The Magic Finger Young Puffins:

The Magic Finger Roald Dahl, 2013-05-30 What happens when the hunter becomes the hunted To the Gregg family hunting is just plain fun To the girl who lives next door it s just plain horrible She tries to be polite She tries to talk them out of it but the Greggs only laugh at her Then one day the Greggs go too far and the little girl turns her Magic Finger on them When she s very very angry the little girl s Magic Finger takes over She really can t control it and now it s turned the Greggs into birds Before they know it the Greggs are living in a nest and that s just the beginning of their problems

De-constructing Dahl Laura Viñas Valle, 2016-01-14 This is the first single authored monograph on Roald Dahl since 1994 Remarkably in spite of Dahl s commercial success and the divided opinions he generates very little scholarly work on the author has been produced In the light of sociocultural constructivist theory De constructing Dahl focuses on the critical context texts and paratexts that make up the packaging of Dahl It offers the first thorough overview of the criticism and the language employed to discuss Dahl since the 1970s the difficulties that using such language entails and how it still permeates current criticism It delves into the relationship between Dahl s children s and adult fiction by drawing comparisons and contrasts and exploring the common traits and patterns that bring his whole work together It also examines how Dahl constructed himself as a children s writer how his publishing house and allies contribute to mediating and sustaining the Dahl public persona the ways that marketing strategies are responsible for the identity of his books and how editorial decisions about the age range and therefore how the classification of a manuscript as a book for children or for adults constructs particular ideas of what children s literature is and what is considered appropriate or unsuitable for children to read

New Families, Old Scripts Caroline Archer, Christine Gordon, 2006 Case study families are used to highlight challenges adoptive parents are likely to encounter such as dealing with anger and aggression understanding sibling issues managing sexualised behaviour or living with a child who is too good Detailed explanatory letters addressed to individual families present the material in sensitive jargon free ways to help parents make sense of translate and transform their children s puzzling behavioural communications the language of trauma learned in their birth families

The Magic Finger Roald Dahl, 2009-01-22 From the bestselling author of *Charlie and the Chocolate Factory* and *The BFG* comes the story of a young girl with an incredible power To the Gregg family hunting is just plain fun To the girl who lives next door it s just plain horrible She tries to be polite She tries to talk them out of it but the Greggs only laugh at her Then one day the Greggs go too far and the little girl turns her Magic Finger on them When she s very very angry the little girl s Magic Finger takes over She really can t control it and now it s turned the Greggs into birds Before they know it the Greggs are living in a nest and that s just the beginning of their problems

Goodly is Our Heritage Rashna B. Singh, 2004 Patterns of sublimation begin in childhood So does binary and hierarchical thinking The child must be trained to see in oppositions and on a scale of order So the story of nation and people race and culture begins as the bedtime story The author

How else asks Rashna Singh do we explain the uncanny physical resemblance between Osama bin Laden and the evil Jaffar of Disney's motion picture Aladdin Singh provides a most persuasive argument for why these sentiments are both insidious and compelling and how they resonate to this day While she includes such classic examples as The Secret Garden Robinson Crusoe and the Babar series it is her inclusion of genuinely neglected fictions that lends her analyses a special richness In an engaging narrative style Singh demonstrates how constructions of character evolve into cultural imprints which encourage their young readers to choose the goodly side with little thought of badly repercussions
