and totaling over 8 000 pages his journals brim with keen political and moral insights philosophical ruminations poetry and vivid descriptions In these pages we see Kennan rambling through 1920s Europe as a college student despairing for capitalism in the midst of the Depression agonizing over the dilemmas of sex and marriage becoming enchanted and then horrified by Soviet Russia and developing into America s foremost Soviet analyst But it is the second half of this near century long record the blossoming of Kennan the gifted author wise counselor and biting critic of the Vietnam and Iraq wars that showcases this remarkable man at the height of his singular analytic and expressive powers before giving way heartbreakingly to some of his most human moments as his energy memory and finally his ability to write fade away Masterfully selected and annotated by historian Frank Costigliola the result is a landmark work of profound intellectual and emotional power These diaries tell the complete narrative of Kennan s life in his own intimate and unflinching words and through him the arc of world events in the twentieth century

Children, Schools, And Inequality Doris R Entwisle, 2018-03-05 Educational sociologists have paid relatively little attention to children in middle childhood ages 6 to 12 whereas developmental psychologists have emphasized factors internal to the child much more than the social contexts in explaining children s development Children Schools and Inequality redresses that imbalance It examines elementary school outcomes e g test scores grades retention rates in light of the socioeconomic variation in schools and neighborhoods the organizational patterns across elementary schools and the ways in which family structure intersects with children s school performance Adding data from the Baltimore Beginning

School Study to information culled from the fields of sociology child development and education this book suggests why the gap between the school achievement of poor children and those who are better off has been so difficult to close Doris Enwistle Karl Alexander and Linda Olson show why the first grade transition how children negotiate entry into full time schooling is a crucial period They also show that events over that time have repercussions that echo throughout children s entire school careers Currently the only study of this life transition to cover a comprehensive sample and to suggest straightforward remedies for urban schools Children Schools and Inequality can inform educators practitioners and policymakers as well as researchers in the sociology of education and child development *Adolescent Sexual Behavior and Childbearing* Laurie Schwab Zabin, Sarah C. theology metaphysics natural philosophy astronomy poetry and the origins of landscape painting The concept is thus revealed to be a specifically modern response to modern discontents neither reverting to pre modern modes of thought nor secularizing Christian theology but countering Enlightenment dualisms with means bequeathed by the Enlightenment itself This book seeks in short to do for the Romantic symbol what Percy Bysshe Shelley called on poets to do for the world to lift from it its veil of familiarity
