Look Who's Cooking Jennifer Rachel Dutch, 2018-08-03 Home cooking is a multibillion dollar industry that includes cookbooks kitchen gadgets high end appliances specialty ingredients and more Cooking themed programming flourishes on television inspiring a wide array of celebrity chef branded goods even as self described foodies seek authenticity by pickling preserving and canning foods in their own home kitchens Despite this claims that no one has time to cook anymore are common lamenting the slow extinction of traditional American home cooking in the twenty first century In *Look Who's Cooking The Rhetoric of American Home Cooking Traditions in the Twenty First Century* author Jennifer Rachel Dutch explores the death of home cooking narrative revealing how modern changes transformed cooking at home from an odious chore into a concept imbued with deep meanings associated with home family and community Drawing on a wide array of texts cookbooks advertising YouTube videos and more Dutch analyzes the many manifestations of traditional cooking in America today She argues that what is missing from the discourse around home cooking is an understanding of skills and recipes as a form of folklore Dutch's research reveals that home cooking is a powerful vessel that Americans fill with meaning because it represents both the continuity of the past and adaptability to the present Home cooking is about much more than what is for dinner it's about forging a connection to the past displaying the self in the present and leaving a lasting legacy for the future

Women and Power Olutoyin Mejiuni, 2013-05-15 Education is an important tool for the development of human potential Organizations and individuals interested in development consider knowledge skills and attitudes obtained through formal non formal and incidental learning as invaluable assets Therefore it is necessary to reflect on fundamental elements that shape the process through which education is attained How do people learn and what are the conditions that facilitate effective learning Answers to these questions demonstrate that no education can be politically neutral because there is no value free education The traditional or indigenous education systems in Nigeria which covered and still cover physical training development of character respect for elders and peers development

of intellectual skills specific vocational trainings developing a sense of belonging and participation in community affairs and understanding appreciating and promoting the cultural heritage of the community were and are not value free In other words the goals and purpose of education the content the entire process and the procedures chosen for evaluation in education are all value laden This book attempts to show that the teaching learning process in higher education and religion taught and learned through non formal and informal education or the hidden curriculum and other socialization processes within and outside the formal school system all interface to determine the persons that women become This education enhances or limits womens capabilities whether in the civic political sphere or in their attempts to resist violence Hence education and religion have ways of empowering or disempowering women *Quad's Odds* by M. The Material Culture of the Cook Islands (Aitutaki) Peter Henry Buck, 1927 *The Domestic Servant in Eighteenth-Century England* J. Jean Hecht, 2024-11-01 Although the importance of domestic servants in eighteenth-century England has long been recognized *The Domestic Servant in Eighteenth-Century England* first published in 1956 reviving the 1980 edition here is the first attempt to investigate comprehensively what was the largest occupational group at that time A wide variety of source material has been used the diaries memoirs letters magazines newspapers and literary works as well as pamphlets and treatises on social and economic problems of the day A wealth of data has also been drawn from contemporary works on service servants and household management The study is thus able to reconstruct the principal lineaments of the servant class and to demonstrate the significance of the group in relation to the society of which it formed a part Such aspects of the group as its composition size and structure the means by which it was recruited the hopes and ambitions of its members the nature of their social status and the conditions under which they lived and laboured are all fully

treated The result of this thorough examination is a cogent work of sociological history

Cajun Foodways

C. Paige Gutierrez, 2009-12-01 Cajun food has become a popular ethnic food throughout America during the last decade This fascinating book explores the significance of Cajun cookery on its home turf in south Louisiana a region marked by startling juxtapositions of the new and the old the nationally standard and the locally unique Neither a cookbook nor a restaurant guide Cajun Foodways gives interpretation to the meaning of traditional Cajun food from the perspective of folklife studies and cultural anthropology The author takes into account the modern regional popular culture in examining traditional foodways of the Cajuns Cajuns attention to their own

traditional foodways is more than merely nostalgia or a clever marketing ploy to lure tourists and sell local products The symbolic power of Cajun food is deeply rooted in Cajuns ethnic identity especially their attachments to their natural environment and their love of being with people Foodways are an effective symbol for what it means to be a Cajun today The reader interested in food and in cooking will find much appeal in this book for it illustrates a new way to think about how and why people eat as they do **The Cooking Book: A Dance in the Kitchen** Robert Dove McClellan,2004-02-05 About Cooking techniques attitudes even recipes [A Hand-book for Travellers in Spain, and Readers at Home](#) Richard Ford,1845

The Oxford Companion to Food Alan Davidson,2006-09-21 The Oxford Companion to Food by Alan Davidson first published in 1999 became almost overnight an immense success winning prizes and accolades around the world Its combination of serious food history culinary expertise and entertaining serendipity with each page offering an infinity of perspectives was recognized as unique The study of food and food history is a new discipline but one that has developed exponentially in the last twenty years There are now university departments international societies learned journals and a wide ranging literature exploring the meaning of food in the daily lives of people around the world and seeking to introduce food and the process of nourishment into our understanding of almost every compartment of human life whether politics high culture street life agriculture or life and death issues such as conflict and war The great quality of this Companion is the way it includes both an exhaustive catalogue of the foods that nourish humankind whether they be fruit from tropical forests mosses scraped from adamantine granite in Siberian wastes or body parts such as eyeballs and testicles and a richly allusive commentary on the culture of food whether expressed in literature and cookery books or as dishes peculiar to a country or community The new edition has not sought to dim the brilliance of Davidson s prose Rather it has updated to keep ahead of a fast moving area and has taken the opportunity to alert readers to new avenues in food studies
