[The Reality Effect](#) Joel Black, 2013-08-21. It used to be only movies were on film; now the whole world is. The most intimate and most banal moments of our lives are constantly recorded for public consumption. In *The Reality Effect*, Joel Black argues that the desire to make visible every aspect of our lives is an impulse derived from cinema, one that has made life both more graphic and less real. He approaches film as a documentary medium that has obscured if not obliterated the line between reality and fiction. To illustrate this effect, Black traces the uncanny interplay between movies and real-life events through a series of comparative analyses: from *Lolita* and the murder of JonBenét Ramsey to *Wag the Dog* and the Clinton scandal to *Crash* and Princess Diana's violent death.

Color It True Murray Pomerance, 2021-12-16. This often startlingly original book introduces a new way of thinking about color in film, as distinct from existing approaches which tend to emphasize either technical processes and/or histories of film coloration or the meanings of color as metaphor or symbol or else part of a broader signifying system. Murray Pomerance's latest meditation on cinema has the author embed himself in various ways of thinking about color, not ways of framing it as a production trick or a symbolic language, but ways of wondering how the color effect onscreen can work in the act of viewing. Pomerance examines many issues, including acuity, dreaming, interrelationships, saturations, color contrasts, color and performance, color as a performance aid or even performance substitute, and more. The lavender of the photographer's seamless in Antonioni's *Blow Up*, taken in itself as an explosion of color, worked into form and then considered both as part of the story and part of our experience. The 14 chapters of this book each discuss a single primary color as regards to our experience of cinema. After opening the idea of such an exploration in terms of the history of our apprehension and the variation in our experience that color germinates, *Color It True* takes form.
