The Underground Railroad in the Adirondack Town of Chester Donna Lagoy, Laura Seldman, 2016-09-05 The Town of Chester in upstate Warren County New York was a secret haven for runaway slaves escaping to Canada along the Underground Railroad The small Adirondack town holds as many as nine confirmed or suspected sites where fugitives once found shelter Stories abound of residents discovering secret rooms containing beds and other artifacts within their homes The first abolitionist pastor of the Darrowsville Wesleyan Church Reverend Thomas Baker reportedly hid fugitive slaves in the parsonage Color photographs and interviews with current residents illuminate the region's hidden history with the Underground Railroad movement With the support of the Historical Society of the Town of Chester Donna Lagoy and Laura Seldman reveal these courageous stories of local families who risked everything in the pursuit of freedom for all **School Library Journal**, 2004 [The Underground Railroad](#) Michael Burgan, Philip Schwarz, 2006 Describes the system by which black slaves escaped captivity in the southern United States *Race and Ethnicity* Rodney D. Coates, 2004-10-01 Race and ethnicity much like water and air are all around us Yet race and ethnicity remain impervious to many of us Hence in this volume authors were challenged to think outside the box As such scholars were encouraged to dare to contemplate to evaluate and analyze issues regarding race and ethnicity from radically different perspectives This critical process required them to evaluate their own assumptions and those of their respective disciplines Therefore much like walking a tight rope without a net the scholars attempt to free themselves from the disciplinarian blinders that often preclude the development of fresh insights Collectively the papers challenge the way we conceive and perceive of race and ethnicity As a consequence they go past the ideological constraints that normally limit such discourse by disciplinarian boundaries or disciplinarian

myopia Therefore these papers provide a critical reappraisal of race and ethnicity *The Black Revolts* Joseph W. Scott, 1976 How was racism institutionalized in the United States What strategies have black people used in their struggle for liberation and equality Joseph Scott addresses these weighty questions from the perspective that at its core racism is a legal political problem in which blacks and whites have been assigned to separate legal estates He enumerates three different forms of exploitation to which black people have been subjected and seven basic strategies they have used to combat slavery and institutional racism **The Border** James Laxer, 2010-05-14 Insightful prescient and often funny The Border explores what it means to be Canadian and what Canada means to the giant to our south If good fences make good neighbours do we have the sort of fence that will allow us to maintain neighbourly relations with the world's only superpower In The Border well known political scientist and journalist James Laxer explores this question by taking the reader on a compelling 5000 mile journey into culture politics history and the future of Canadian sovereignty Long ignored or celebrated as the world's longest undefended border the line between us and the US is now a stress point The attacks on the World Trade Center announced to the world that North America is no longer a quiet neighbourhood and made our relationship with the US one of the most pressing questions facing Canadians The porousness of the border is sure to be more problematic as the world becomes more troubled Canadian officials complain of American pornography drugs untaxed cigarettes and especially guns moving northwards For their part the FBI and US Customs Service blame Canada for the infiltration of Chinese gangs smuggling immigrants and more urgently third world terrorist cells based north of the border Drawing deeply from history and anecdote Laxer shows that for all our neighbourly good will the Canada US border has been contentious since the American War of Independence In the mid 1800s the Americans tried to seize the west coast up to the 54th parallel On the other hand until 1931 the Canadian Army's Defence Scheme Number One was to launch a surprise attack on the US with Mexico and Japan as allies But beyond the fraught politics of the border Laxer discovers another legacy as well Travelling the country from Campobello island in the east to Richmond BC in the west all the way up to the Alaska panhandle in the north Laxer meets people who live within a stone's throw of the foreigners on the other side and who share with him tales of friendship and rivalry smuggling and trade that have shaped the character of their communities
