progress Why was the party often more concerned to produce a rationally planned economy that rational independent minded citizens Does New Labour represent a sidelining of ethical socialism or a re birth of the pre war left s belief in improvement through education and self control Fifty Key Figures in Twentieth-century British Politics Keith Laybourn,2002 Reflecting the changes within British society politics during the 20th century the entries in this book provide an overview of the lives influence of 50 figures in modern British political history chart the development of key issues
