**The Man with Nine Lives** Doris Patterson,1994      *Three Plays of Maureen Hunter* Maureen,2003 Book is clean and tight No writing in text Like New      **Underveis - langs erkjennelsens grenseland** ,      *Mystical Oneness and the Nine Aspects of Being* Wayne Wirs,2016-12-01      *My Journey Down the Reincarnation Highway* Frank Mares,2012-11 In this personal account one man details how he discovered the fact of reincarnation and explores what he did in his prior lives More people than you would believe have prior life memories In his new spiritual memoir *My Journey down the Reincarnation Highway* The True Story of a Man who found nine of His Past Lives author and businessman Frank Mares tells how he acquired psychic ability in his middle age With this new gift he recovered facts about nine of his prior lives most of which involved violent bloody deaths The most recent life was that of a young German Wehrmacht sergeant who was ambushed and killed by Russians during the night of May 1 1944 in a dark Estonian farmhouse Not being satisfied with just discovering his past lives Mares goes on a spiritual mission to find out why he kept dying violently The answers do not come easily but by using a team of three world class psychics he eventually tracks down the shocking reason for all his brutal deaths The psychic team finds that within the soul of this normal small businessman resides a brutal stone cold killer from the 1600 s who surprisingly was the revered founder of a gentile noble family As part of his soul s continuing quest for redemption Mares hopes to salvage the dark time in his soul s past into something that could help others today His experiences show that death is only a transition phase and that it should not be feared His book also reveals that reincarnation is actually a well designed organized system that allows souls to learn personalized life lessons over a surprising number of lives If you read this book you will never look at life and death in the same way again      *The Big Book of Reincarnation* Roy Stemman,2012-05-01 IS DEATH THE FINAL CHAPTER In *The Big Book of Reincarnation* Roy Stemman attempts to answer one of the big questions of existence Is death the end Or is it merely the end of a chapter in the book of existence A self described skeptical believer Stemman uses his skills as a professional journalist to perform an in depth exploration of reincarnation Using case studies anecdotes and physical evidence from the best documented cases from around the world Stemman shines a bright light on this subject inviting readers to decide for themselves on the basis of facts rather than on the basis of hearsay speculation and superstition Stemman finds fascinating examples of evidence of reincarnation in the nightmares of a Louisiana bayou boy the past life recall of a renowned neurosurgeon the research of a highly respected university professor and the unique system of governance in the mountains of Tibet to name just a few He examines the lives of those affected by reincarnation such as children who can actually remember their previous lives Instead of shying away from the skeptics Stemman evaluates their leading theories and compares them to the findings that he has accumulated throughout his global research *The Big Book of Reincarnation* is thorough well researched engaging and the most comprehensive book ever published on this fascinating subject      *The Search for Yesterday* D. Scott Rogo,1985 The

amount of evidence in favor of reincarnation is massive apparently overwhelming But is it after all incontrovertible In *The Search for Yesterday* famed author researcher D Scott Rogo subjects the evidence for rebirth to minute and objective examination And much of it he finds cannot stand up under such scrutiny But what about the remainder those incredible thoroughly documented unimpeachably witnessed cases that seem to defy any normal explanation Surely they establish the reality of reincarnation beyond any reasonable doubt Or do they In this incisive book Rogo offers a whole new theory about the meaning of these cases something akin to but more complex than simple reincarnation Among many other questions that this groundbreaking book examines are What role may inherited or genetic memory play in reincarnation cases How is it possible for two children to recall the same past life How are past life memories related to altered states of consciousness hypnosis and the experience of d j vu If you are seriously interested in any aspect f the uncanny world of psychic phenomena you will want to read this book for it may well become one of the classics in the field back cover **Old Souls** Thomas Shroder, 2011-05-17 A riveting firsthand account of one man s mission to investigate and document some of the most astonishing phenomena of our time children who speak of past life memory and reincarnation All across the globe small children spontaneously speak of previous lives beg to be taken home pine for mothers and husbands and mistresses from another life and know things that there seems to be no normal way for them to know From the moment these children can talk they speak of people and events from the past not vague stories of centuries ago but details of specific identifiable individuals who may have died just months weeks or even hours before the birth of the child in question For thirty seven years Dr Ian Stevenson has traveled the world from Lebanon to suburban Virginia investigating and documenting more than two thousand of these past life memory cases Now his essentially unknown work is being brought to the mainstream by Tom Shroder the first journalist to have the privilege of accompanying Dr Stevenson in his fieldwork Shroder follows Stevenson into the lives of children and families touched by this phenomenon changing from skeptic to believer as he comes face to face with concrete evidence he cannot discount in this spellbinding and true story **One Soul, Many Lives** Roy Stemman, 2005-05-19 Accounts and evidence of reincarnation from around the world presented in a clear and easy to follow journalistic style with a Ripley s believe it or not overtone that makes for a perspective changing read **G.K.'s Weekly**, 1928 **Delphi Complete Works of G. Pentecostals emphasize that God is still the Healer of all illnesses implying that God answers all prayers What about those who are not healed How do we explain suffering Why does a good God allow suffering Is God not powerful enough to prevent it In this publication the author reconsiders these questions from a Pentecostal hermeneutical perspective to develop a novel way to think about God s involvement with suffering among people His experimental theology speculates how a Pentecostal ethos accommodates a theodicy that acknowledges suffering and God s involvement in people s lives Although the book is a theologically constituted attempt anyone can follow and understand its arguments It concludes with alternative views of suffering evil God s loving attention to people the doctrine of original sin and Satan The author also suggests some ways to respond to suffering      *The Two Worlds* , 1926      *Past Life Healing* Judy Sharp, 2022-10-27 Do we live many lives and could trauma of the past still be affecting our health and wellbeing here and now The author was completely healed of her own severe claustrophobia in one session and now has decades of professional experience helping others with issues such as fear of flying to stubborn weight gain or lost libido The jury is out on regression therapy with sceptics claiming that clients are simply making up stories It seems hard to believe though that the deeply relaxed non rational mind could invent the level of detail described here accompanied by powerful emotions and physical reactions Is the client rather accessing an archetype the collective unconscious or Akashic Records For the author the bottom line is simply that in all cases the journeys proved effective in their healing Her mantra is Find the root cause Resolve it at source Move on with your life      *Missionary Review of the World* , 1928      **Mind Probe Hypnosis** Irene Hickman, 1998-08-01 Illustrates the adventures that are possible while exploring the human mind and further illustrates how ghosts from the past may be laid to rest      **Lucifer** , 1892
