that he didn't develop them out of his own head. He is acquainted with being asked by women, 'Have you composed whatever else with the exception of the Fairy Books?' He is then obliged to clarify that he has NOT composed the Fairy Books, but that as it may save these, he has composed nearly all the other things with the exception of psalms, messages, and sensational works. The Empty Garden Ashraf H. Rushdy, 2010-11-23. The Empty Garden draws a portrait of Milton as a cultural and religious critic who in his latest and greatest poems wrote narratives that illustrate the proper relationships among the individual, the community, and God. Rushdy argues that the political theory implicit in these relationships arises from Milton's own drive for self-knowledge, a kind of knowledge that gives the individual freedom to act in accordance with his or her own understanding of God's will, rather than the state's. Rushdy redefines Milton's creative spirit in a way that encompasses his poetic, political, and religious careers.
