Biblical Figures in the Islamic Faith Stephen J. Vicchio, 2008-07-01 Vicchio believes that by understanding how much Muslim tradition overlaps with the biblical traditions of Judaism and Christianity we might begin to expose a wedge of common ground on which understanding and respect might begin to be built Vicchio begins with a brief introduction sketching some fundamentals of Muslim history and culture and clearing away some common misconceptions His main goal however is to give us a detailed look at the treatment of biblical figures in the literature of Islam The broad range of his research and presentation is startling He begins with the Qur'an but continues on to the collected writing of the roughly two hundred years after Mohammed Hadith Sunnah Akhbar that came to be regarded as authoritative in the various traditions that developed in early Islam He then traces the interest in these biblical figures on into modern treatments of the role of these figures in Muslim scholarship and how these figures are understood and used in the traditions of Islam yet today The result of Vicchio's scholarship and presentation will be a revelation to most Christian and Jewish readers It has become somewhat commonplace to refer to Judaism Christianity and Islam as the three Abrahamic faiths This shows a beginning awareness of the beginnings of each of these three great religions birthed in the Middle East in a common ancestor Abraham Ibrahim Abraham's faithfulness and his closeness to God make him a revered figure in each of these three great faiths and for each Abraham is a beginning of the story of the particular relationship between God and the people of each of these religions from the Foreword

The Parade's End Tetralogy:

Some Do Not, No More Parades, A Man Could Stand Up & Last Post Ford Madox Ford, 2023-12-24 Ford Madox Ford's The Parade's End Tetralogy comprises four interconnected novels Some Do Not No More Parades A Man Could Stand Up and Last Post that together form a profound examination of the moral and psychological complexities of life during World War I The narrative intricately weaves themes of love duty and disillusionment employing a modernist style marked by stream of consciousness techniques and a distinctive narrative structure that reflects the fragmentation of the era Ford's vivid portrayal of the tumultuous changes in British society during and after the war serves to highlight the existential dilemmas faced by its characters particularly the war-hardened protagonist Christopher Tietjens whose internal struggles mirror the broader societal upheavals of the time Ford Madox Ford a luminary of 20th century literature drew on his personal experiences including his service in the war and his tumultuous relationships to craft this tetralogy His insights into the psychological landscape of wartime Britain shaped by his friendships with contemporaries such as Joseph Conrad and Ezra Pound culminated in a work that critiques traditional values and reflects the disillusionment that followed the Great War

Ford's innovative narrative techniques and his keen eye for social commentary invite readers into the troubled psyche of his characters making the tetralogy a seminal exploration of the human condition. For readers seeking a profound literary journey that deftly navigates the chaos of war and personal turmoil, *The Parade's End* Tetralogy stands as an essential read. Ford's elegant prose and incisive observations compel readers to ponder the arduous path of individuals caught in the wake of history. This tetralogy not only reshapes our understanding of modernist literature but also urges us to confront the ethical questions that resonate even today.
