Theodore Weiss

The Man From Porlock Engagements 1944 1981:

The Man from Porlock ,2014-07-14 These essays by the poet and critic Theodore Weiss explore a problem already powerful in Lucretius conspicuous with Shakespeare and more than ever a concern for modern writers the place and price of poetry in a prose minded world Originally published in 1982 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Yeats Annual No 5** Warwick Gould,2016-07-27 Wallace Stevens James Longenbach,1991-10-31 Wallace Stevens the poet and Wallace Stevens the insurance executive for more than one critical generation it has seemed as if these two men were unacquainted that Stevens was a poet who existed only in the rarefied world of language However the idea that Stevens lived a double life the author maintains is misleading This compelling book uncovers what Stevens liked to think of as his ordinary life a life in which the demands of politics economics poetry and everyday distractions coexisted sometimes peacefully and sometimes not Examining the full scope of Stevens s career from the student poet of the nineteenth century to the award winning poet of the Cold War years Longenbach reveals that Stevens was not only aware of events taking place around him but often inspired by those events The major achievements of Stevens s career are shown to coalesce around the major historical events of his lifetime the Great Depression and two World Wars but Longenbach also dwells on Stevens s two extended periods of poetic silence exploring the crucial aspects of Steven s life that were not exclusively poetic Longenbach demonstrates that through Stevens s work in surety law he was far more intimately acquainted with legal and economic concerns than most poets and he consequently thought deeply about the strengths and equally important the limitations of poetry as a social product and force *Lambent Traces* Stanley Corngold,2009-01-10 On the night of September 22 1912 Franz Kafka wrote his story The Judgment which came out of him like a regular birth This act of creation struck him as an unmistakable sign of his literary destiny Thereafter the search of many of his characters for the Law for a home for artistic fulfillment can be understood as a figure for Kafka s own search to reproduce the ecstasy of a single night In *Lambent Traces* Franz Kafka the preeminent American critic and translator of Franz Kafka traces the implications of Kafka s literary breakthrough Kafka s first concern was not his responsibility to his culture but to his fate as literature which he pursued by exploring the limits of the human At the same time he kept his transcendental longings sober by noting with incomparable irony their virtual impossibility At times Kafka s passion for personal transcendence as a writer entered into a torturous and witty conflict with his desire for another sort of transcendence one driven by a modern Gnosticism This struggle prompted him continually to scrutinize different kinds of mediation such as confessional writing the dream the media the idea of marriage skepticism asceticism and

the imitation of death *Lambent Traces* Franz Kafka concludes with a reconstruction and critique of the approaches to Kafka by such major critics as Adorno Gilman and Deleuze and Guattari **Far from Home** Ashby Bland Crowder,2008-01-01

Often compared to William Faulkner renowned American writer William Humphrey 1924 1997 sought to shatter myths about the South in such acclaimed novels as *Home from the Hill* *The Ordways* and *Proud Flesh* and in his voluminous short stories critical essays and memoirs This collection of Humphrey s best letters deserves space on the bookshelf alongside these earlier works Beginning in the 1940s when as a true starving artist he wore borrowed clothes and could afford only one meal a day the letters move to his time as a goatherd his stint as a teacher at Bard College and his middle years in Europe They continue as he returns to America and teaches at Washington and Lee MIT Princeton and Smith and decrease in number as his health declines in the late 1980s and early 1990s Humphrey corresponded with some of the central figures in the literary and intellectual life of the twentieth century including writers such as Katherine Anne Porter and Leonard Woolf and the publishers Alfred and Blanche Knopf These letters present a vivid picture of Humphrey as he provides commentary on his contemporaries through personal observations combined with sharp critical judgments Humphrey amuses readers with witty anecdotes and charming tales including a hilarious account of Christmas dinner with Robert Lowell a story about British intellectual Cyril Connolly s near arrest in New York City and a series of enchanting misunderstandings between Humphrey and his French publisher The letters also provide remarkable insights into Humphrey s own works showing him to be a man happiest when he forgot about himself also prone to plunging into despondency The correspondence unforgettably reveals his troubled soul and his life as a quintessential artist a man with the unswerving drive to make a lasting contribution to American literature **A Sum of Destructions** Theodore Weiss,1994-11-01 *From Outlaw to Classic* Alan

Golding,2009-08-26 *From Outlaw to Classic* presents a sweeping history of the forces that have shaped and continue to shape the American poetry canon Students scholars critics and poets will welcome this enlightening and impressively documented book Recent writings by critics and theorists on literary canons have dealt almost exclusively with prose Alan Golding shows that like all canons those of American poetry are characterized by conflict Choosing a series of varied but representative instances he analyzes battles and contentions among poets anthologists poetry magazine editors and schools of thought in university English departments The chapters present a history of American poetry anthologies compare competing models of canon formation the aesthetic poet centered and the institutional critic centered discuss the influence of the New Critics emphasizing their status as practicing poets their anti nationalist reading of American poetry and the landmark textbook *Understanding Poetry* by Cleanth Brooks and Robert Penn Warren examine the canonizing effects of an experimental little magazine *Origin* trace how the Language poets address in both their theory and their method the canonizing institutions and canonical assumptions of the age **Configuring Internal Controls for Software as a Service** Chong Ee,2018-09-12 This book taps into an inherent paradox with the ease of reliance on external cloud providers to provide robust functionality and

regular enhancements comes as their very own audited service organization control SOC reports are quick to point out the need for client organizations to devise and sustain a system of effective internal controls By addressing the practitioner in the field it provides tangible cost effective and thus pragmatic means to mitigate key risks whilst leveraging built in cloud capabilities and overarching principles of effective system design **Fernando Pessoa and the Lyric** Irene

Ramalho-Santos,2022-01-26 **Fernando Pessoa and the Lyric** Disquietude Ruminant Interruption Inspiration Constellation is an in depth exploration of Pessoa s major innovations in lyric writing and thinking This book is an original contribution to comparative literature and poetic theory that puts Pessoa side by side with several other poets It delves into Pessoa s poetic theory with an emphasis on *Livro do desassossego* and the heteronymic drama and discovers new approaches to reading and appreciating the lyric Such Pessoaan literary concepts as disquietude ruminant interruption inspiration and constellation are carefully examined in relation to a number of different poets yielding unprecedented results in comparative poetics **The**
