The Making Of Lloyd George

William Richard Philip George

The Making Of Lloyd George:

The Making of Lloyd George William Richard Philip George, 1976-01-01 *The Making of the First World War* Ian F. W. Beckett, 2012-11-15 Nearly a century has passed since the assassination of Austria Hungary's Archduke Ferdinand yet the repercussions of the devastating global conflict that followed echo still In this provocative book historian Ian Beckett turns the spotlight on twelve particular events of the First World War that continue to shape the world today Focusing on episodes both well known and scarcely remembered Beckett tells the story of the Great War from a new perspective stressing accident as much as strategy the small as well as the great the social as well as the military and the long term as much as the short term *The Making of the First World War* is global in scope The book travels from the deliberately flooded fields of Belgium to the picture palaces of Britain's cinema from the idealism of Wilson's Washington to the catastrophic German Lys offensive of 1918 While war is itself an agent of change Beckett shows the most significant developments occur not only on the battlefields or in the corridors of power but also in hearts and minds Nor may the decisive turning points during years of conflict be those that were thought to be so at the time With its wide reach and unexpected conclusions this book revises and expands our understanding of the legacy of the First World War *The Making of Modern Britain* Andrew Marr, 2009-10-02 In *The Making of Modern Britain* Andrew Marr paints a fascinating portrait of life in Britain during the first half of the twentieth century as the country recovered from the grand wreckage of the British Empire Between the death of Queen Victoria and the end of the Second World War the nation was shaken by war and peace The two wars were the worst we had ever known and the episodes of peace among the most turbulent and surprising As the political forum moved from Edwardian smoking rooms to an increasingly democratic Westminster the people of Britain experimented with extreme ideas as they struggled to answer the question How should we live Socialism Fascism Feminism Meanwhile fads such as eugenics vegetarianism and nudism were gripping the nation while the popularity of the music hall soared It was also a time that witnessed the birth of the media as we know it today and the beginnings of the welfare state Beyond trenches flappers and Spitfires this is a story of strange cults and economic madness of revolutionaries and heroic inventors sexual experiments and raucous stage heroines From organic food to drugs nightclubs and celebrities to package holidays crooked bankers to sleazy politicians the echoes of today's Britain ring from almost every page **The Biography Book** Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E's Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special

features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals

The Great War and the Making of the Modern World Jeremy Black,2011-03-17 This new work demonstrates how the outcome of the First World War has formed the modern world we live in today The First World War was the Great War for its leading participants In revisiting the events of 1914 1918 a century on Jeremy Black considers how we now look at the impact of the conflict across the globe and how it came to be World War I in our consciousness For millions both soldiers and civilians the conflict proved fatal The suffering and loss of the war provides much of its resonance and significance but this book seeks to throw light beyond this not least in asking how it ended in victory and defeat Casting aside the conventional narrative Jeremy Black returns to a vast range of original sources and investigates not only the key events of the war but its consequences in restructuring the old order As its significance has changed with time and not only with the loss of first hand testimony Black considers the struggle not only in its historical context but through its memorialisation today Public

Speech and the Culture of Public Life in the Age of Gladstone Joseph S. Meisel,2001 American Historical Review David Lloyd George Jerry Gaw,2023-02-22 Unlike available biographies of David Lloyd George Jerry Gaw s study focuses on the popular British statesman s religious convictions and his lifelong adherence to Churches of Christ doctrine Gaw explores the way George applied Christian principles to the diplomatic and military crises he encountered beginning with his time in the British legislature Gaw s interpretation of George is largely based on the latter s eleven diaries and more than 3 000 letters written to his brother from 1886 1943 These diaries and letters have been little explored by modern biographers of George Gaw s deep analysis presents an entirely different perspective on David Lloyd George and explains in part how he came to the decisions now enshrined in the annals of political history The ^AGlobal Lincoln Richard Carwardine,Jay

Sexton,2011-08-05 More than any other American historical figure Abraham Lincoln towers over the global landscape a leader who spoke and continues to speak to people around the world The Global Lincoln tells the unknown and remarkable story of this great president s worldwide legacy Edited by acclaimed Lincoln biographer Richard Carwardine and Jay Sexton this fascinating volume brings together leading historians from around the globe to explore the image and influence of Lincoln in places ranging from Germany to Japan India Ireland Africa and Argentina **The Making of the Atomic Bomb** Richard Rhodes,2012-06-12 Winner of the Pulitzer Prize the National Book Award and the National Book Critics Circle Award The definitive history of nuclear weapons from the turn of the century discovery of nuclear energy to J Robert Oppenheimer and the Manhattan Project this epic work details the science the people and the sociopolitical realities that led to the development of the atomic bomb This sweeping account begins in the 19th century with the discovery of nuclear fission and continues to World War Two and the Americans race to beat Hitler s Nazis That competition launched the Manhattan Project and the nearly overnight construction of a vast military industrial complex that culminated in the fateful dropping of the first bombs on Hiroshima and Nagasaki Reading like a character driven suspense novel the book introduces the players in this

saga of physics politics and human psychology from FDR and Einstein to the visionary scientists who pioneered quantum theory and the application of thermonuclear fission including Planck Szilard Bohr Oppenheimer Fermi Teller Meitner von Neumann and Lawrence From nuclear power s earliest foreshadowing in the work of H G Wells to the bright glare of Trinity at Alamogordo and the arms race of the Cold War this dread invention forever changed the course of human history and *The Making of The Atomic Bomb* provides a panoramic backdrop for that story Richard Rhodes s ability to craft compelling biographical portraits is matched only by his rigorous scholarship Told in rich human political and scientific detail that any reader can follow *The Making of the Atomic Bomb* is a thought provoking and masterful work

