

The Making Of Americas Soviet Policy

Patt Leonard, Rebecca Routh

The Making Of Americas Soviet Policy:

American-Soviet Relations Peter G. Boyle, 2022-12-28 *American Soviet Relations* 1993 is a study of American policy towards the Soviet Union from 1917 to the fall of Communism. It attempts to understand what precisely were the roots of the Cold War and an analysis of the later relationship in the light of the Soviet Union's evolution since the Revolution. It argues that American policy was shaped not only by the external threat from the USSR but also by internal forces within American society: domestic politics, economic interests, emotional and psychological attitudes, and images of the Soviet Union.

Globalizing Human Rights Christian Peterson, 2012-03-12 *Globalizing Human Rights* explores the complexities of the role human rights played in U.S.-Soviet relations during the 1970s and 1980s. It will show how private citizens exploited the larger effects of contemporary globalization and the language of the Final Act to enlist the U.S. government in a global campaign against Soviet Eastern European human rights violations. A careful examination of this development shows the limitations of existing literature on the Reagan and Carter administrations' efforts to promote internal reform in the USSR. It also reveals how the Carter administration and private citizens, not Western European governments, played the most important role in making the issue of human rights a fundamental aspect of Cold War competition. Even more important, it illustrates how each administration made the support of non-governmental human rights activities an integral element of its overall approach to weakening the international appeal of the USSR. In addition to looking at the behavior of the U.S. government, this work also highlights the limitations of arguments that focus on the inherent weakness of Soviet dissent during the early to mid 1980s. In the case of the USSR, it devotes considerable attention to why Soviet leaders failed to revive the international reputation of their multinational empire in face of consistent human rights critiques. It also documents the crucial role that private citizens played in shaping Mikhail Gorbachev's efforts to reform Soviet-style socialism.

The Carter Presidency John Dumbrell, 1995
With its associated images of the Iranian hostage crisis, the presidency of Jimmy Carter from 1977 to 1981 is often regarded as a nadir in modern American national leadership. In this re-evaluation, John Dumbrell looks at Carter's years in the White House from a post-cold war perspective and argues that Carter was neither incompetent nor lacking in a compassionate vision.

The World Island Alexandros Petersen, 2011-02-18 Both a historical analysis and a call to arms, this is the comprehensive policy guide to understanding and engaging in the geopolitics of Eurasia. The 20th century was dominated by three visions of Eurasian geopolitics: The World Island, Containment, and Prometheism. *The World Island: Eurasian Geopolitics and the Fate of the West* posits a fourth vision of Eurasian geopolitics: the 21st-century Geopolitical Strategy for Eurasia. Through an original and comprehensive analysis and synthesis of the ideas of Sir Halford Mackinder, George Kennan, and Jozef Pilsudski, this title reestablishes fundamental Western strategy objectives. It analyzes the state of and potential for Western engagement with China, Afghanistan, Turkey, Russia, and other Eurasian states and sets out what is at stake for the West in the Eurasian theater. Promoting a robust strategy to further and protect essential Western values, the author argues

for the development of trade and energy links coupled with the promotion of good governance and the facilitation of policy independence integration and Western orientation among the Eurasian nations

International and Regional Security

Benjamin Miller, 2016-11-10 This volume is a collection of the best essays of Professor Benjamin Miller on the subjects of international and regional security The book analyses the interrelationships between international politics and regional and national security with a special focus on the sources of international conflict and collaboration and the causes of war and peace More specifically it explains the sources of intended and unintended great power conflict and collaboration The book also accounts for the sources of regional war and peace by developing the concept of the state to nation balance Thus the volume is able to explain the variations in the outcomes of great power interventions and the differences in the level and type of war and peace in different eras and various parts of the world For example the book's model can account for recent outcomes such as the effects of the 2003 American intervention in Iraq the post 2011 Arab Spring and the conflicts between Russia and Ukraine The book also provides a model for explaining the changes in American grand strategy with a special focus on accounting for the causes of the invasion of Iraq in 2003 Finally the book addresses the debate on the future of war and peace in the 21st century This book will be essential reading for students of international security regional security Middle Eastern politics foreign policy and IR

