**King Yeshua's Visitation** Carmen Saunders, 2020-05-28 A passing away or extinction is knocking at the door and is underway A great King has visited earth unbeknownst to the world Only those who are awake as watchmen open the door to Him This passing away is fulfillment of Biblical prophecy In **King Yeshua's Visitation** author Carmen Saunders offers a look at the fulfillment of prophecy Yeshua's Parousia and the arrival of a spiritual kingdom throughout AD history It offers another perspective on partial preterism Part one of **King Yeshua's Visitation** is an in depth investigation of scriptures that describes the relationship between biblical prophecies and the current state of our planet which are two controversial issues that are aligning side by side Scriptures speak of an impending extinction a fiery destruction and an awesome deliverance and an exodus of those who believe Is it at such an urgent time as this that He gathers the Jews back to the land of Israel From the viewpoint of a partial preterist Saunders reviews the prophecies concerning the Roman Empire to this juncture Who was the beast and how did he enter the holy temple during the AD 70 tribulation Was Ezekiel's prophecy concerning Gog and Magog against Jerusalem actually the Crusades Are the devastating droughts in many countries in recent decades a fulfillment of Zechariah 14 Who were the ten kings in prophecy There was an end to the holy temple according to Daniel now we see the end of life on this earth according to scripture There are two signs in recent history that were given as a warning the Titanic and the events with the Schindler

Jews during Holocaust King Yeshua's Visitation communicates now is the time to humbly open the door to the King It is a wake up call to everyone on the planet Yeshua's words come to pass without delay and the door to salvation is closing This demands our attention above all else This book makes the connection of the global crises unfolding prophetically We are much further along in prophecy than many realize Part two of King Yeshua's Visitation describes a visitation of a different kind such as contacts between two dimensions and the God established witnesses who testify for believers in salvation

*The Moon Origin Revealed* Elberto Vergara Badon, 2025-01-30 Anybody can best appreciate the mesmerizing beauty of those luminaries in Heaven that is if anyone starts scientifically seeking their naturalistic origin Specifically in harmony with various faiths ancient written passages and oral traditions exhibiting extraordinary wisdom One of those luminaries is the Moon Lunar Scientists were in a critical frenzy when astronauts brought back rock samples which discarded the theories of the Moon's origin None match the beguiling attributes of the Moon Earth and the Moon are Isotopic twins The Moon has the right chemical blend with Earth Incredibly after three decades of hunting clues and riddles the scientists quest to find out how the Moon entwined with Earth finally ended Consider the passages in the Bible Psalm 19 1 6 The Heaven declares the Glory of God In Heaven God pitched a tent for the Sun It is like a bridegroom coming out of his chamber to run a course The passage portrays the Sun once encased by the rocky shell shielded by the Heliosphere bubble A midsize Star in the Milky Way Galaxy cruised along the Orion arm until it sunk into a giant Nebula Over time the cocooned Star gained mass infill It turned the interior into an alchemical laboratory wherein countless plasmaspheres circled the fast spinning Star These plasmaspheres concealed primordial hydrogen and helium ion solutions that upgraded into an inner core of the planetary bodies a fusion nuclear reactor While streaming around the spinning stellar core these plasmaspheres clung to the more enormous spheres Thus a mass surrogacy process transpired The heavy radioactive elements gravitated and accrued around the developing spinning sphere which later transformed into a dual inner core system both fusion and fission reactors The cocooned brilliant Star evolved into the core of a supergiant planet Sol In her biosphere countless microbes hitch a ride on cosmic dust Later on the planets ejected having their satellites in their womb intact The Earth's developing Moon was already in full term and ready to emerge It was buoyed by the expanding plasma until it nestled in the Pacific Ocean Underneath the cooling spheroid a colossal methane bubble detonated The Moon received a massive energy kick and lofted into the sky After crashing the Earth's surface for millions of years it gained mass The bloated Moon exited over Antarctica leaving behind an irreparable Gaping Hole in the Ozone Layer with an area three 3 times that of Brazil As per Science during the Snowball Earth the North Mid latitude was covered with a 3 km thick ice sheet Was the Sunlight not yet in commission If so what was responsible for the plant's photosynthesis The living creatures need heat Check the craters of the Moon facing Earth it displays brilliant rays of glassy surfaces This mesmeric scenario would be altered once the yellow Star hatched from its rocky crustal shell dispersing its detritus into space a precursor of a terrible Global Deluge By presenting a new manner

of thinking coming from different discernment undeniably this writing may yield surprises A paradigm shift Some great ideas may unfold
