Magic of Conflict Thomas Crum, 1988 The Open Hand Barry M. Kroll, 2013-11-15 Based on five years of classroom experimentation The Open Hand presents a highly practical yet transformational philosophy of teaching argumentative writing In his course Arguing as an Art of Peace Barry Kroll uses the open hand to represent an alternative approach to argument asking students to argue in a way that promotes harmony rather than divisiveness and avoiding conventional conflict based approaches Kroll cultivates a bodily investigation of noncombative argument offering direct pedagogical strategies anchored in three modalities of learning conceptual procedural kinesthetic and contemplative and projects activities assignments informal responses and final papers for students Kinesthetic exercises derived from martial arts and contemplative meditation and mindfulness practices are key to the approach with Kroll specifically using movement as a physical analogy for tactics of arguing Collaboration mediation and empathy are important yet overlooked values in communicative exchange This practical engaging and accessible guide for teachers contains clear examples and compelling discussions of pedagogical strategies that teach students not only how to write persuasively but also how to deal with personal conflict in their daily lives

Spiritual Renaissance Susan Minnaar, 2007-06-19 This book draws upon the legacy of wisdom from ancient manuscripts which can have a profound impact on your life Mankind is oblivious to the extent of the devastation bestowed on the environment and the fact that we are jeopardising the survival of future generations There has never been so much violence crime corruption murder and war in the history of mankind In spite of our triumphs in terms of scientific discoveries we are deprived of physical emotional and spiritual well being The state of the outer world reflects the condition of our inner world This book provides the reader with a renewed epiphany and insight into the extent to which we have strayed from our authentic self or true essence Our main obstacles are ignorance apathy and complacency We are morally bankrupt and the solution to our problem is a soul union Most people are unaware of the fact that we all have the ability to tap into the realm of Divine Universal Energy that surrounds us We have the ability to live from a soul level to connect with the sacred and to increase our awareness The possibility of perfect health serenity and inner peace exists within the Spiritual Realm The choice to live in this Realm and in harmony with the Universal Laws comes with certain responsibilities This book offers guidelines which will assist you to live with increased joy purpose passion and meaning Applying these principles can make the difference between surviving and thriving
