## **The Magic Moment:**

**Magic Moment** Niall Breslin, 2018-10-12 The Magic Moment is a picture book that helps children explore difficult emotions and face their fears Written by Niall Breslin Bressie and illustrated by Sheena Dempsey here young readers will meet Freddie Freddie is excited about his first trip to the swimming pool But when he gets there he finds it scary So scary in fact that he just wants to go home Later that evening Nana teaches him a secret trick It s called the Magic Moment Trick and it gives you superpowers when you re facing something scary You simply close your eyes and think of your happiest memory and squeeze your finger and thumb together The charming story containing an easy mindfulness technique helps children return to the present moment The Magic Moment is a must for parents or anyone working with children who wants to help them feel the fear and jump in anyway

**Comprehension Processes in Reading** David A. Balota, G.B. Flores d'Arcais, Keith Rayner, 2012-11-12 Comprehension Processes in Reading addresses the interrelationship among several areas relevant to understanding how people comprehend text The contributors focus on the on line processes associated with text understanding rather than simply with the product of that comprehension what people remember from reading Presenting the latest theories and research findings from a distinguished group of contributors Comprehension Processes in Reading is divided into four major sections Each section concluding with a commentary chapter discusses a different aspect of reader understanding or dysfunction such as individual word comprehension sentence parsing text comprehension and comprehension failures and dyslexia

**The Holy Sh!t Moment** James Fell, 2019-01-22 Motivation expert James Fell teaches readers how to skip the hard part and go directly from intention to committed action After years of helping people change James Fell had a sudden insight about sudden insight significant life change doesn t often come from just putting one foot in front of the other carefully observing and altering habits slogging through baby steps toward new behavior Rather the research reveals that serious life turnaround usually happens in a moment with a flash of inspiration Epiphany arrives like a lightning strike rapidly shifting the recipient of such enlightenment onto a new path that creates a better life Motivational psychology has traditionally focused on slow and steady gradual improvement over time to reach a desired goal whether it s weight loss career change battling addiction or success in relationships We ve been told since toddlerhood that the tortoise beats the hare But through compelling science and powerful stories James Fell shows us that the hare has the edge overwhelming desire can be awakened fast and furiously When you learn to become attuned to that sensation of sudden awakening a new path can be followed almost effortlessly because it feels like destiny Everyone has the ability to experience the lightning strike The Holy Sh t Moment will teach you how to create a life changing epiphany and go directly from intention to action

**Mindfulness Skills for Trauma and PTSD: Practices for Recovery and Resilience** Rachel Goldsmith Turow, 2017-02-28 How mindfulness can help trauma survivors move to places of healing Trauma touches every life but the way that we hold our pain makes a difference Mindfulness Skills for Trauma and PTSD provides user friendly descriptions of

the many facets of traumatic stress alongside evidence based strategies to manage trauma symptoms and build new strengths This book is a valuable resource for trauma survivors health professionals researchers mindfulness practitioners and others seeking new pathways to recovery and resilience It is normal to feel anxious or depressed after trauma and to have upsetting thoughts and memories Instead of fighting our feelings and blaming ourselves for what are actually common responses to trauma mindfulness practices can help us tolerate and decrease distress cultivate kindness towards ourselves and others make wise choices navigate attention improve relationships and relax capacities that reduce trauma symptoms and advance our overall well being Practicing the small stuff can help us with the big stuff As we learn to notice our breathing walking minor frustrations or daily activities with curiosity and care we build inner resources to skillfully handle past trauma as well as current and future challenges Mindfulness practices can transform self blame into self respect and self compassion We can also match specific mindfulness skills to particular trauma symptoms For example grounding with the five senses can help us when we feel overwhelmed or spaced out and loving kindness meditation can alleviate self criticism With this book you will explore scientifically supported mindfulness practices plus In their own words sections that illustrate the skills with personal stories demonstrating how mindfulness practices have helped others recover from trauma Research highlight sections showcase fascinating scientific studies that form the basis for the book s approaches As we practice effective strategies to handle a full range of experiences we can each find new sources of hope connection and peace
