Ponzini, 2019-02-05 Cities of the Arabian Peninsula reveal contradictions of contemporary urbanization The fast growing cities of the Persian Gulf are whatever else they may be indisputably sensational The world s tallest building is in Dubai the 2022 World Cup in soccer will be played in fantastic Qatar facilities Saudi Arabia is building five new cities from scratch the Louvre the Guggenheim and the Sorbonne as well as many American and European universities all have handsome outposts and campuses in the region Such initiatives bespeak strategies to diversify economies and pursue grand ambitions across the Earth Shining special light on Dubai Abu Dhabi and Doha where the dynamics of extreme urbanization are so strongly evident the authors of The New Arab Urban trace what happens when money is plentiful regulation weak and labor conditions severe Just how do authorities in such settings reconcile goals of oft claimed civic betterment with hyper segregation and radical inequality How do they align cosmopolitan sensibilities with authoritarian rule How do these elite custodians arrange tactical alliances to protect particular forms of social stratification and political control What sense can be made of their massive investment for environmental breakthrough in the midst of world class ecological mayhem To address such questions this book s contributors place the new Arab urban in wider contexts of trade technology and design Drawn from across disciplines and diverse home countries they investigate how these cities import projects plans and structures from the outside but also how increasingly Gulf originated initiatives disseminate to cities far afield Brought together by noted scholars sociologist Harvey Molotch and urban analyst Davide Ponzini this timely volume adds to our understanding of the modern Arab metropolis as well as of cities more generally Gulf cities display development patterns that however unanticipated in the standard paradigms of urban scholarship now impact the world *Cities in the Sky* Jason M. Barr, 2024-05-14 From one of the world s top experts on the economics of skyscrapers a fascinating Daily Mail London and informative Publishers Weekly account of the ever growing quest for super tall buildings across the globe The world s skyscrapers have brought us awe and wonder and yet they remain controversial for their high costs shadows and overt grandiosity But decade by decade they keep getting higher and higher What is driving this global building spree of epic

proportions In *Cities in the Sky* author Jason Barr provides an enjoyable expansive study of a subject he loves Kirkus Reviews explaining why they appeal to cities and nations how they get financed why they succeed economically and how they change a city's skyline and enable the world's greatest metropolises to thrive in the 21st century From the Empire State Building 1 250 feet to the Shanghai Tower 2 073 feet and everywhere in between Barr explains the unique architectural and engineering efforts that led to the creation of each structure Along the way he visits and unpacks some surprising myths about the earliest skyscrapers and the growth of American skylines after World War II which incorporated a new suite of technologies that spread to the rest of the world in the 1990s Barr also explores why London banned skyscrapers at the end of the 19th century but then embraced them in the 21st and explains how Hong Kong created the densest cluster of skyscrapers on the planet Also covered is the dramatic result of China's skyscraper fever and then on to the Arabian Peninsula to see what drove Dubai to build the world's tallest building the Burj Khalifa which at 2 717 feet is higher than the new One World Trade Center in New York by three football fields Filled with fascinating details for urbanists architecture buffs and urban design enthusiasts alike *Cities in the Sky* masterfully weaves together the history myths economics and engineering behind the most iconic structures across the world's skylines to showcase the ambition ingenuity and vision that encourage us to build higher and bolder Grady Hillhouse creator of Practical Engineering
