The Magic King Chuck Hillig, 1984-10-01 The magic king is bored living in his kingdom all by himself and decides to create a queen and subjects to keep him entertained [The Magic King](#) Black Dot Publications, Chuck Hillig, 2004-08

Greatness and success: Magicking Failure Mark John Flores, *Solar Shock* Calvin Woodill, 2014-07-08 **The Quest for the Dark Tower** Alissa Burger, 2021-04-09 A sprawling epic that encompasses many worlds parallel and alternate timelines and the echoes between these disconnects Stephen King's Dark Tower series spans the entirety of King's career from *The Gunslinger* limited edition 1982 revised in 2003 to *The Wind Through the Keyhole* 2012 The series has two distinctive characteristics its genre hybridity and its interconnection with the larger canon of King's work The Dark Tower series engages with a number of distinct and at times dissonant genre traditions including those of Arthurian legend fairy tales the fantasy epic the Western and horror The Dark Tower series is also significant in its cross references to King's other works ranging from overt connections like characters or places to more subtle allusions like the sigil of the Dark Tower's Crimson King appearing in the graffiti of other realities This book examines these connections and genre influences to consider how King negotiates and transforms these elements why they matter and the impact they have on one another and on King's work as a whole *Sources of the Grail* John Matthews, 1997 Still stands the destined Knight aloof in his passionate patience His hand over his eyes Is he doomed to fulfil or fail Shall he dare the hells and the heavens of the strange illuminations Initiate at last of the dread mysterious Graal The editor John Matthews tells us that at the beginning of the twelfth century the poet Chrétien de Troyes composed a poem he called *Il Conte del Graal* The Story of the Grail It told the story of a search taken up by a simple young man who was brought up away from the ways of ordinary people His search was for a mysterious object known as the Graal but Chrétien left the poem unfinished dying before he could complete it thus creating a mystery that has stirred the imagination of countless seekers ever since The Grail may be almost anything or it may be something that has no form at all or even exist in our world The important thing is that it provides an object for personal search for growth and human development We are dealing here with high things with a Mystery that is almost too much for us But we can learn and grow from studying it and by sharing the adventure of the Quest *Sources of the Grail* is the most complete anthology of Grail texts available Organized into three parts the first deals with the Celtic sources the second presents the medieval quest and part three continues the search and represents some of the most far reaching and deepest contemporary Grail seekers Anyone interested in Western spiritual traditions will find this a valuable thought provoking resource [Religion and Ideology in Assyria](#) Beate Pongratz-Leisten, 2015-09-25 Addressing the relationship between religion and ideology and drawing on a range of literary ritual and visual sources this book reconstructs the cultural discourse of Assyria from the third through the first millennium BCE Ideology is delineated here as a subdiscourse of religion rather than as an independent category anchoring it firmly within the religious world view Tracing Assur's cultural

interaction with the south on the one hand and with the Syro Anatolian horizon on the other this volume articulates a northern cultural discourse that even while interacting with southern Mesopotamian tradition managed to maintain its own identity It also follows the development of tropes and iconic images from the first city state of Uruk and their movement between myth image and royal inscription historiography and myth and myth and ritual suggesting that with the help of scholars key royal figures were responsible for introducing new directions for the ideological discourse and for promoting new forms of historiography
