Sayers, 2011-07-20 In twelve plays for broadcasting at monthly intervals Dorothy L Sayers drew on material from all four Gospels keeping the theme of Jesus of Nazareth s divine kingship in focus throughout while locating him firmly in the social and political context of his time The first half cover episodes that precede the final journey to Jerusalem and the latter half primarily deal with Passion Week themes It is the simplicity and profundity of Jesus words in the

Fourth Gospel especially that Sayers drew on in her own writing for the voice of Jesus on air The plays gave her an opportunity to explore the many gospel characters surrounding Jesus not least that of Judas And beyond the utter sorrow of Jesus death the King comes into his own in the garden of resurrection      **For the Love of God (Vol. 1)** D. A. Carson, 2006-07-10 In a world that views absolute truth right and wrong and salvation as being subject to individual interpretation the Bible s unwavering proclamations and miraculous stories seem obsolete in modern times But it is not God s Word that has changed Indeed its relevancy and its power to transform lives are intact What has changed is the number of people who consult it Now more than ever the need to read the Bible to understand the big picture of its storyline and to grasp the relevance this has for your life is critical As with its companion volume For the Love of God Volume 2 this devotional contains a systematic 365 day plan based on the M Cheyne Bible reading schedule that will in the course of a year guide you through the New Testament and Psalms twice and the rest of the Old Testament once In an effort to help preserve biblical thinking and living D A Carson has also written thought provoking comments and reflections regarding each day s scriptural passages And most uniquely he offers you perspective that places each reading into the larger framework of history and God s eternal plan to deepen your understanding of his sovereignty and the unity and power of his Word      The Works of Robert G. **Homiletical commentary on the book of Deuteronomy** James Wolfendale, 1887 Isn't That The Man Who... Dallas Stringer, 2018-10-12 Matthew The Tax Collector Rahab The Prostitute Simon The Leper There are so many biblical examples of people with whom labels have been attached. Labels that identified them in society and labels we still use today. Many of us are saddled with similar labels be it from mistakes we've made, our family name or the position we hold. But our identities are not found in these labels. This book is a biblical look at how we can overcome our labels and find our true identity in the Lord Jesus.

**The God Dilemma** V.C. Thomas, 2009-08-25 Today's modern technology and scientific knowledge contradicts all religious dogma created in ancient times by ignorant and superstitious people who had just learned to write. Modern science can test the strength of one's faith and it can make him a skeptic causing him to discard the religious beliefs of his family for generations past. Deep religious experiences or self-induced delusions can be explained by physical, psychological, biological, and medical sciences today. Evil or Sin is the result of social and mental conditions and can be corrected with education and medication today and without the help of an imaginary God. To quote Mark Twain: Faith is to believe in what you know for sure is not true. The GOD Dilemma is an unscientific investigation to justify believing in religion today and in particular the Christian faith. It argues that scientific and logical discussions about religion and the existence of God are futile; however, we cannot stop thinking about it. Humans are maybe born with a faith in God's existence and with a conscience that tells them which is morally and ethically right and which is not. Author Thomas used to believe in religion, God, and Christianity through his teenage years but even if he learned to ignore it during his 50 adult years, he never consciously discarded his Christian faith. He now shares his investigations and attempts to believe in Jesus Christ once again despite today's knowledge of the universe and evolution and by ignoring the sanctimonious behavior of fundamentalist US Christians. In the international scene, Thomas believes that the US wars since WWII cannot be justified by the life and the teachings of Jesus Christ. There is an underlying moral claim by fundamentalist Christian Americans that its actions are justified by Jesus and Christianity. The new phenomenon called Christian Zionism, which requires the removal of Palestinians from their homeland to create and expand Israel to enable the second coming of Christ, categorically contradicts the teachings of Jesus in the four Gospels. Zionism is based on the Old Testament Bible (OTB) and Revelations in the New Testament, both of which are scientifically ridiculous. The OTB is also historically questionable about a God interacting with his only chosen people in the Middle East and morally criminal. God sponsored and assisted armed robbery and genocide to create Israel, ancient and modern, by today's legal and ethical standards. Why has the life and teachings of Jesus Christ not produced universal love and non-violence among Christians? Why are American Christians the most active supporters of or not speaking out against the wars, bombing, and destruction by the USA since WWII? Are Ashkenazi European Jews really the descendants of Semitic slaves from Egypt? What were the reasons for anti-Semitism and the Holocaust in Christian Europe of

the past Why is the European Union and the US punishing the Palestinians for the Holocaust crimes in Europe Can Gods orders in the Bible be legally used by the United Nations to recreate Israel again in the 20th century after 3000 years by getting rid of Palestinians The book seeks to inform and provoke critical thinking of the readers through this investigation into religion and God and in particular the violent intolerant and self righteous behavior of Christians for centuries past and even in todays enlightened age using the source of the Christian religion the Bible **The Presbyterian review and religious journal** ,1843 **The Works of Robert G. Ingersoll: Discussions** Robert Green Ingersoll,1901 The Christian's Friend Anonymous,2025-07-20 Reprint of the original first published in 1874 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage The End of Democracy and Faith Sean Wallace,2016-03-15 We are born into an automatic social contract democracy that we never consent to While seemingly championing the individual and the value of individual choice democracy ultimately degenerates into collectivism and mob rule Coupled with a reified religious mythology widespread economic and market collapse and deep political corruption the individual is lost within a democracy to the collective majority However can a just viable form of governance and society exist without the coercion of democracy The End of Democracy and Faith presents an alternative vision that wrests the value of individual choice from mob rule and restores the consent and supremacy of the individual in the social contract Eschewing faith and hope instead for a movement toward building bonds with our fellow men and women and for taking the reins and helping each other save our future it explores the connections between our morality identity history philosophy and economy And with the introduction of the concept of the voluntary state it offers a philosophical foundation in support of using freedom instead of coercion to handle our responsibilities regarding our own income retirement health care and way of life The promises of democracy and any individualism inherent to the founding of the nation have been largely replaced by a perilous disenfranchising collectivism Pursuing an alternative social reality one that can truly enable free markets overcome religious myth and restore individual choice represents a true challenge to the moral depravity of democracy and faith There are certain elements holding back our economy the author asserts though economists rarely make mention of them due to their status as societal sacred cows His arguments against democracy are the most engaging sections of the book in part because such cases are so infrequently made Kirkus Reviews *God's Law* Charles R.
