The Making Of China Main Themes In Premodern Chinese History:

The Making of China Chun-shu Chang, 1975 **The Making of China. Main Themes in Pre-modern Chinese History. Ed. by Chun-Shu Chang** Chun-shu Chang, 1975 Remaking China's Public Philosophy for the Twenty-first Century Jinghao Zhou, 2003-08-30

In this book author Jinghao Zhou uses for the first time the prism of public philosophy to examine Chinese society modernization globalization and democratization as a whole Challenging conventional thinking in China studies he examines China systematically in seven aspects history ideology economy politics religion education and China s future and does so from both Eastern and Western perspectives The volume asserts that the remaking of China s public philosophy is they key for the nation to achieve both economic and political prosperity making the bold argument that this remaking can contribute profoundly not only to China s development but to international peace and development as well

In Remaking China s Public Philosophy for the Twenty First Century author Jinghao Zhou uses for the first time the prism of public philosophy to examine Chinese society modernization globalization and democratization as a whole Challenging conventional thinking in China studies he examines China systematically in seven aspects history ideology economy politics religion education and China s future and does so from both Eastern and Western perspectives The volume asserts that the remaking of China s public philosophy the very principles and precepts it now takes for granted is they key for the nation to achieve both economic and political prosperity Zhou aims for a peaceful revolution of China s democratization while he explores a new paradigm in China studies making the bold argument that this remaking can contribute profoundly not only to China s development but to international peace and development as well

Chinese vs. Western Perspectives Jinghao Zhou, 2013-12-04

China is on the rise in the globalized world The relationship between China and the United States has become the most important global issue in the twenty first century It is urgent to understand what is happening in China and where China is heading However there are many misconceptions about China in the West which affect Westerners ability to objectively understand China and ultimately influence the making of foreign policy toward China The author attempts to challenge the misconceptions coming from both Western societies and China and offer an integrated picture of contemporary China through systematically examining the major aspects of contemporary Chinese society and culture with the most recent data and presents convincing arguments in eighteen chapters for spurring mutual understanding between China and the West The author intends this book to be an interdisciplinary and comprehensive guide to China for a general audience and it covers a wide variety of topics including history family population Chinese women economy environmental issues politics religion media U S China relations and other subjects This book demonstrates the author s extensive research and thoughtful examination of many sides of controversial issues related to China with a nice balance of Western and Chinese scholarship This is one of the few that are authored by scholars who originate from China and have their professional career in the United States but it is distinctive from the rest of studies on this subject in that the author is committed to examining today s

China from Chinese as well as Western perspectives This is not only a scholarly book but also is suitable for general classes on China

Witchcraft and the Rise of the First Confucian Empire Liang Cai, 2014-02-28 Contests long standing claims that Confucianism came to prominence under China's Emperor Wu When did Confucianism become the reigning political ideology of imperial China A pervasive narrative holds it was during the reign of Emperor Wu of the Han dynasty 141-87 BCE In this book Liang Cai maintains that such a date would have been too early and provides a new account of this transformation A hidden narrative in Sima Qian's *The Grand Scribe's Records* *Shi ji* shows that Confucians were a powerless minority in the political realm of this period Cai argues that the notorious witchcraft scandal of 91-87 BCE reshuffled the power structure of the Western Han bureaucracy and provided Confucians an opportune moment to seize power evolve into a new elite class and set the tenor of political discourse for centuries to come

