**Theory and Reality in Financial Economics** George M. Frankfurter, 2007 The current literature on financial economics is dominated by neoclassical dogma and supposedly the notion of value neutrality However the failure of neoclassical economics to deal with real financial phenomena suggests that this might be too simplistic of an approach This book consists of a collection of essays dealing with

financial markets imperfections and the inability of neoclassical economics to deal with such imperfections Its central argument is that financial economics as based on the tenets of neoclassical economics cannot answer or solve the real life problems that people face It also shows the direct relationship between economics and politics OCo something that is usually denied in academic models given that science is supposed to be value neutral In this thought provoking and avant garde book the author not only exposes what has gone wrong but also suggests reforms to both the academic and the political economic systems that might help make markets fair rather than efficient Drawing on interdisciplinary fields this book will appeal to readers who are interested in finance economics business the political economy and philosophy Sample Chapter s Foreword 37 KB Chapter 1 Method and Methodology 146 KB Contents Method and Methodology What is All Efficiency Still Autistic Finance The Young Finance Faculty s Guide to Publishing Prolific Authors in Finance For Profit Education An Idea That Should be Put to Rest Weep Not for Microsoft Monopoly s Fatal Exception The Socio Economics of Scandals Desperately Seeking Toto And Now for Something Entirely Different After the Ball Capitalism or Industrial Fiefdom The Theory of Fair Markets TFM Toward a New Finance Paradigm Readership Graduate students of finance students of economics economic methodology and philosophy of science [Stone City](#) Mitchell Smith,2012-07-10 A thrilling and gripping page turner that serves as both a sociological study of prison life and a metaphor for contemporary America In a prison of youthful hardcore criminals a college professor convicted of killing a young girl while driving drunk teaches other inmates reading skills A series of killings prompts officials to coerce Bauman to track down the killer His quest takes readers into the web of corruption that is inherent in a big state prison
