Adapted from Baron Olshevris novel «Vampires»* Olga Boyko, Iryna Shcherbyna, 2017-06-09 Your love gave me back my life Harry a young and handsome millionaire inherits a mysterious castle in the Carpathian Mountains His friends James Captain Wright Georges and a specially hired librarian Karl Ivanovich help him to deal with the numerous papers letters and diaries which take our heroes into the past Archival search is necessary not only for entering into the rights of inheritance but also to understand the causes of the outbreak of the epidemic of deaths in the castle *Library of Congress Subject Headings* Library of Congress, 2010 [The Windsor Magazine](#) , 1897 **PILOT LOGBOOK LIES AND MORE** Lester M. Zinser, 2014-04 Once upon a time How else do you start a story on a white blank screen Do you open the tale with some far out statement that you the author have to maintain chapter by chapter or do you leave the writer some leeway to spin his or her story Once upon a time gives the author that privilege Let s start with a life that began because of some quirk of nature Normally when the many halves of a new life struggle their way up the warm moist channels to meet the other half of a new life one new life form develops However in this particular sexual encounter two spermatozoa overcame the odds and managed to penetrate a pair of ovum Now two new life forms begin their migration down the channel to fasten their growing cell bodies to the nourishing walls of the womb Nine months later two baby boys were born a traumatic event probably best not remembered and began their life journey In the evolving tale it will be up to the reader to determine if this is a compilation of fact a mixture of fact and fiction or just pure fiction the fraternal twins grew up on a farm in the Midwest and some of the rigors of farm living in the 1920s are part of the tale However it is used only to set the stage for one twin s story But wait the twins were not alone Two brothers preceded them so closely in this family that only two years separated the youngest from the oldest A sister was born when the twins were five the mother of these five children died shortly after the fifth baby was born the father s mother stepped in to care for the newborn and at the same time tackled the task of raising and influencing the lives of four rambunctious boys Five years later the father remarried and five children were born to this second marriage but so much later that they had little to no influence on the character of the elder five the first four were close enough in age to present the same parental challenge as quadruplets Each brother probably influenced another however the story is not about some personality trait caused by the close association with one another A graduate student in psychology could write an A term paper on the interaction of the four completely different personalities No doubt the many daily routines of maintaining a general purpose farm influenced the path each brother would follow in later life As soon as each boy was big enough age six or seven they were assigned chores that is feed the chickens feed and milk the cows slop the pigs clean the barn and so on to do all the daily menial jobs it takes to operate a small farmstead the tasks grew harder as the brothers aged and grew stronger Farming in the early years of the twentieth century required input from every able bodied individual

needing the life supporting sustenance provided by the land and animals the father the Old Man on this farm had a constant battle to keep everyone carrying their share of the workload

Water and Power in Highland Peru Paul H. Gelles, 2000 Cabanaconde a town of 5 000 people is located in the arid Andean highlands It is dominated by the foreboding Hualca Hualca mountain peak that is the source of this town s much needed water How the villagers obtain this water Paul Gelles writes is not a simple process the politics of irrigation in this area reflect a struggle for control of vital resources deeply rooted in the clash between local ritualized models of water distribution and the secular model put forth by the Peruvian state Water and Power in Highland Peru provides an insightful case study on the intense conflicts over water rights and a framework for studying ethnic conflict and the effects of development not only in Peru but in other areas as well Most of the inhabitants of Cabanaconde do not identify themselves with the dominant Spanish speaking culture found in Peru And the Peruvian state grounded in a racist post Colonial ethos challenges the village s long standing non Western framework for organizing water management Gelles demonstrates that Andean culture is dynamic and adaptive and it is a powerful source of ethnic identity even for those who leave the village to live elsewhere Indigenous rituals developed in this part of the world he states have become powerful tools of resistance against interference by local elites and the present day Peruvian state Most importantly the micropolitics of Cabanaconde provide a window into a struggle that is taking place around the world

Index to Short Stories--Supplement Ina Ten Eyck Firkins, 1929 Twelve and Twenty - A Vietnam War Novel James Toomey, 2017-10-02 The title connotes the tour of duty for a US Marine in Vietnam for twelve months and twenty days PFC Sean P O Hara embarks upon an adventure that would change his life forever Twelve and Twenty is a riveting novel that takes place in the jungles of Southeast Asia and the quagmire of the Vietnam War In a graphic and haunting naturalistic style James Toomey adroitly tells the story of the madness of war and the paradox of valor in the early summer of 1968 in the Republic of Vietnam With great skill Colonel Toomey has created a page turner It reveals the arduous and sometimes horrific life of an infantry marine serving his country in a sustained and unpopular ground war That war changed the country and that change was not for the better The book honestly and graphically presents the minute to minute day to day week to week dichotomy of insipid drudgery and violent combat that almost instantaneously transforms an

Ivy League candidate into a highly trained coldhearted killing machine The psychological scars of these hellacious 385 days in 1968 and 1969 will never go away O Hara during the course of his tour is given a ribald and Mephistophelian education in life that he never would receive at Harvard A macabre curriculum that included the sight of his fellow marines blown to bits innocent indigenous villagers tortured by their own countrymen commercial lust sold by adolescent prostitutes in Bangkok Thailand Lastly the ultimate final examination which is the manic depressive phenomenon of an otherwise kind and gentle person having to kill other human beings to survive O Hara passed the exam physically but not mentally and he will never be the same again There is no glory in war only heartache and despair
