Skyful Of Freedom A 60 Years Of The Bbc World Service:

BBC World Service Gordon Johnston, Emma Robertson, 2019-11-14 This book is the first full length history of the BBC World Service from its interwar launch as short wave radio broadcasts for the British Empire to its twenty first century incarnation as the multi media global platform of the British Broadcasting Corporation The book provides insights into the BBC s working relationship with the Foreign Office the early years of the Empire Service and the role of the BBC during the Second World War In following the voice of the BBC through the Cold War and the contraction of the British empire the book argues that debates about the work and purposes of the World Service have always involved deliberations about the future of the UK and its place in the world In current times these debates have been shaped by the British government s commitment to leave the European Union and the centrifugal currents in British politics which in the longer term threaten the integrity of the United Kingdom Through a detailed exploration of its past the book poses questions about the World Service s possible future and argues that for the BBC the question is not only what it means to be a global broadcaster as we enter the third decade of the twenty first century but what it means to be a national broadcaster in a divided kingdom

An International History of the Cuban Missile Crisis

David Gioe, Len Scott, Christopher Andrew, 2014-06-05 This edited volume addresses the main lessons and legacies of the 1962 Cuban Missile Crisis from a global perspective Despite the discoveries of recent research there is still much more to be revealed about the handling of nuclear weapons before and during the Cuban Missile Crisis CMC Featuring contributions from a number of eminent international scholars of nuclear history intelligence espionage political science and Cold War studies An International History of the Cuban Missile Crisis reviews and reflects on one of the critical moments of the Cold War focussing on three key areas First the volume highlights the importance of memory as an essential foundation of historical understanding and demonstrates how events that rely only on historical records can provide misleading accounts This focus on memory extends the scope of the existing literature by exploring hitherto neglected aspects of the CMC including an analysis of the operational aspects of Bomber Command activity explored through recollections of the aircrews that challenge accounts based on official records The editors then go on to explore aspects of intelligence whose achievements and failings have increasingly been recognised to be of central importance to the origins dynamics and outcomes of the missile crisis Studies of hitherto neglected organisations such as the US Defense Intelligence Agency DIA and the British Joint Intelligence Committee JIC both extend our understanding of British and American intelligence machinery in this period and enrich our understanding of key episodes and assessments in the missile crisis Finally the book explores the risk of nuclear war and looks at how close we came to nuclear conflict The risk of inadvertent use of nuclear weapons is evaluated and a new proposed framework for the analysis of nuclear risk put forward This volume will be of much interest to students of intelligence studies international history foreign policy security studies and IR in general

The Struggle for Control of Global Communication

Jill Hills,2010-10-01 Tracing the development of communication markets and the regulation of international communications from the 1840s through World War I Jill Hills examines the political technological and economic forces at work during the formative century of global communication Hills analyzes power relations within the arena of global communications from the inception of the telegraph through the successive technologies of submarine telegraph cables ship to shore wireless broadcast radio shortwave wireless the telephone and movies with sound As she shows global communication began to overtake transportation as an economic political and social force after the inception of the telegraph which shifted communications from national to international From that point on information was a commodity and ownership of the communications infrastructure became valuable as the means of distributing information The struggle for control of that infrastructure occurred in part because British control of communications hindered the growing economic power of the United States Hills outlines the technological advancements and regulations that allowed the United States to challenge British hegemony and enter the global communications market She demonstrates that control of global communication was part of a complex web of relations between and within the government and corporations of Britain and the United States Detailing the interplay between American federal regulation and economic power Hills shows how these forces shaped communications technologies and illuminates the contemporary systems of power in global communications

Political Communication and Democracy

G. Rawnsley,2005-11-01 Political Communication and Democracy provides a wide ranging and inclusive study of political communications that uses current political events and debates to illustrate its arguments Looking beyond the narrow view that political communication concerns only the media and spin doctors Gary Rawnsley examines the subject in its myriad forms political parties and pressure groups as a way by which people join together referendums public opinion and how communications contribute to the process of democratization around the world

Occidentalism in Turkey Meltem Ahiska, 2010-06-30 From the early Attaturk years Turkish radio broadcasting was seen as a great hope for sealing the national identity of the new Turkish Republic Since the inaugural broadcast in 1927 the national elite designed radio broadcasting to represent the voice of a nation Here Meltem Ahiska reveals how radio broadcasting actually showed Turkey's uncertainty over its position in relation to Europe While the national elite wanted to build their own Turkish identity at the same time they desired recognition from Europe that Turkey was now a Westernized modern country Ahiska shows how these tensions played out over the radio in the conflicting depictions and discrepancies between the national elite and the people cosmopolitan Istanbul and national Ankara and men and women especially in Radio drama Through radio broadcasting we can see how Occidentalism dictated the Turkish Republic's early history and shaped how modern Turkey saw itself

