)(SMART ABOUT) JON BULLER,2009-05-01 Smart Cards in Commercial Vehicle Operations: Final Report S.

Zullo,1996 The Green New Deal Jeremy Rifkin,2019-09-10 New York Times Bestselling Author The renowned economic theorist explains how America can and must create a post fossil fuel culture to survive We can't keep doing business as usual Facing a global emergency a younger generation has spearheaded a national conversation around a Green New Deal a movement with the potential to revolutionize society But while the Green New Deal has become a lightning rod in the political sphere there is a parallel movement emerging within the business community that will shake the very foundation of the global economy in coming years Key sectors of the economy are fast decoupling from fossil fuels in favor of ever cheaper solar and wind energies and the new business opportunities and employment that accompany them New studies are sounding the alarm that trillions of dollars in stranded fossil fuel assets could create a carbon bubble likely to burst by 2028 causing the collapse of the fossil fuel civilization The marketplace is speaking and governments will need to adapt if they are to survive and prosper In The Green New Deal Jeremy Rifkin delivers the political narrative and economic plan for the Green New Deal that we need at this critical moment in history The concurrence of a stranded fossil fuel assets bubble and a green political vision opens up the possibility of a massive shift to a post carbon ecological era in time to prevent a temperature rise that will tip us over the edge into runaway climate change With twenty five years of experience implementing Green New Deal style transitions for both the European Union and the People's Republic of China Rifkin offers his vision for how to transform the global economy and save life on Earth The Green New Deal takes a stance quite different from that of typical Green New Deal supporters he's interested in building factories farms and vehicles in a fossil free world asserting that the Green New Deal is all about infrastructure The New York Times Book Review An urgent endorsement of efforts to remake a doomed fossil fuel economy before it's too late Kirkus Reviews Smart About the Fifty States Jon Buller,Dana Regan,True Kelley,Joan Holub,Maryann Cocca-Leffler,Susan Schade,2003 **IOT BASED APPLICATION IN SMART HEALTH CARE SYSTEM** Dr. Bhavna Bajpai,Mr. Digant Parmar,P. Lavanya,2023-05-03 In today's world it is important that individuals pay careful attention to their own health and make an effort to keep track of any changes The following factors have an effect on patients Major health risks have been brought to light as a direct result of the inadequate health surveillance that has been

carried out The Internet of Things refers to the network of interconnected electronic devices that may take on a wide range of forms and configurations In this day and age the capacity to monitor the current state of health of a patient through the use of the internet is widely available People who work in the medical field are also utilizing this high tech equipment in order to keep an eye on their patients This is done in order to improve patient care The Internet of Things IoT is the fundamental driving factor behind the rapid transformation that is now occurring in the field of health care This shift is being driven forward by a variety of new companies whose primary focus is on developing technological solutions for the healthcare industry We are going to use the Internet of Things IoT as the foundation for the creation of a health monitoring system that we will use for the purposes of this project This system will monitor the patient s heart rate in addition to the patient s body temperature and if any of those values surpass certain critical limits an alarm will be issued to the user in the form of an email or a text message Because of the data that is gathered by Thing View such as the patient s pulse rate and body temperature it is possible to monitor the patient s health through the internet from any location in the globe Because of the data that has been recorded this is now feasible A buzzer that is connected to the kit and is put close to the patient in order to alert the patient s loved ones about the serious condition that the patient is in may be found in the kit The system that is being presented is intended to be deployed in scenarios in which medical professionals and patients are physically separated by a substantial distance and it is vital to supply the medical professional with detailed information regarding the temperature and heart rate of the patient In particular the system is designed to be utilized in settings in which it is necessary to supply the medical professional with information regarding the temperature of the patient as well as their heart rate
