Mickey, 2013-04-17 Named one of the year's best gardening books by The Spectator UK Nov 2014 The 1890s saw a revolution in advertising Cheap paper faster printing rural mail delivery railroad shipping and chromolithography combined to pave the way for the first modern mass produced catalogs The most prominent of these reaching American households by the thousands were seed and nursery catalogs with beautiful pictures of middle class homes surrounded by sprawling lawns exotic plants and the latest garden accessories in other words the quintessential English style garden America's Romance with the English Garden is the story of tastemakers and homemakers of savvy businessmen and a growing American middle class eager to buy their products It's also the story of the beginnings of the modern garden industry which seduced the masses with its images and fixed the English garden in the mind of the American consumer Seed and nursery catalogs delivered aspirational images to front doorsteps from California to Maine and the English garden became the look of America *The Garden Against Time* Olivia Laing, 2024-06-25 Finalist for the 2024 Kirkus Prize for Nonfiction Finalist for the 2024 Wainwright Prize for Nature Writing A 1 Sunday Times UK Bestseller A New York Times Book Review Editors Choice A Kirkus Reviews Best Book of the 21st Century So Far A New Yorker Best Book of 2024 A Chicago Public Library Must Read Book of 2024 An Oprah Daily Most Thought Provoking Book of 2024 An impassioned and wide ranging work A O Scott New York Times Book Review Inspired by the restoration of her own garden imaginative and empathetic critic NPR Olivia Laing embarks on an exhilarating investigation of paradise In 2020 Olivia Laing began to restore an eighteenth century walled garden in Suffolk an overgrown Eden of unusual plants The work brought to light a crucial question for our age Who gets to live in paradise and how can we share it while there's still time Moving between real and imagined gardens from Milton's Paradise Lost to John Clare's enclosure elegies from a wartime sanctuary

in Italy to a grotesque aristocratic pleasure ground funded by slavery Laing interrogates the sometimes shocking cost of making paradise on earth But the story of the garden doesn't always enact larger patterns of privilege and exclusion It's also a place of rebel outposts and communal dreams From the improbable queer utopia conjured by Derek Jarman on the beach at Dungeness to the fertile vision of a common Eden propagated by William Morris new modes of living can and have been attempted amidst the flower beds experiments that could prove vital in the coming era of climate change The result is a humming glowing tapestry a beautiful and exacting account of the abundant pleasures and possibilities of gardens not as a place to hide from the world but as a site of encounter and discovery bee loud and pollen laden **The Art of English**