New Issues In International Crisis Management Gilbert R. Winham, 2020-01-31 A comprehensive overview of the state of crisis management in international affairs this book focuses primarily on the U S USSR relationship For most of the postwar period the U S superiority in nuclear weapons shaped the political structure within which international crises occurred This edge began to deteriorate by the late 1970s leading to a new and potentially more dangerous structure within which the superpower rivalry is now conducted Arguing that the shifting nuclear balance has created a new dimension for crisis management the contributors analyze such issues as the informal norms of diplomatic behavior that have evolved during the extended superpower rivalry the tendency of both superpowers to engage in activities that progressively reduce crisis stability and various concrete measures such as risk reduction centers that might enhance the current system for crisis management The book also includes case studies of crisis management among non superpowers Taken together these papers address the important question of how human control can be maximized in situations of international crisis

East-West Trade and the Atlantic Alliance Helen V. Milner, David A. Baldwin, 1990-10-19

The Promise of Alliance Ian Q.R. Thomas, 1997-08-28 The nature and function of the North Atlantic Treaty Organization NATO are uncertain now that the alliance has accomplished its primary objective of defending Western Europe from the perceived Soviet threat Despite uncertainty about NATO's role in the post Cold War world its political and military leaders agree that it can continue to play a vital part in enhancing European security and maintaining international stability This superb analysis explores the evolving functions and future directions of this unique organization paying particular attention to the political cultures and goals of its member states The Promise of Alliance is important reading for

students and scholars of international relations foreign affairs and political theory **America in the World** Frank Costigliola, Michael J. Hogan, 2013-12-23 This volume includes historiographical surveys of American foreign relations since 1941 by some of the country's leading historians Some of the essays offer sweeping overviews of the major trends in the field of foreign international relations history Others survey the literature on US relations with particular regions of the world or on the foreign policies of presidential administrations The result is a comprehensive assessment of the historical literature on US foreign policy that highlights recent developments in the field **The American Bibliography of Slavic and East European Studies for 1994** Patt Leonard, Rebecca Routh, 1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs **The New Cambridge History of American Foreign Relations: Volume 4, Challenges to American Primacy, 1945 to the Present** Warren I. Cohen, 2013-05-13 Since their first publication the four volumes of the Cambridge History of American Foreign Relations have served as the definitive source for the topic from the colonial period to the Cold War The fourth volume of the updated edition explores the conditions in the international system at the end of World War II the American determination to provide leadership and the security dilemma each superpower posed for the other This revised and expanded edition incorporates recent scholarship and revelations carrying the narrative through the years following the end of the Cold War into the administration of Barack Obama The character of the American political system is explored including the separation of political powers and the role of interest groups that prompted American leaders to exaggerate dangers abroad to enhance their domestic power This new edition examines the conditions in the international system from the end of World War II to the present focusing on the American determination to provide world leadership **American Hegemony and World Oil** Simon Bromley, 1991 This volume provides a new theoretical framework for understanding both the development of the international oil industry and the role played by oil in the emergence of US postwar hegemony As such it directly addresses contemporary developments in international relations theory and the recent debates over the character and longevity of United States hegemony While providing a narrative account of the oil industry from its origins in the nineteenth century through to the present the main focus of American Hegemony and World Oil is an analytic treatment of the postwar period Drawing widely on political economy international relations and the recent literature on the state the book offers a comprehensive study of the connections between United States hegemony and the international oil industry The book begins with a critical discussion of theoretical approaches in political economy international relations and state theory which have informed discussions of the oil industry Bromley goes on to survey the early emergence of the industry and its interwar consolidation the ordering of the postwar industry under United States leadership and the crisis of the 1970s The book ends with an examination of the post OPEC restructuring and the current strategies of the US Japan Europe OPEC and

the USSR This book will be of interest to students of political economy international relations and political sociology *The Kremlinologist* Jenny Thompson, Sherry Thompson, 2018-03 *The Kremlinologist* chronicles major events of the Cold War through the prism of the life of one of its top diplomats Llewellyn Thompson His life went from the wilds of the American West to the inner sanctums of the White House and the Kremlin As the ambassador to Moscow he became an important advisor to presidents and a key participant in major twentieth century events including the Cuban Missile Crisis and the Vietnam War Yet unlike his contemporaries McGeorge Bundy and George C Marshall who considered Thompson one of the most crucial actors in the Cold War and the unsung hero of the Cuban Missile Crisis he has not been the subject of a major biography until now Thompson's daughters Jenny Thompson Vukacic and Sherry Thompson set out to document their father's life as thoroughly as possible Relying on primary sources and interviews they received generous assistance from archivists historians and colleagues of their father They also acquired documents and information from Russian archives including the KGB archives As family they had unprecedented access to his FBI dossier State Department personnel files family archives letters diaries speeches and documents Their original research brings new material to light including important information on the U 2 Kennan's containment policy and Thompson's role in US covert operations machinery The book refutes historical misinterpretations of events in the Berlin Crisis the Austrian State Treaty and the Cuban Missile Crisis Provided by publisher