In the Shadow of the Han Charles Holcombe, 1994-01-01 Falling between the great unified empires of the Han and Tang the Period of Division A.D. 220-589 is one of the most overlooked and least understood eras in Chinese history At the start of the fourth century much of China's traditional heartland fell under the control of ethnic non-Chinese The remnants of the Chinese court fled to the still somewhat exotic region south of the Yangtze River where an Eastern Chin dynasty 318-420 was established in virtual exile The state's ability to command population and other resources had declined sharply from the heights of Han imperial splendor but it retained considerable influence over most aspects of society including the economy This residual state power made possible the rise through the monopolization of government office of a new elite class the literati or *shih ta fu* In this groundbreaking history Charles Holcombe examines the conditions that produced the literati and shaped their activities during the first of the Southern dynasties with particular attention to the life and thought of the fourth century monk Chih Tun 314-366 The security of the literati's positions in the state as well as the cooptation process through which they rose to office encouraged them to neglect the details of actual administrative service and concentrate instead upon peer recognition through the refinement of social graces and through literary artistic and philosophical achievements While the empire hung poised on the brink of ruin fourth century literati engaged in round after round of abstruse discussion concerning the ultimate meaning of existence Their seemingly impractical dalliances blossomed however into an age of intellectual and cultural creativity second only to the Warring States period of the late classical era The Southern dynasties even witnessed significant commercialization and economic growth Far from the dark ages that their political disunity might imply China's Southern dynasties reveal themselves to have been great eras of an unexpected kind *In the Shadow of the Han* explores some of the implications of this distinctive Southern dynasty culture

Chinese Ideas About Nature and Society Charles Le Blanc, Susan Blader, 1987-05-01 The universe in Chinese eyes is a harmonious organism its pattern of movement is inherent and not imposed from without and the world of man being a part of the universe follows a similar pattern Derk Bodde *Harmony and Conflict in Chinese Philosophy* The main theme that pervades this *Festschrift* written by fellow scholars and

students of Bodde for his seventy fifth birthday is that of the proper ordering of the universe as it obtains in the Chinese tradition

Essays on Chinese Civilization Derk Bodde, 2014-07-14 This collection of twenty one articles represents some of the major writings by one of the United States leading Sinologists Derk Bodde Originally published in 1982 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

A History of Chinese Civilization Jacques Gernet, 1996-05-31 When published in 1982 this translation of Professor Jacques Gernet s masterly survey of the history and culture of China was immediately welcomed by critics and readers This revised and updated edition makes it more useful for students and for the general reader concerned with the broad sweep of China s past

The Rise of the Chinese Empire: Frontier, immigration, and empire in Han China, 130 B.C.-A.D. 157 Chun-shu Chang, 2007 A comprehensive reconstruction of ancient and early Imperial Chinese history based on literary and archaeological texts and over 60 000 Han time documents on bamboo wood and silk

[Encyclopedia of Historians and Historical Writing](#) Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

Why Is The China Model Losing Its Power? - Challenges And Opportunities Of The Second Global Competition Jinghao Zhou, 2020-07-23 History has proved that communism failed at many levels during the first global competition between the capitalist and socialist camps during the Cold War As a result the socialist camp was dissolved China is one of the few communist countries to survive in the twenty first century The Chinese economy was on the verge of collapse in the 1970s but began to take off in the early 1980s guided by the China model China became the world s second largest economy in 2010 and has quickly expanded its enormous global market and political influence The second global competition between the capitalist countries and China has started The second global competition is in fact between the China model and the Washington Consensus Will Western hegemonies end as the result of the second global competition Will China be able to rewrite the international rules Will the Chinese communist political system collapse during the competition What should the West do to the China model This book will explore the implications

of the China model in the context of the second global competition and argues that the downturn of the China model and China's global expansion are the two sides of the same coin. The China model is losing its power but not broken. China would be able to become even stronger if it could reshape the philosophical foundation of the China model. The future of Western hegemony will depend on how the West understands the China model and deals with it. This book addresses these aspects and more. *Crisis and Transformation in Seventeenth-century China* Chun-shu Chang, Shelley Hsueh-lun Chang, 1998

