Washburne,Maiken Derno,2013-04-15 Why are some popular musical forms and performers universally reviled by critics and ignored by scholars despite enjoying large scale popularity How has the notion of what makes good or bad music changed over the years and what does this tell us

about the writers who have assigned these tags to different musical genres Many composers that are today part of the classical canon were greeted initially by bad reviews Similarly jazz country and pop musics were all once rejected as bad by the academy that now has courses on these and many other types of music This book addresses why this is so through a series of essays on different musical forms and performers It looks at alternate ways of judging musical performance beyond the critical academic nexus and suggests new paths to follow in understanding what makes some music popular even if it is judged to be bad For anyone who has ever secretly enjoyed ABBA Kenny G or disco Bad Music will be a guilty pleasure

Representing Black Music Culture Bill Banfield, 2011-10-07 In this collection of essays interviews and profiles William Banfield reflects on his life as a musician and educator as he weaves together pieces of cultural criticism and artistry all the while paying homage to Black music of the last 40 years and beyond In *Representing Black Music Culture Then Now and When Again* Banfield honors the legacy of artists who have graced us with their work for more than half a century The essays and interviews in this collection are enhanced by seven years of daily diary entries which reflect on some of the country's most respected Black composers recording artists authors and cultural icons These include Ornette Coleman Bobby McFerrin Toni Morrison Amiri Baraka Gordon Parks the Marsalis brothers Spike Lee Maya Angelou Patrice Rushen and many others Though many of the individuals Banfield lauds are well known to most readers he also turns his attention to musicians and artists whose work while perhaps unheralded by the world at large are no less deserving of praise and respect for their contributions to the culture In addition this volume is filled with candid photographs of many of these fellow artists as they participate in expressive culture whether on stage on tour in clubs behind the scenes in rehearsal or even during meals and teaching class This unique book of essays interviews diary entries and Banfield's personal photographs will be of interest to scholars and students of course but also to general readers interested in absorbing and appreciating the beauty of Black culture Superstations, Bradley Joseph, *The Broadcast Decency Enforcement Act of 2004* United States.