The Transformation of American International Power in the 1970s Barbara Zanchetta, 2014 Barbara Zanchetta analyzes the evolution of American Soviet relations during the 1970s from the rise of détente during the Nixon administration to the policy's crisis and fall during the final years of the Carter presidency This study traces lines of continuity among the Nixon Ford and Carter administrations and assesses its effects on the ongoing redefinition of America's international role in the post Vietnam era Against the background of superpower cooperation in arms control Dr Zanchetta analyzes aspects of the global bipolar competition including U S China relations the turmoil in Iran and Afghanistan and the crises in Angola and the Horn of Africa In doing so she unveils both the successful transformation of American international power during the 1970s and its long term problematic legacy *Annual Report* Woodrow Wilson International Center for Scholars, 1980 **The**

American Century and Beyond George C. Herring, 2017-01-23 In his last years as president of the United States an embattled George Washington yearned for a time when his nation would have the strength of a Giant and there will be none who can make us afraid At the turn of the twentieth century the United States seemed poised to achieve a position of world power beyond what even Washington could have imagined In *The American Century and Beyond* U S Foreign Relations 1893 2014 the second volume of a new split paperback edition of the award winning *From Colony to Superpower* George C Herring recounts the rise of the United States from the dawn of what came to be known as the American Century This fast paced narrative tells a story of stunning successes and tragic failures illuminating the central importance of foreign relations to the existence and survival of the nation Herring shows how policymakers defined American interests broadly to include

territorial expansion access to growing markets and the spread of the American way of life He recounts the United States domination of the Caribbean and Pacific its decisive involvement in two world wars and the eventual victory in the half century Cold War that left it after the collapse of the Soviet Union the world's lone superpower But the unipolar moment turned out to be stunningly brief Since the turn of the twenty first century conflicts in Afghanistan and Iraq and the emergence of nations such as Brazil Russia India and China have left the United States in a position that is uncertain at best A new chapter brings Herring's sweeping narrative up through the Global War on Terror to the present

The Presidency of Richard Nixon Melvin Small, 1999 A lively anecdotal account features every facet of Nixon's controversial administration just in time for the 25th anniversary of his history making resignation from the presidency 23 photos

The Cambridge History of the Cold War: Volume 3, Endings Melvyn P. Leffler, Odd Arne Westad, 2012-01-26 Volume III of The Cambridge History of the Cold War examines the evolution of the conflict from the Helsinki Conference of 1975 until the Soviet collapse in 1991 A team of leading scholars analyzes the economic social cultural religious technological and geopolitical factors that ended the Cold War and discusses the personalities and policies of key leaders such as Brezhnev Reagan Gorbachev Thatcher Kohl and Deng Xiaoping The authors show how events throughout the world shaped the evolution of Soviet American relations and they explore the legacies of the superpower confrontation in a comparative and transnational perspective Individual chapters examine how the Cold War affected and was affected by environmental issues economic trends patterns of consumption human rights and non governmental organizations The volume represents the new international history at its best emphasizing broad social economic demographic and strategic developments while keeping politics and human agency in focus

The Soviet Paradox Seweryn Bialer, 1986

Revolution And Counterrevolution In Central America And The Caribbean Donald E Schulz, Douglas H Graham, 2019-07-09 A detailed examination of the roots of revolution and counterrevolution in Central America and the Caribbean this book draws on the research of an interdisciplinary team of noted scholars The authors give special attention to the institutional and structural causes of stability and instability in particular the traditional role of the United States the current economic crisis the changing role of the Roman Catholic church the influence of the military and security forces the oligarchy and the business sector the problems of instituting socioeconomic reform the politics of subsistence and the revolutionary opposition Following the thematic chapters a country by country focus is employed to assess the situations in El Salvador Guatemala Nicaragua Honduras Costa Rica and Jamaica and a section devoted to the international dimensions of the crisis looks at Mexican Soviet Cuban and U S policies toward the region The editors concluding chapter explores prospects for the future of this troubled area

Yeah, reviewing a books **The Making Of Americas Soviet Policy** could go to your near friends listings. This is just one of the solutions for you to be successful. As understood, expertise does not suggest that you have extraordinary points.
