**The Chinese Church that Will Not Die** Mary Wang, Gwen England, Edward O. England, 1972     *The Chinese Church, that Will Not Die* Mary Wang, 1974     **The Chinese church that will not die, by M. Wang with G. and E. England** Mary Wang,     **China Nexus** Benedict Rogers, 2022-10-25 Benedict Rogers born in London England first went to China at age eighteen to teach English for six months in Qingdao three years after the Tiananmen Square massacre That opened the door to a thirty year adventure with China from teaching English in schools and hospitals to working as a journalist in Hong Kong for the first five years after the handover to travelling to China s borders with Myanmar Burma and North Korea to document the plight of refugees escaping from Beijing backed satellite dictatorships and then campaigning for human rights in China especially for Uyghurs Christians and Falun Gong practitioners human rights defenders journalists and dissidents and the people of Hong Kong This book tells the story of his fight for freedom for the peoples of China and neighbouring countries Myanmar and North Korea and sets out how a global movement for human rights in China is emerging and what the free world should do next It describes the importance of the China Nexus in the author s journey and geopolitics and its challenges Pioneering international inquiries into forced organ harvesting from prisoners of conscience the genocide of the Uyghurs and global action for Hong Kong as well as highlighting the Vatican s silence the author has been at the heart of advocacy for human rights in China in recent years In 2017 on the orders of Beijing he was denied entry to Hong Kong 20 years after he had moved to the city and began his working life as a journalist and activist Benedict Rogers co founded Hong Kong Watch and worked with a variety of other international groups at the forefront of the fight for freedom including the Inter Parliamentary Alliance for China IPAC the Stop Uyghur Genocide Campaign the China Democracy Foundation the Conservative Party Human Rights Commission which he co founded and the international human rights organization CSW with which he has worked for over 25 years This book hits the Chinese Communist Party hard on their lack of Human Rights efficacy genocide and despicable and barbaric organ harvesting programs an estimated 1 billion US a year business Rogers takes the readers on a journey through some of the leaders and participants in the Human rights activities that China has suppressed since its inception in 1949 He goes on to dispute and lays to rest all of the specious claims by the tyrants in Beijing that all Chinese citizens are equal and are afforded human and civil rights Currently the regime is engaged in re education cultural assimilation and multiple genocides leading to better citizens for China and the world if one believes Chinese officials China s ambassador to Canada says reports of genocide and forced labour of Uyghur Muslims in Xinjiang province are the lie of the century despite international bodies like the United Nations deeming the reports of such activities numerous and credible The author will completely dispel that notion     [Approaching the World's Religions, Volume 2](#) Robert Boyd, 2017-06-20 Evangelical theology strives to be evangelical conservative and contemporary In a world in which everyone is Christian evangelical theology provides a balanced position between fundamentalism and liberalism While theological

debates within the family will occur to be evangelical is a breath of fresh air for many However we do not live in such a world We do find ourselves living in a secular global society It is secular because no religious organization dictates how we live our lives It is global for at least two reasons First our technology brings us immediately in contact with those faraway places Second and of more importance we can simply step outside our front doors and encounter our neighborhoods that reflect a global pluralism This raises the question how shall we then live The intent of *An Evangelical Theology of Religions* is to suggest a direction for evangelicals to think about the secular global society in which they live in a way that is not only conservative but also evangelical and contemporary The final essay strives to address the evangelical aspect of our tradition that places an emphasis on the Great Commission and the law of love *The Chinese Church that Will Not Die* ,1971
