The Man In The Moss:

The Man in the Moss Phil Rickman, 2014-01-01 The discovery of an Iron Age body preserved in the peat bogs surrounding the village of Bridelaw is one of the finds of the century Though dead for two millennia he remains perfectly preserved in black peat The Man in the Moss is one of the most fascinating finds of the century but for the isolated Pennine community of Bridelaw his removal is a sinister sign A danger to the ancient spiritual tradition maintained curiously by the Mothers Union In the weeks approaching Samhain the Celtic feast of the dead tragedy strikes again in Bridelaw Scottish folk singer Moira Cairns and American film producer Mungo Macbeth discover their Celtic roots are deeper and darker than they imagined And as fundamentalist zealots of both Christian and satanic persuasions challenge an older gentler faith the village faces a natural disaster unknown since the reign of Henry VIII

The Man in the Moss Philip Rickman, 1994 A perfectly preserved Celtic warrior is found in a peat bog but his exhumation seems to trigger a wave of accidents and bad luck in the area Are supernatural forces at work

THE DANETTA CODE The Somerton Man, Was He The Only Man To Die? Gordon Cramer, From Book 1 THE DANETTA CODE THE SOMERTON MAN MYSTERY This book contains details of actual events and new evidence uncovered during 10 years of research and investigation The 1948 Somerton Man Mystery is widely known as Australia's most enduring Cold Case Early in the morning of December 1st 1948 the body of a man was found on Somerton Beach near Glenelg in South Australia He had died of poisoning As you are about to find out there was more than 1 mysterious death in that era in fact there were three all died of poisoning and they were all linked by an equally mysterious code But first the Somerton Man Cold Case and despite efforts at the time and since the man has never been identified However in May of 2021 the remains of the man were exhumed with the intent of extracting DNA samples which could lead to at least identifying from where he came At the time of writing this book results have not been published In the 1940s South Australia became Australia's and the UK's research and development centre for all kinds of advanced weaponry from rockets fuels electronics to the preparation for testing of an Atom bomb at Woomera It's also true to say that Uranium and lead were in high demand globally and much of that need was met by the mines and processing facilities in South Australia Given this background it would come as no surprise to learn that as ex Detective Sergeant Gerry Feltus author of the Unknown Man book once said The place was wall to wall spies The question must be asked was the Somerton Man a spy During years of research and investigation the author has found much in the way of new evidence evidence that clearly points to espionage and the involvement of intelligence agencies Concealed codes and clandestine communications examples turned up from the outset starting with a tiny rolled up slip of paper containing the words TAMAM SHUD the last words found in certain editions of The Rubaiyat of Omar Khayyam The slip was found hidden in a secret fob pocket in the waistband of the trousers the man was wearing when found on the beach The ensuing research led to the discovery of more instances the DANETTA CODE in numerous case documents secret messages and a British MI6 clandestine communications

technique This evidence clearly points to the Somerton Man being in some way involved in espionage Add to this mix the presence in Australia at the time of a highly trained and known Soviet assassin and a fascinating picture emerges It s intriguing it s baffling and to top it off it s all true these are all real events Are you up for the challenge Read on H. Snow,2005-07-01 The Keepers survival now rests in the hands of a nameless warrior whose grim secrets touch them more closely than they imagine
