**The Education of Lieutenant Kerrey** Gregory L. Vistica, 2024-05-01 The Education of Lieutenant Kerrey is an incredible story and a modern morality tale about a man of compassion and promise trapped by a horrible secret On the night of February 25, 1969, an inexperienced 25-year-old lieutenant Bob Kerrey led a commando raid on an isolated hamlet called Thanh Phong in Vietnam's Mekong Delta While witnesses and official records give varying accounts one thing is certain around midnight Kerrey and his men killed nearly two dozen unarmed women and

children What happened that night and why It s a terrible secret that Kerrey has borne for more than thirty years Kerrey went on to do heroic things in Vietnam and later as a politician Since World War II he is only Medal of Honor winner to sit as a member of Congress In many ways Kerrey s life following that tragic mission has been a struggle for redemption So is Bob Kerrey a war hero or war criminal Gregory L Vistica who uncovered the Thanh Phong atrocities in a widely praised cover story for The New York Times Magazine searches the entire span of Kerrey s life to answer that question From his rural boyhood in Nebraska to his gut wrenching Navy SEAL training to his aborted run for President Kerrey s life will become a vehicle for understanding the Vietnam generation shaped in the 50s and sharpened by the tumultuous 60s **Pinstripes**

*Legitimate Targets?* Janina Dill,2014-11-13 Based on an innovative theory of international law Janina Dill s book investigates the effectiveness of international humanitarian law IHL in regulating the conduct of warfare Through a comprehensive examination of the IHL defining a legitimate target of attack Dill reveals a controversy among legal and military professionals about the logic according to which belligerents ought to balance humanitarian and military imperatives the logics of sufficiency or efficiency Law prescribes the former but increased recourse to international law in US air warfare has led to targeting in accordance with the logic of efficiency The logic of sufficiency is morally less problematic yet neither logic satisfies contemporary expectations of effective IHL or legitimate warfare Those expectations demand that hostilities follow a logic of liability which proves impracticable This book proposes changes to international law but concludes that according to widely shared normative beliefs on the twenty first century battlefield there are no truly legitimate targets
