Unteachable Lessons Carl McColman,2019-09-03 Why Christian spirituality must be caught rather than taught We speak of spirituality as a journey which implies not only a destination toward which we travel but countless adventures encountered along the way The journey is the destination both at once We may all be trying to get to the heart of God but there are infinite ways to get

there Can wisdom collected along the pilgrim path even be captured in words codified into a book Probably not And why do the wisest books refuse to offer glib formulas or step by step instructions for happiness or enlightenment Why are the great spiritual classics mostly just an invitation to keep our eyes ears and especially hearts open Because we re often stumbling on miracles while we re looking for something else Using engaging and disarming stories from his own life Carl McColman a leading author of books in spirituality gently leads readers toward a recognition that although the wisdom of the past is worth reading hearing or reading others experience of God is ultimately no substitute for opening our own eyes ears and hearts to God

The Utne Reader ,1994 **That Book Is Dangerous!** Adam Szetela,2025-08-12 An alarming expos of the new challenges to literary freedom in the age of social media when anyone with an identity and an internet connection can be a censor In *That Book Is Dangerous* Adam Szetela investigates how well intentioned and often successful efforts to diversify American literature have also produced serious problems for literary freedom Although progressives are correct to be focused on right wing attempts at legislative censorship Szetela argues for attention to the ways that left wing censorship controls speech within the publishing industry itself The author draws on interviews with presidents and vice presidents at the Big Five publishers literary agents at the most prestigious agencies award winning authors editors marketers sensitivity readers and other industry professionals to examine the new publishing landscape What he finds is unsettling mandatory sensitivity reads morality clauses in author contracts even censorship of dangerous books in the name of antiracism feminism and other forms of social justice These changes to acquisition practices editing policies and other aspects of literary culture are a direct outgrowth of the culture of public outcries on X Goodreads Change org and other online platforms where users accuse authors justifiably or not of racism sexism homophobia and other transgressions But rather than genuinely address the economic inequities of literary production this current moral crusade over literature serves only to entrench the status quo While the right is remaking the world in its image he writes the left is standing in a circular firing squad Compellingly argued and incisively written the book is a much needed wake up call for anyone who cares about reading writing and the publication of books as well as the generations of young readers we are raising

The Atlantic ,1992 **Stolen Youth** Bethany Mandel,Karol Markowicz,2023-03-05 The kids are not alright The Left is waging an all out battle on the American family particularly the youngest members If they can make our children miserable lead them to question every building block of society and rebuild their entire concept of reality then the Left and their woke indoctrinators will consider that a victory But we can t let them win As concerned parents and American citizens we have to understand what truly going on before we can do something about it *Stolen Youth* provides an urgent deep dive into issues surrounding the current woke indoctrination happening in politics education medicine mental health entertainment and culture These issues may seem subtle insidious and hard to make sense of but armed with the information provided in this book we now have a framework from which to fight While we may simply be trying to parent our children well and create a healthy and happy home environment this is no

longer enough We must now go on the offense to protect our kids and this book sheds a bright light on the reason why We can no longer afford to stay ignorant Our children s lives and the survival of our families are at stake A win is a family who is free Stolen Youth outlines how to fight for our children s freedom and win American Bookseller ,1990
