John F. Porte, 2017-08-23 Trieste Publishing has a massive catalogue of classic book titles Our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time The many thousands of books in our collection have been sourced from libraries and private collections around the world The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original Our readers see the books the same way that their first readers did decades or a hundred or more years ago Books from that period are often spoiled by imperfections that did not exist in the original Imperfections could be in the form of blurred text photographs or missing pages It is highly unlikely that this would occur with one of our books Our extensive quality control ensures that the readers of Trieste Publishing s books will be delighted with their purchase Our staff has thoroughly reviewed every page of all the books in the collection repairing or if necessary rejecting titles that are not of the highest quality This process ensures that the reader of one of Trieste Publishing s titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers Generally Trieste books are purchased singly on demand however they may also be purchased in bulk Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates

Edward MacDowell: A Great American Tone Poet, His Life and Music

John Fielder Porte, 2019-12-19 In *Edward MacDowell A Great American Tone Poet His Life and Music* John Fielder Porte offers a comprehensive exploration of the life and artistic contributions of Edward MacDowell one of America s foremost composers in the late 19th and early 20th centuries The book melds biographical narrative with musicological analysis presenting MacDowell s innovative spirit and the cultural context of his work Porte employs a scholarly yet accessible literary style that reflects an impassioned understanding of MacDowell s integration of American themes into classical music highlighting key compositions that resonate with natural and emotional landscapes John Fielder Porte an esteemed musicologist and passionate advocate for American classical music draws upon his extensive research and personal affinity for MacDowell s oeuvre His academic journey likely converged with MacDowell s music through a commitment to uncovering the American musical identity during a time often overshadowed by European influences Porte s insights on the musician s influences and

challenges provide a nuanced understanding of MacDowell's legacy. This work is a compelling recommendation for music lovers, scholars, and those interested in the evolution of American musical expression. Porte's meticulous examination not only celebrates MacDowell's achievements but also strengthens the reader's appreciation for the profound connections between music and the American experience.

Poems John Poch, 2004

The Ada Poems Cynthia Zarin, 2010

These electric poems are set in a Nabokovian landscape of memory in which real places, people, and things—the exploration of the Hudson River, Edwardian London, sunflowers, Chekhov, Harlem decks of cards, the death of Solzhenitsyn, morpho butterflies—collide with the speaker's own protean tale of desire and loss.

The Poems of Vikram Babu Jesús Aguado, 2009

Poetry Translated from the Spanish by Electa Arenal and Beatrix Gates

In this uniquely provocative collection, award-winning Spanish poet Jesús Aguado adopts the voice of Vikram Babu, a seventeenth-century Indian mystic and basket weaver who guides the reader on an irreverent and enjoyable truth-seeking mission. Each of these fifty fable-like poems ends with Vikram Babu posing a question for his audience, inviting us to take part in the work and let our own responses transform the meaning of the poem. Through the wry observations of his invented persona, Aguado gently unmasks human frailty and hypocrisy, revealing a world of twisted contradictions.

THE POEMS OF VIKRAM BABU Aguado extends us an affable, whimsical welcome to a complex universe, an unforgettable world of slanted delight.

Lines of Defense: Poems Stephen Dunn, 2014-01-06

Stephen Dunn has taken his place among our major indispensable poets. Miami Herald

In his seventeenth collection of poetry, Pulitzer Prize winner Stephen Dunn confronts the lines we fight against and the ones we draw for ourselves. *Lines of Defense* poignantly captures the absurdities of modern life: expectations derailed, the lived life juxtaposed to the imagined life, and the defenses we don to make do. The poems in *Lines of Defense* are wry and elegiac, precisely observed and wide-reaching. As with the best of Dunn's work, they take stock of the quotidian aspects of life, of the essential comedy of getting through the day, finding a lost cat, not being invited to a party, taking a granddaughter to a carnival. The lines of defense are the lines of the verse itself; as poetry forms a stronghold against mortality, this essential volume showcases a poet writing at the height of his powers.

Before We Leave Where are we going? It's not an issue of here or there. And if you ever feel you can't take another step, imagine how you might feel to arrive if not wiser, a little more aware, how to inhabit the middle ground between misery and joy.

Edward MacDowell's European Piano Music Paul Bertagnolli, 2024-09-10

Edward MacDowell's *European Piano Music* is a critical study of the piano music that MacDowell composed during his European sojourn, 1876-1888, steeped in reception history and with a special emphasis on programmaticism. The book expands current knowledge of MacDowell's childhood in four of the chapters, based on his previously uninvestigated sheet music collection, thereby achieving a better balance among the stages of MacDowell's life than is evident in most books of the life and works variety. Prolific contemporaneous music criticism, meticulously preserved in MacDowell's scrapbooks, is likewise undervalued in the MacDowell literature, but it furnishes penetrating observations

about the expressive and programmatic content of numerous compositions especially as it was revealed to critics when MacDowell performed his own works Lastly the book offers explanations for why MacDowell immersed himself in European culture for decades and then at a crucial juncture in his career embraced diverse American heritages and worked toward a conception of a pluralistic music that was American in a creative sense The book s content and methodology would appeal most directly to specialists within the broad fields of musicology and music theory particularly within American art music and its composers nineteenth century music program music reception history and piano literature *Greatest Hits #259*
