## **The Making Of Russia:**

The Making of Modern Russia Lionel Kochan, Richard Abraham, 1983      **The Making of New Russia** Anuradha M. Chenoy, 2001      **The Making of Russia** Joan Hasler, 1969      The Making of Russia Joan Hasler, 1971      *Russia in the Making* John Lawrence, 2025-07-01 In *Russia in the Making* originally published in 1957 John Lawrence presents the long and complicated history of Russia as a living and intelligible whole from the very beginning Based on a wide knowledge of Russian history and a considerable experience of Soviet ways his book provides an admirable starting point for wider reading The author gives a clear outline which demonstrates how authoritarianism is in the tradition of Russian history Full value is given to the immense changes brought about by the revolution and the book ends with an analysis of the changes in social structure that forced Stalin's work into another mould This book demands no previous knowledge of its subject The author has used his knowledge of Soviet ways to produce from a complicated and confusing record a most readable and easily digestible narrative      **The Making of the New Martyrs of Russia** Karin Christensen, 2017-10-02 Following the end of the Soviet Union the Russian Orthodox Church has canonized a great number of Russian saints Whereas in the first millennium of Russian Christianity 988-1988 the Church recognized merely 300 Russian saints the number had grown to more than 2 000 by 2006 This book explores the remarkable phenomenon of new Russian martyrdom It outlines the process of canonization examines how saints are venerated and relates all this to the ways in which the Russian state and its people have chosen to remember the Soviet Union and commemorate the victims of its purges The book includes in depth case studies of particular saints and examines the diverse ways in which they are venerated      **The History of Russia** Charles E. Ziegler, 2009-10-13 An updated edition of the acclaimed history of Russia this new volume includes a wealth of material on events of the last decade When first published Charles Ziegler's *The History of Russia* was acclaimed as a source of information not easily found elsewhere and as clear, balanced and insightful by Rajan Menon of Lehigh University Now Ziegler's remarkable volume returns fully updated to be the work of choice for readers looking for an introduction to the history of the world's largest country *The History of Russia* Second Edition moves from the 10th century founding of Kievan Rus to the czars to the Communist Era to the present with particular emphasis on the fall of the Soviet Union and the leadership of Mikhail Gorbachev, Boris Yeltsin and Vladimir Putin In addition to a new chapter on the tumultuous last decade this edition features an updated introduction and an expanded chapter on the Yeltsin Era      **The History of Russia from 1801 to the Present** Rosina Beckman, 2018-07-15 In the slightly more than two centuries since the dawn of the nineteenth century Russia has undergone sweeping changes several times over Readers will learn about the tension between reform and autocracy that marked the nineteenth century World War I and the fall of the last tsar and the rise of the USSR They will examine the USSR's time as a twentieth century superpower the fall of communism and Russia's current power plays for global influence Sidebars provide extra information while historical photographs let readers see the figures and events that

