The Man Inside An Anthology Of Writing And Conversational Comment By Men In Prison:

The Man Inside Tony Parker, 1973 *Crime, Prisons and Viscous Culture* Finola Farrant, 2016-12-16 This unique book explores criminalized identities and the idea of viscous culture to provide new understandings of crime punishment and justice It shows that viscous culture encourages some of us to become outlaws monsters or shapeshifters who challenge systems of domination and forces of control Crime Prisons and Viscous Culture interweaves analyses of popular culture with extensive empirical research to explore both the glamorous and grotesque nature of crime control and containment Through encounters with numerous popular and mythological archetypes the book explores the boundaries of the criminological discipline Criminology itself is presented as fragmented distorted and fascinating and the important transdisciplinary potential of criminology is highlighted In doing so this book will be of great interest to scholars of criminology cultural studies popular culture and sociological theory *The Arts of Imprisonment* Leonidas K. Cheliotis, 2016-12-05 The arts spanning the visual design performing media musical and literary genres constitute an alternative lens through which to understand state sanctioned punishment and its place in public consciousness Perhaps this is especially so in the case of imprisonment its nature its functions and the ways in which these register in public perceptions and desires have historically and to some extent inherently been intertwined with the arts But the products of this intertwinement have by no means been constant or uniform Indeed just as exploring imprisonment and its public meanings through the lens of the arts may reveal hitherto obscured instances of social control within or outside prisons so too it may uncover a rich and possibly inspirational archive of resistance to them This edited collection sheds light both on state use of the arts for the purposes of controlling prisoners and the broader public and the use made of the arts by prisoners and portions of the broader public as tools of resistance to penal states The book also includes a number of chapters that address arts in prisons programmes making distinctive contributions to the literature on their philosophy formation operation effectiveness and research evaluation as well as taking care to explore the politics surrounding and underpinning these multiple themes Feminist Interpretations of Maurice Merleau-Ponty Dorothea Olkowski, Gail Weiss, 2010-11-01 **Alan Clarke** Dave Rolinson, 2013-07-19 The British television director Alan Clarke is primarily associated with the visceral social realism of such works as his banned borstal play *Scum* and his study of football hooliganism *The Firm* This book uncovers the full range of his work from the mythic fantasy of *Penda's Fen* to the radical short film on terrorism *Elephant* Dave Rolinson uses original research to examine the development of Clarke's career from the theatre and the studio system of provocative television play strands of the 1960s and 1970s to the increasingly personal work of the 1980s which established him as one of Britain's greatest directors Alan Clarke examines techniques of television direction and proposes new methodologies as it questions the critical neglect of directors in what is traditionally seen as a writer's medium It raises crucial issues in television studies including aesthetics authorship censorship the convergence of film and television drama documentary form narrative and realism The Reception of

English Puritan Literature in Germany Peter Damrau, 2006 This is the first study to demonstrate the impact of Puritan literature on the development of German language and literature in the seventeenth century and beyond It crosses the boundaries of theology literature and the English and German traditions to show that eighteenth century secular thinking on introspection psychology and subjectivity has its roots in vocabulary used in Germany as early as 1665 through the translation of figures such as Daniel Dyke and Richard Baxter The book concludes with insights on John Bunyan whose works inspired writers of the Geniegeneration such as Lenz Wieland Moritz and Jung Stilling Controlling Women Bridget Hutter, Gillian Williams, 2024-11-20 Originally published in 1981 Controlling Women critically examines the forms of moral regulation and social control that were exercised over women at the time arguing that the study of deviant women cannot be separated from the study of how all women are defined and controlled Contributors consider motherhood prostitutes abortion alcoholism retirement geriatric patients Broadmoor patients and legal controls of sexuality in Britain Social definitions of women and institutional arrangements are used to control women often in such a way that women see them not as control but as part of everyday routines part of the natural order of things The book identifies some of the ways in which women seek to resist or circumvent these forms of control The book will still be of interest to all those concerned with the position of women in our society and more specifically to students and teachers of sociology social policy and theories of deviant behaviour Its focus on images of women and the exercise of control will be of particular interest to professionals concerned with the counselling of women whether in social therapeutic or medical fields