A Guide to the Papers of British Cabinet Ministers 1900-1964 Cameron Hazlehurst, Sally Whitehead, Christine Woodland, 1996 *A Guide to the Papers of British Cabinet Ministers 1900 1964* is the revised and expanded edition of a volume published by The Royal Historical Society in 1974 Up to date information on the papers of 323 ministers from the first edition is provided and its scope has increased from 323 ministers to include all Cabinet ministers until the resignation of Sir Alec Douglas Home as Prime Minister in 1964 This Guide is a major research tool and a source of information on the personal papers of British Cabinet ministers

British Prime Ministers and Democracy Roland Quinault, 2011-03-17 Today representative democracy is the dominant political system in the world Britain played a prominent part in the democratization of the world through both its constitutional reforms at home and its power and influence abroad In that process Prime Ministers played a prominent role through their power and influence in government Parliament and the country more generally Quinault examines the stance of ten leading Prime Ministers from the mid nineteenth century until the twenty first century on the theory and practice of democracy The attitude of each Prime Minister is assessed by considering their general views on democracy and their use of that term and concept in their discourse and thereby their role in advancing or resisting democratic political change Particular attention is paid to their role in electoral reform together with their stance on the composition and powers of the House of Lords and the role of the monarchy in the governing process Their attitudes to the democratic aspects of some major international issues are also considered

The Making of Eretz Israel in the Modern Era Yehoshua Ben-Arieh, 2020-03-09 Napoleon s invasion of the Middle East marks the beginning of the modern era in the region This book traces the developments that led to the making of a new and separate geographical political entity in the Middle East known as Eretz Israel and the establishment of the State of Israel within its bounds Thus its time frame runs from Napoleon s invasion of Eretz Israel Palestine in 1799 to the establishment of Israel in 1948 1949 Eretz Israel as the formal name of a separate entity in the modern era first appeared in the early translations into Hebrew of the Balfour Declaration while in the original document the country was referred to as Palestine During the period of Ottoman rule the territory that would in time be called Eretz Israel Palestine was not a separate political unit Among Jews use of Eretz Israel increased only after the beginning of Zionist aliyot Had the Zionist movement not arisen it is doubtful whether the development to which this study is

devoted would have occurred The motivating force behind that process is without doubt the Zionist element That is why Jews are the major protagonists in this book The Making of Council Democracy Babak Amini,2024-09-30 Council democracy is a particular form of democratic socialism that strives towards democratic self governance on the basis of active free and associated individuals working cooperatively within a federated council system Both in political practice and in social theory council democracy has resurfaced periodically in the past most notably in the interwar period in the long 1960s and since the turn of the 21st century This book offers a novel theoretical and methodological approach to the study of council democracy It focuses on the processes that led to the emergence of two of the foundational and most radical instances of council democratic movements in Germany during the German Revolution 1918 1919 and in Italy during the biennio rosso 1919 1920 With all their diversities ambiguities and shortcomings these movements in varying degrees sought democratic alternatives to autocratic relations from local to state levels and to economic relations from workplace to national levels The book shows how the processes through which state led war mobilization transformed the contours of class struggle laid the ground for the emergence of council democratic movements with specific characteristics in Germany and Italy and not in the United Kingdom and France **Italy in the New International Order, 1917-1922** Antonio Varsori,Benedetto Zaccaria,2020-08-13 This edited collection offers the first systematic account in English of Italy s international position from Caporetto a major turning point in Italy s participation in the First World War to the end of the liberal regime in Italy in 1922 It shows that after the Great War not only did Italy establish itself as a regional power but also achieved its post unification ambition to be recognised at least from a formal viewpoint as a great power This subject is addressed through multiple perspectives covering Italy s relations and mutual perceptions vis vis the Allies the vanquished nations and the New Europe Fourteen contributions by leading historians reappraise Italy s role in the construction of the post war international order drawing on extensive multi archival and multi national research combining for the first time documents from American Austrian British French German Italian Russian and former Yugoslav archives **The Parliamentary Debates (official Report)**. Great Britain. Parliament. House of Commons,1915 Contains the 4th session of the 28th Parliament through the 1st session of the 48th Parliament Churchill on the Home Front, 1900-1955 Paul Addison,2013-01-17 The best one volume study of Churchill yet available David Cannadine Observer Magisterial Vernon Bogdanor New Statesman A tour de force A masterly chronicle of Churchill as a domestic figure rather than as the bulldog wartime leader and one of the most subtle portraits of him as a politician Addison revises the view of Churchill as uninterested and out of his depth in domestic affairs painting instead a nuanced picture of a canny parliamentarian Churchill changed parties twice but managed to accomplish the change writes Addison with exceptional dexterity making it appear as if he were maintaining his principles while the parties changed theirs Addison s most interesting assertion is that the rise of Hitler saved Churchill from drifting into right wing irrelevance Most impressively Addison doesn t settle for easy classifications admitting that Churchill is a man of whom

almost everything that can be said is true in part Kirkus Review **The American Review of Reviews** ,1917 **American Monthly Review of Reviews** Albert Shaw,1920 **A Man and an Institution** John F. Naylor,1984-07-26 drawing upon a uniquely wide range of official and private papers to examine the historical development of the Cabinet Office the custodian of Cabinet secrecy ,

Uncover the mysteries within Crafted by is enigmatic creation, Embark on a Mystery with **The Making Of Lloyd George** .