shaped Russian history with their own eyes      The Making of Russian Absolutism 1613-1801 Paul Dukes, 2014-01-14 Revised and expanded the second edition of this fascinating study surveys the first two centuries of Romanov rule from the foundation of the dynasty by Michael Romanov in 1613 to the accession of Alexander I in 1801 The central theme of the book is the growth of absolutism in Russia throughout these years and it traces in detail how the Russian variety of what was a contemporary European phenomenon came fully into being      The Making of Eurasia Moritz Pieper, 2021-09-09 The Making of Eurasia investigates the multi layered spectrum of China and Russia s Eurasian policies towards each other ranging from competition to cooperation as well as the role of regional actors in between The book examines the impact of and responses to the dynamic Sino Russian interaction in the wake of China s Belt and Road initiative focusing on the selected case studies of Kazakhstan Mongolia and Uzbekistan but also on inter regional implications across the Eurasian space With China s imprint on inter regional politics and ambition to make a distinctive Chinese contribution to globalization and Russia s vision of a Greater Eurasia in which Moscow stakes out a place for itself as an indispensable power other regional actors adopt policies that respond to and co shape the resulting centrifugal forces Meanwhile power shifts are underway on a global plane as the normative divide between Russia and the West has widened and as the Sino American rivalry is intensifying The book therefore also sheds light on the effects of Eurasian power shifts on global governance in a context where global leadership is contested and in which the US and Europe are re defining their relationship not only towards a self confident China but also towards each other As such this study will provide valuable insight for students and scholars of Eurasian Asia Studies Foreign Policy Analysis and International Relations at large      *The Making of the Geological Society of London* Cherry Lewis, Simon J. Knell, 2009      World History in the Making Albert Edward McKinley, Arthur Charles Howland, Matthew Lincoln Dann, 1927      **Making Russia and Turkey Great Again?** Norman A. Graham, Folke Lindahl, Timur Kocaoglu, 2021-03-19 This study analyzes theoretically and empirically the background of the rise to power of Vladimir Putin in Russia and Recep Tayyip Erdogan in Turkey It situates this analysis in the contexts of the historical assessment of the fragility of liberal democracy and the persistence and growth of authoritarianism populism and dictatorship in many parts of the world The authors argue that the question whether Putin and Erdogan can make Russia and Turkey great again is hard to confirm personal ambition for power and wealth is certainly key to an understanding of both rulers They each squandered opportunities to build from free and fair democratic electoral legitimacy and economic progress The prospect for restored national greatness depends on how they can handle the economic and political challenges they now face and will continue to face in the near future in a climate of global pandemic and economic recession Both rulers so far have succeeded in maintaining and increasing their powers and influence in their respective regions but neither has made real contributions to regional stability and order Chaos seems to be growing and the EU and the U S thus far seem unable to provide coherent responses to mitigate the impact of their adventurism and disruption      The Cambridge History of Russia: Volume 2,

Imperial Russia, 1689-1917 Maureen Perrie, D. C. B. Lieven, Ronald Grigor Suny, 2006-08-17 A definitive new history of Russia from early Rus to the collapse of the Soviet Union      **The Policy-Making Process and Social Learning in Russia** Marina Khmel'nitskaya, 2016-04-29 Centering its study around three explanatory variables actors institutions and ideas this book argues that Russia's hybrid institutional environment reduces the competition of policy ideas both at the stage of policy elaboration by the community of state and non state policy experts and also at the stage of policy adoption by parliament

*Translation and the Making of Modern Russian Literature* Brian James Baer, 2015-11-19 Explores the complex role played by translation in the development of modern Russian literature and Russian national identity      Russian Nationalism and the National Reassertion of Russia Marlene Laruelle, 2009-05-07 This book considers a wide range of aspects of Russian nationalism focussing on the Putin period It discusses the development of Russian nationalism including in the Soviet era examines how it relates to ideology culture racism religion and intellectual thinking and its affects on Russian society politics and foreign policy      **Russia's Foreign Policy** Andrei P. Tsygankov, 2025-06-26 This clear and comprehensive text explores the past thirty years of Soviet Russian international relations comparing foreign policy formation under Gorbachev Yeltsin Medvedev and Putin Challenging conventional views of Moscow's foreign policy Andrei Tsygankov shows that definitions of national interest depend on visions of national identity and is rooted both in history and domestic politics Yet the author also highlights the role of the external environment in affecting the balance of power among competing domestic groups Drawing on both Russian and Western sources Tsygankov shows how Moscow's policies have shifted under different leaders visions of Russia's national interests He gives an overview of the ideas and pressures that motivated Russian foreign policy in six different periods the Gorbachev era of the late 1980s the liberal Westernizers era under Kozyrev in the early 1990s the relatively hardline statist policy under Primakov the more pragmatic course of limited cooperation under Putin and then Medvedev and the assertive policy Putin has implemented since his return to power most importantly in his invasion of Ukraine which began in 2022      **Russia's Missing Middle Class: The Professions in Russian History** Harley D. Balzer, 2016-09-16 This work describes the emergence of the professions in late tsarist Russia and their struggle for autonomy from the aristocratic state It also examines the ways in which the Russian professions both resembled and differed from their Western counterparts      **Summarized Data of Gold Production** Robert Henderson Ridgway, 1929
