Why Are My Goals Not Working? Keith Schreiter,Tom "Big Al" Schreiter,2019-11-03 Can goals be easy What is the secret Some goals feel difficult Other goals feel easy to achieve Why is this There are many factors that can help us or sabotage us on our way to achieving our goals Once we understand these building blocks we can put them to use to design goals that work for us Building blocks Think of them as tools that remove difficulty and enhance achievement Look at these five common sense ideas that help First humans are short term thinkers Our initial goals need short timelines We also have short term memories Second our initial goals should be small We need to build our goal achieving muscles This will give us confidence Third we must understand our personality style This is what sabotages most goals If our goals are not in alignment with our personality it all goes wrong fast Fourth do our goals match our internal core values If not how can we be motivated when we feel that nagging doubt Fifth instead of using willpower could we put mini habits to work instead This would take away our mental stress Setting goals that work for us is easy when we have guidelines and a checklist Don t feel guilty for not achieving your goals Instead feel the adrenaline rush of success each time you achieve your new goals Scroll up and order your copy of this book now

**Practical Solitary Magic** Nancy B. Watson,1996-01-15 An accessible guide for beginners interested in practicing magic safely and effectively on their own Many students of magic don t want to be tied to a particular group or tradition but prefer to search experiment and grow on their own Here at last is an eminently sane and readable handbook that gives not only the how but the why and wherefore of the materials and methods of the solitary magician In Practical Solitary Magic Nancy Watson combines a concise introduction to the psychology and

ethics of magic with a thorough treatment of its mechanisms In a lively style enhanced by personal anecdote and thoughtful insight she initiates novices into the rudiments of ritual and guides them in their first steps down the magical path Drawing on an architectural analogy Watson demystifies the practice of magic by providing a structural view of magical operations She explores the techniques and accoutrements of each of the four magical planes leading her readers through the various chambers of a four tiered edifice and sweeping away layers of accumulated cobwebs from topics shrouded in esoteric jargon Oracle divination numerology and magical incantation visualization clearing and prayer archetypes elementals and god forms all come to life with Watson s pragmatic analysis She closes with a careful warning to her readers to avoid all those who would attempt to re mystify the craft Watson s clear narrative and vivid imagery illuminate all the corners of her magical mansion with the light of common sense and folk history Not only will you enjoy your guided tour you ll be tempted to take up residence there