Describes the social and cultural transformation of seventeenth century China through the life and work of Li Yu. Great Power Competition as the New Normal of China-US Relations Jinghao Zhou, 2022-09-01. Will China-US relations come back to the normal track? Does the confrontational approach work for China-US relations? This book argues that it is an unrealistic hope to bring China-US relations back to the so-called normal track because the great power competition will be a new normal of China-US relations and the USA will gain more from strategic competition than cooperation in the long run. This book shows that the strategy of great power cooperation through competition is more positive and constructive than the approaches of peaceful coexistence and maximum pressure. This book does not intend to provide policy recommendations for governments to consider but mainly to explain why the great power competition is inevitable and why it is necessary to continuously work with China in some areas through strategic competition. This book alarms the importance of understanding the nature of the Chinese Communist Party during the great power competition and aims to motivate both sides to revisit their foreign policy practice and come up with a better foreign policy strategy of handling China-US relations. **Lawyers in Modern China**, *Traditional Government in Imperial China* Mu Qian, 1982. Professor Chen Mu Qian describes the basic constitutive elements of China's traditional government as it evolved. He concentrates upon those dynasties he considers China's most representative: the Han, Tang, Song, Ming, and Qing, and critically analyzes and compares their governmental organization, civil service examination system, taxation, and defence. China's Peaceful Rise in a Global Context Jinghao Zhou, 2010-04-02. China's rise has become inevitable but there is no agreement about whether China will rise peacefully or pose a threat to the United States. The author asserts that both theories of China threat and peaceful rise failed to address China's central domestic problem. Thus both theories are not convincing. This book attempts to develop a third view of China's rise from a domestic perspective and contends that China's potential threat to the existing global order is not derived from her rapid economic growth and military expansion but from her potential domestic chaos. A strong democratic China will contribute to the global peace but the collapse of China will gravely threaten Western societies. The current Chinese political system directly contributes to this social instability and could possibly cause China's social crash. China's democratization is the key to ensure China's peaceful rise in a global context. However, the Party is still in power and any attempt to dissolve the one-party system in present-day China has poor prospects. China must take a two-step gradual reform approach to complete the transition from an authoritarian regime to a democratic one. In the two-step theory, the first phase

for promoting China's democratization includes exercising freedom of media increasing the consciousness of citizen participation and enacting religious rights Through all these democratic exercises China will gradually be able to achieve a fully democratic society This two step theory is crucial for the United States if it is to enact effective foreign policy toward China and for China to develop a democratic harmonious society **Pacific Affairs** ,1976 *The Genesis of East Asia, 221 B.C.-A.D. 907* Charles Holcombe,2001-05-01 The Genesis of East Asia examines in a comprehensive and novel way the critically formative period when a culturally coherent geopolitical region identifiable as East Asia first took shape By sifting through an impressive array of both primary material and modern interpretations Charles Holcombe unravels what East Asia means and why He brings to bear archaeological textual and linguistic evidence to elucidate how the region developed through mutual stimulation and consolidation from its highly plural origins into what we now think of as the nation states of China Japan Korea and Vietnam Beginning with the Qin dynasty conquest of 221 B C which brought large portions of what are now Korea and Vietnam within China's frontiers the book goes on to examine the period of intense interaction that followed with the many scattered local tribal cultures then under China's imperial sway as well as across its borders Even the distant Japanese islands could not escape being profoundly transformed by developments on the mainland Eventually under the looming shadow of the Chinese empire independent native states and civilizations matured for the first time in both Japan and Korea and one frontier region later known as Vietnam moved toward independence Exhaustively researched and engagingly written this study of state formation in East Asia will be required reading for students and scholars of ancient and medieval East Asian history It will be invaluable as well to anyone interested in the problems of ethno nationalism in the post Cold War era **A History of East Asia** Charles Holcombe,2011 This book traces the story of East Asia from the dawn of history to the present

While this might not be the The Making Of China Main Themes In Premodern Chinese History full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Making Of China Main Themes In Premodern Chinese History eBooks, including some popular titles.

FAQs About The Making Of China Main Themes In Premodern Chinese History Books

What is a The Making Of China Main Themes In Premodern Chinese History PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Making Of China Main Themes In Premodern Chinese History PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Making Of China Main Themes In Premodern Chinese History PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Making Of China Main Themes In Premodern Chinese History PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Making Of China Main Themes In Premodern Chinese History PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
