**Reference Guide to Africa** Alfred Kagan, Atoma Batoma, 2014-10-16 This third edition of the Reference Guide to Africa explains the most important resources for the study of the continent of Africa It contains a general sources section and a larger disciplinary oriented section All sources are annotated A new edition is sorely needed since the last edition was published nine years ago The previous editions have been successfully used in research libraries worldwide since 1999 and it has been used to teach several African studies research courses The book provides an orientation for researching almost any topic in the arts humanities and social sciences concerning the continent of Africa and all of its countries and ethnic groups The first part explains and lists portals databases bibliographies indexes guides encyclopedias country sources biography primary sources government publications and statistics The second part presents 16 subject oriented chapters mostly in the arts humanities and social sciences from agriculture and food security to women studies It covers sources that broadly cover the continent or in some cases only North Africa and the Middle East It generally excludes sources limited to one country or region of Africa except for North Africa because of the nature of the literature One third of the sources in this edition are new and nearly half of them are available in electronic format There are author title and subject indexes This unique work is intended for students teachers librarians and researchers It likely will be used most by reference librarians and teachers for students in high school through graduate studies It will also be used independently by undergraduate and graduate students It can be used to answer simple reference questions provide the resources for an undergraduate paper or for comprehensive work by advanced students and researchers

**From Human Trafficking to Human Rights** Alison Brysk, Austin Choi-Fitzpatrick, 2012-01-31 Over the last decade public political and scholarly attention has focused on human trafficking and contemporary forms of slavery Yet as human rights scholars Alison Brysk and Austin Choi Fitzpatrick argue most current work tends to be more descriptive and focused on trafficking for sexual exploitation In *From Human Trafficking to Human Rights* Brysk Choi Fitzpatrick and a cast of experts demonstrate that it is time to recognize human trafficking as more a matter of human rights and social justice rooted in larger structural issues relating to the global economy human security U S foreign policy and labor and gender

relations Such reframing involves overcoming several of the most difficult barriers to the development of human rights discourse women s rights as human rights labor rights as a confluence of structure and agency the interdependence of migration and discrimination the ideological and policy hegemony of the United States in setting the terms of debate and a politics of global justice and governance Throughout this volume the argument is clear a deep human rights approach can improve analysis and response by recovering human rights principles that match protection with empowerment and recognize the interdependence of social rights and personal freedoms Together contributors to the volume conclude that rethinking trafficking requires moving our orientation from sex to slavery from prostitution to power relations and from rescue to rights On the basis of this argument *From Human Trafficking to Human Rights* offers concrete policy approaches to improve the global response necessary to end slavery responsibly

**The Anti-Slavery Project** Joel Quirk, 2011-05-26 It is commonly assumed that slavery came to an end in the nineteenth century While slavery in the Americas officially ended in 1888 millions of slaves remained in bondage across Africa Asia and the Middle East well into the first half of the twentieth century Wherever laws against slavery were introduced governments found ways of continuing similar forms of coercion and exploitation such as forced bonded and indentured labor Every country in the world has now abolished slavery yet millions of people continue to find themselves subject to contemporary forms of slavery such as human trafficking wartime enslavement and the worst forms of child labor The Anti Slavery Project *From the Slave Trade to Human Trafficking* offers an innovative study in the attempt to understand and eradicate these ongoing human rights abuses In The Anti Slavery Project historian and human rights expert Joel Quirk examines the evolution of political opposition to slavery from the mid eighteenth century to the present day Beginning with the abolitionist movement in the British Empire Quirk analyzes the philosophical economic and cultural shifts that eventually resulted in the legal abolition of slavery By viewing the legal abolition of slavery as a cautious first step rather than the end of the story he demonstrates that modern anti slavery activism can be best understood as the latest phase in an evolving response to the historical shortcomings of earlier forms of political activism By exposing the historical and cultural roots of contemporary slavery The Anti Slavery Project presents an original diagnosis of the underlying causes driving one of the most pressing human rights problems in the world today It offers valuable insights for historians political scientists policy makers and activists seeking to combat slavery in all its forms

**Classical Slavery** Moses I. Finley, 2014-01-14 Slavery in Greece and Rome has always prompted comparisons with that of more recent history This volume includes discussions of the relationship between war piracy and slavery early abolitionist movements as well as the supply and domestic aspects of slavery in these ancient societies

**Macmillan Encyclopedia of World Slavery** Paul Finkelman, Joseph Calder Miller, 1998 Covering the history of human slavery in Asia Europe Africa the Americas and the United States this volume has entries for individuals and such topics as the details of living conditions resistance and rebellion law and emancipation and theory and politics
