Encounters with Nature Spirits R. Ogilvie Crombie, 2018-10-09 A fascinating first hand account of the vast powers and true nature of the Elemental Kingdom Reveals deep wisdom eloquently shared through the author's encounters with the great God Pan and his elemental subjects Offers a glimpse into the hidden layers of the natural world and the workings of the elemental kingdom Includes chapters by Mike Scott David Spangler Dorothy Maclean and Brian Nobbs as well as beautiful illustrations by fine artist Elise Hurst who perfectly captures the energy of the natural world and its subjects as we might perceive them Paper with French flaps To anyone who may have expressed a wish to see and talk to nature spirits remember it took 63 years for my wish to be granted so don't lose hope Have you ever wished for something with your whole heart As a child R. Ogilvie Crombie made a wish as he dropped a penny into a wishing well he asked to be able to see fairies and talk to them In Encounters with Nature Spirits we follow Roc's path as many years later he meets the faun Kurmos in the Royal Botanic Garden in Edinburgh discovers the realm of the elementals and eventually meets the great god Pan himself In his conversations with Pan elves and other nature spirits Roc realizes that the elemental realm is vastly more powerful than our human kingdom and possesses an ability to create far beyond our human means Through his experiences Roc becomes closely involved with the Findhorn Community in northeast Scotland where he meets further elementals who give him sound advice as to how the famous Findhorn gardens should be cared for in order to work in harmony with nature Encounters with Nature Spirits is a reminder to us all of the importance of our relationship with the nature kingdom Through his example Roc places emphasis on connecting and working in harmony with nature spirits True co-creation with nature working with rather than against the elemental kingdom can bring about vital positive change to our endangered eco system The elementals are open to working with mankind the question is are we humans open to engaging with and respecting them again

The System of Antichrist Charles Upton, 2005 The System of Antichrist examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant doctrines from Buddhism Hinduism Judaism Christianity Islam Zoroastrianism and the Native American

traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our feet
