Scandals and Abstraction Leigh Claire La Berge, 2015 The Long 1980s could be summed up handily in the annals of U S cultural history with the enduring markers of Ronald Reagan s presidency Oliver Stone s film *Wall Street* and Dire Straits s hit single *Money for Nothing* Despite their vast differences each serves to underscore the confidence jingoism and optimism that powered the U S economy throughout the decade Mining a wide range of literature film and financial print journalism *Scandals and Abstraction* chronicles how American society s increasing concern with finance found expression in a large array of cultural materials that ultimately became synonymous with postmodernism The ever present credit cards monetary transactions and ATMs in Don De Lillo s *White Noise* open this study as they serve as touchstones for its protagonist s sense of white masculinity and ground the novel s narrative form Tom Wolfe s *The Bonfire of the Vanities* and Oliver Stone s *Wall Street* animate a subsequent chapter as each is considered in light of the 1987 stock market crash and held up as a harbinger of a radical new realism that claimed a narrative monopoly on representing an emergent financial era These works give way to the pornographic excess and violence of Bret Easton Ellis s epochal American *Psycho* which is read alongside the popular 1980s genre of the financial autobiography With a series of trenchant readings La Berge argues that Ellis s novel can be best understood when examined alongside Ivan Boesky s *Merger Mania* Donald Trump s *The Art of the Deal* and T Boone Pickens s *Boone* A look at Jane Smiley s *Good Faith* and its plot surrounding the savings and loan crisis of the 1980s and 1990s concludes the study and considers how financial reportage became a template for much of our current writing about of finance Drawing on a diverse archive of novels films autobiographies and journalism *Scandals and Abstraction* provides a timely study of the economy s influence on fiction and outlines a feedback loop whereby postmodernism became more canonical realism became more postmodern and finance became a distinct cultural object

The Intervention of False Medieval Authorities as a Literary Device in Popular Fiction Gwendolyn A. Morgan, 2006 This study explores the construction of false authority within and by contemporary popular fiction especially within those tales concerned with the creation of texts themselves This practice represents a return to medieval theories of authority where the Bible theology and the ancient classics represented recourse for the assertions of contemporary thinkers and writers

Hybrid Novels George Kowalik, 2025-10-03 The phrase post postmodernism has appeared in Contemporary Literary Studies since the 20th century but what does it mean Scholars have defined the term in various often contradictory ways Existing studies also rarely centralise race an essential component

in the transition from postmodern irony to post postmodern sincerity Hybrid Novels analyses post postmodernism's only consistency and certainty hybridity This speaks for a broader social issue concerning the ethics of categorisation and the conflicting labels imposed on subjectivity Hybrid Novels considers landmark American British novels by Percival Everett Jonathan Franzen Zadie Smith and David Foster Wallace published from 1996 to 2001 It positions these authors at the centre of the post postmodernism debate together for the first time This book suggests that 2010s autofiction further develops post postmodern tensions of irony and sincerity at the turn of the 21st century Major American Canadian novels by Sheila Heti Ben Lerner Teju Cole and Tao Lin are discussed published from 2010 to 2013 *Fiction, 1876-1983: Titles* R.R.
