**The Whole Story** John E. Simkin, 1996 This work is the only comprehensive guide to sequels in English with over 84 000 works by 12 500 authors in 17 000 sequences Texas Labor History Bruce A. Glasrud, James C. Maroney, 2013-04-21 Too often observers and writers of Texas history have accepted assumptions about labor movements in the state both organized and not that do not bear up under the light of careful scrutiny Offering a scholarly corrective to such misplaced suppositions the studies in Texas Labor History provide a helpful new source for scholars and teachers who wish to fill in some of the missing pieces Tackling a number of such presumptions that a viable labor movement never existed in the Lone Star State that black brown and white laborers both male and female were unable to achieve even short term solidarity that labor unions in Texas were ineffective because of laborers inability to confront employers the editors and contributors to this volume lay the foundation for establishing the importance of labor to a fuller understanding of Texas history They show for example that despite differing working conditions and places in society many workers managed to unite sometimes in biracial efforts to overturn the top down strategy utilized by Texas employers Texas Labor History also facilitates an understanding of how the state s history relates to reflects and differs from national patterns and movements This groundbreaking collection of studies offers notable opportunities for new directions of inquiry and will benefit historians and students for years to come

Greenberg, 2002-10-18. More than 200,000 words of great crime and suspense fiction. Each year Ed Gorman and Martin H. Greenberg, editors of *The World's Finest Mystery and Crime Stories*, have reached farther past the boundaries of the United States to find the very best suspense from the world over. In this third volume of their series, they have included stories from Germany, Belgium, and the United Kingdom, as well as, of course, a number of fine stories from the U.S.A. Among these tales are winners of the Edgar Award, the Silver Dagger Award of the British Crime Writers, and other major awards in the field. In addition, here are reports on the field of mystery and crime writing from correspondents in the U.S.: Jon L. Breen (England), Maxim Jakubowski (Canada), Edo Van Belkom (Australia), David Honeybone, and Germany's Thomas Woertche. Altogether with nearly 250,000 words of the best short suspense published in 2001, this bounteous volume is, as the *Wall Street Journal* said of the previous year's compilation, the best value for money of any such anthology. The A to Z of the authors should excite the interest of any mystery reader: Robert Barnard, Lawrence Sanders, Jon L.
