President Lyndon Johnson from the Pulitzer Prize winning author of *Team of Rivals* Featuring a 2018 foreword by the Pulitzer Prize winning political historian that celebrates a reappraisal of Lyndon Johnson's legacy five decades after his presidency from the vantage point of our current profoundly altered political culture and climate Doris Kearns Goodwin's extraordinary and insightful biography draws from meticulous research in addition to the author's time spent working at the White House from 1967 to 1969 After Johnson's term ended Goodwin remained his confidante and assisted in the preparation of his memoir *In Lyndon Johnson and the American Dream* she traces the 36th president's life from childhood to his early days in politics and from his leadership of the Senate to his presidency analyzing his dramatic years in the White House including both his historic domestic triumphs and his failures in Vietnam Drawing on personal anecdotes and candid conversation with Johnson Goodwin paints a rich and complicated portrait of one of our nation's most compelling politicians in the most penetrating fascinating political biography I have ever read *The New York Times* Lyndon B. Johnson Robert Dallek, 2004-01-08 Robert Dallek's brilliant two volume biography of Lyndon Johnson has received an avalanche of praise Michael Beschloss in *The Los Angeles Times* said that it succeeds brilliantly *The New York Times* called it rock solid and *The Washington Post* hailed it as invaluable And Sidney Blumenthal in *The Boston Globe* wrote that it was dense with astonishing incidents Now Dallek has condensed his two volume masterpiece into what is surely the finest one volume biography of Johnson available Based on years of research in over 450 manuscript collections and oral histories as well as numerous personal interviews this biography follows Johnson the human dynamo from the Texas hill country to the White House We see LBJ in the House and the Senate whirl his way through sixteen and eighteen hour days talking urging demanding reaching for influence and power in an uncommonly successful congressional career Then in the White House we see Johnson as the visionary leader who worked his will on Congress like no president before or since enacting a range of crucial legislation from Medicare and environmental protection to the most significant advances in civil rights for black Americans ever achieved And we see the depth of Johnson's private anguish as he became increasingly ensnared in Vietnam In these pages Johnson emerges as a man of towering intensity and anguished insecurity of grandiose ambition and grave self doubt a man who was brilliant crude intimidating compassionate overbearing driven A tornado in pants Gracefully written and delicately balanced this The Years of Lyndon Johnson: The path to power Robert A. Caro, 1992 This biography tells the story of the rise to national power of a desperately poor young man from the Texas Hill Country The book is part of a four volume biography of Lyndon Baines Johnson the successor to President John F Kennedy **Lyndon B. Johnson, a Biography** Harry Provencher, 1964 *Means of Ascent* Robert A. Caro, 2011-11-23 In *Means of Ascent* Book Two of *The Years of Lyndon Johnson* Robert A. Caro brings alive Lyndon Johnson in his wilderness years Here Johnson's almost mythic personality part genius part behemoth at once hotly emotional and icily calculating is seen at its most nakedly ambitious This multifaceted book carries the President to be from the aftermath of his devastating defeat in his 1941 campaign for the Senate the despair

it engendered in him and the grueling test of his spirit that followed as political doors slammed shut through his service in World War II and his artful embellishment of his record to the foundation of his fortune and the actual facts behind the myth he created about it The culminating drama the explosive heart of the book is Caro's illumination based on extraordinarily detailed investigation of one of the great political mysteries of the century Having immersed himself in Johnson's life and world Caro is able to reveal the true story of the fiercely contested 1948 senatorial election for years shrouded in rumor which Johnson was not believed capable of winning which he had to win or face certain political death and which he did win by 87 votes the 87 votes that changed history Telling that epic story in riveting and eye opening detail Caro returns to the American consciousness a magnificent lost hero He focuses closely not only on Johnson whom we see harnessing every last particle of his strategic brilliance and energy but on Johnson's unbeatable opponent the beloved former Texas Governor Coke Stevenson who embodied in his own life the myth of the cowboy knight and was himself a legend for his unfaltering integrity And ultimately as the political duel between the two men quickens carrying with it all the confrontational and moral drama of the perfect Western Caro makes us witness to a momentous turning point in American politics the tragic last stand of the old politics versus the new the politics of issue versus the politics of image mass manipulation money and electronic dazzle

***Larger than Life: Lyndon B. Johnson and the Right to Vote*** Anne Quirk, 2021-07-27 An accessible informed and timely biography of Lyndon Johnson that centers his life and presidency around the passage of the Voting Rights Act. Keenly known for both his triumphs and his failures, Lyndon B. Johnson was one of the most complex and compelling presidents in US history. Anne Quirk's biography alternates between chapters that follow LBJ's childhood in rural Texas, learning politics from his parents, his time teaching Mexican American students at a small town school, and his days in Congress as majority leader and as vice president, and chapters that cover his work alongside civil rights leaders and the passage of the Voting Rights Act. An epilogue discusses the Supreme Court's 2013 ruling that struck down key portions of the act. With engaging storytelling, Quirk paints a rich portrait of Johnson's presidency, celebrating the accomplishments of his Great Society programs while refusing to shy away from his catastrophic decisions regarding Vietnam and the summer riots of 1967. *Larger Than Life* presents striking parallels to today's political arena: an outsize character presiding over a divided nation but to different ends.

**The Thirty-first of March** Horace Busby, Hugh Sidey, 2023-04-11 An intimate retelling of Lyndon B. Johnson's politics and presidency by one of his closest advisors. Horace Busby was one of LBJ's most trusted advisors; their close working and personal relationship spanned twenty years. In *The Thirty First of March*, he offers an indelible portrait of a president and a presidency at a time of crisis. From the aftereffects of the Kennedy assassination, when Busby was asked by the newly sworn-in president to sit by his bedside during his first troubled nights in office, to the concerns that defined the Great Society—civil rights, the economy, social legislation, housing, and the Vietnam War—Busby not only articulated and refined Johnson's political thinking, he also helped shape the most ambitious, far-reaching legislative agenda since FDR's New Deal. Here is Johnson the politician, Johnson the schemer, Johnson who advised against JFK's choice of an open limousine that fateful day in Dallas, and Johnson the father, sickened by the deaths of young men fighting and dying in Vietnam on his orders. *The Thirty first of March* is a rare glimpse into the inner sanctum of Johnson's presidency as seen through the eyes of one of the people who understood him best.

**Master of the Senate** Robert A. Caro, 2019-07-04 The greatest biography of our era. Essential reading for those who want to comprehend power and politics. *The Times*. Robert A. Caro's legendary multi-award-winning biography of US President Lyndon Johnson is a uniquely riveting and revelatory account of power, political genius, and the shaping of twentieth-century America. Winner of the Pulitzer Prize and the National Book Award, *Master of the Senate* takes Johnson's story through one of its most remarkable periods: his twelve years from 1949 to 1960 in the United States Senate.

Once the most august and revered body in politics by the time Johnson arrived the Senate had become a parody of itself and an obstacle that for decades had blocked desperately needed liberal legislation Caro shows how Johnson's brilliance charm and ruthlessness enabled him to become the youngest and most powerful Majority Leader in history and how he used his incomparable legislative genius seducing both Northern liberals and Southern conservatives to pass the first Civil Rights legislation since Reconstruction
