Knapp, 2011-12-20 Why do so many Christians struggle to relate their faith to their daily work In this book John C Knapp argues that the church's ambiguous teachings about vocation money and business have long contributed to Christians uncertainty about discipleship in the workplace Drawing on his own expertise in business ethics and numerous interviews with Christians in diverse occupations Knapp offers a new theological framework for Christian life in the world of business **Business as Mission** C. Neighbors Douglas A. Hicks, Mark R. Valeri, 2008-08-20 How can people of faith meet the challenge of living morally and faithfully within an increasingly globalized society Much of the debate about the global market economy is polarized between pro market ideology and anti globalization activism Global Neighbors sidesteps that dichotomy presenting instead a nuanced constructive approach Leading theologians ethicists economists and church leaders here examine the Christian call to live morally faithfully and responsibly in today's global marketplace and offer alternative perspectives to such utilitarians as Peter Singer Contributors Robert D Austin Rebecca M Blank Lee Devin William Goettler Eric Gregory Douglas A Hicks Janet Parker Rebecca Todd Peters Shirley J Roels Mark Valeri Jeff Van Duzer Kent Van Til Thomas W Walker *Transforming Daily Work into a Divine Vocation* Robert Banks, 2022-12-12 During the last few decades there has been an increasing interest in the connection between our faith and our work along with the growth of resources and organizations to bring the two into dialogue Despite this most Christians continue to feel that their daily work is less valuable than that of pastors missionaries or full time workers in a religious organization In a fresh and practical way this book sets out the biblical historical and theological grounds for challenging this commonly felt view It includes a range of engaging personal case studies that demonstrate the profound effect integrating one's work up into one's faith can have relationally institutionally and societally as well as evangelistically pastorally and missionally Attention is also given to the increasingly addictive fragmented and precarious nature of work today and to how we can spiritually find our way to discerning and expressing our unique God given vocation The final section of the book considers whether any of our work has eternal value and retells a compelling parable of what this might look like

The Kingdom of God in Working Clothes R. Paul Stevens, 2022-08-05 Work occupies most of our waking time whether it is in a factory office school or at home But unfortunately most people of faith separate their working life from their worshipping life Dualism is a pernicious heresy that has infected believers worldwide namely that church work and missionary service are holy and our everyday work is secular In this timely volume Stevens explores the connection of the kingdom of God the master thought of Jesus with the marketplace Traditionally people have either related the kingdom of God God's new world coming either exclusively for the present or only for the distant future But it is both now and coming This gives meaning hope and endurance to our work in the world So daily labor in the marketplace gets reoriented through salty values and ingrained virtues We become double agent spies exploring the new world coming in everyday life We can also grapple helpfully with the resistance we face daily in the workplace There are many books on the kingdom of God and many on work Few have brought these two vital arenas of everyday service together It is indeed part of the good news

Literature in the Marketplace John O. Jordan, Robert L. emerging management disciplines such as sustainability diversity and social responsibility In what ways are faith and spirituality in the workplace similar to progressive and innovative human resource practices Does faith and spirituality in the workplace bring something additional to the conversation and if so what The aim of *The Handbook of Faith and Spirituality in the Workplace* is to provide researchers faculty students and practitioners with a broad overview of the field from a research perspective while keeping an eye on building a bridge between scholarship and practice *A New Vision, a New Heart, a Renewed Call* David Claydon,2005