BBC Worldwide, 1992 Broadcasting on the Short Waves, 1945 to Today Jerome S. Berg, 2008-10-24 Shortwave broadcasting originated in the 1920s when stations used the new technology to increase their range in order to serve foreign audiences and reach parts of their own country not easily otherwise covered The early days of shortwave radio were covered in *On the Short Waves 1923 1945 Broadcast Listening in the Pioneer Days of Radio* published by McFarland in 1999 paperback 2007 Then two companion volumes were published picking up the story after World War II They were *Listening on the Short Waves 1945 to Today* McFarland 2008 paperback 2010 which focuses on the shortwave listening community and the present *Broadcasting* title about the stations themselves and their environment The heart of the book is a detailed year by year account of the shortwave bands in each year from 1945 to 2008 It reviews what American listeners were hearing on the international and domestic shortwave bands describes the arrivals and departures of stations and recounts important events The book describes the several categories of broadcasters international domestic private religious clandestine and pirate It explains the impact of relay stations frequency management and jamming It also addresses the considerable changes in shortwave broadcasting since the end of the Cold War The book is richly illustrated and indexed and features a bibliography and extensive notes

How to Be Intimate with 15,000,000 Strangers Brett Kahr, 2023-05-31 *How to Be Intimate with 15 000 000 Strangers* is an investigation into how the fields of mental health and media can work together more collaboratively Drawing upon his extensive experience in media psychoanalysis Brett Kahr explores how a rich collaboration with radio television film and other forms of public outreach can be accomplished while also embracing the weight and gravitas of depth psychology In addition to describing his work as Resident Psychotherapist at the B B C Kahr also examines the ways in which references to the media enter the consulting room and provide clinicians with important insights about hidden aspects of the minds of their patients Moreover he investigates the historical hesitancy of psychoanalysts experts in confidentiality to engage with such a public arena as the media thus providing important insights about how one can collaborate broadly and loudly while also maintaining one's ethical commitment to silence and privacy This book will be of interest to psychoanalysts psychotherapists and anyone intrigued by the intersection between

media and psychoanalysis **"This Is Jerusalem Calling"** Andrea L. Stanton, 2013-09-01 Modeled after the BBC the Palestine Broadcasting Service was launched in 1936 to serve as the national radio station of Mandate Palestine playing a pivotal role in shaping the culture of the emerging middle class in the region Despite its significance the PBS has become nearly forgotten by scholars of twentieth century Middle Eastern studies Drawn extensively from British and Israeli archival sources *This Is Jerusalem Calling* traces the compelling history of the PBS's twelve years of operation illuminating crucial aspects of a period when Jewish and Arab national movements simultaneously took form Andrea L Stanton describes the ways in which the mandate government used broadcasting to cater to varied audiences including rural Arab listeners in an attempt to promote a modern vision of Arab Palestine as an urbane politically sophisticated region In addition to programming designed for the education of the peasantry religious broadcasting was created to appeal to all three main faith communities in Palestine which ultimately may have had a disintegrating separatist effect Stanton's research brings to light the manifestation of Britain's attempts to prepare its mandate state for self governance while supporting the aims of Zionists While the PBS did not create the conflict between Arab Palestinians and Zionists the service reflected articulated and magnified such tensions during an era when radio broadcasting was becoming a key communication tool for emerging national identities around the globe *Encyclopedia of Radio 3-Volume Set* Christopher H. Sterling, 2004-03 Produced in association with the Museum of Broadcast Communications in Chicago the *Encyclopedia of Radio* includes more than 600 entries covering major countries and regions of the world as well as specific programs and people networks and organizations regulation and policies audience research and radio's technology This encyclopedic work will be the first broadly conceived reference source on a medium that is now nearly eighty years old with essays that provide essential information on the subject as well as comment on the significance of the particular person organization or topic being examined **Handbook on Public Diplomacy** Sean Aday, 2025-02-12 This Handbook provides a contemporary perspective on public diplomacy scholarship and practice showcasing the growing diversity of the field Expert contributing authors identify the challenges involved in implementing successful public diplomacy and analyse how to effectively measure and evaluate programs to determine best practices *Diasporas and Diplomacy* Marie Gillespie, Alban Webb, 2013 *Diasporas and Diplomacy* analyzes the exercise of British soft power through the BBC's foreign language services and the diplomatic role played by their diasporic broadcasters The book offers the first historical and comparative analysis of the corporate cosmopolitanism that has characterized the work of the BBC's international services since the inception of its Empire Service in 1932 from radio to the Internet A series of empirically grounded case studies within a shared analytical framework interrogate transformations in international broadcasting relating to colonialism and corporate cosmopolitanism diasporic and national identities public diplomacy and international relations broadcasters and audiences The book will be of interest to students and scholars of sociology and anthropology media and cultural studies journalism history politics international
