The Management Methods Of Jesus Ancient Wisdom For Modern Business:

The Management Methods of Jesus Bob Briner, 1996 Jesus of Nazareth was a carpenter and preacher but His life and His words offer some of the most insightful business advice any manager could ever hope to find This book provides surprising fresh insight for real life situations that managers and business people face today **Developing a Successful Personal & Business Vision** Rich Brott, 2009 Dreams worth pursuing do not have to be spectacular or amazing The important thing is living a dream that is really yours Those who are most fulfilled know what they want and go after it Understanding and shaping vision is the basis for any new or existing personal or business career Vision development is a process But first it seems appropriate to ask some questions Why are you here What is your personal purpose in life Why are you doing what you are doing What brought you to this profession Why are you where you are These are all questions you must ask yourself before developing a successful personal vision They same holds true when it comes to a business vision Understanding who you are and what you are all about is pertinent to understanding what it is you want to accomplish A Companion to Business Ethics Robert E. Frederick, 2008-04-15 In a series of articles specifically commissioned for this volume some of today s most distinguished business ethicists survey the main areas of interest and concern in the field of business ethics Sections of the book cover topics such as the often easy relation between business ethics and capitalism the link between business ethics and ethical theory how ethics applies to specific problems in the business world the connection between business ethics and related academic disciplines and the practice of business ethics in modern corporations Includes extensive accessible discussion of all of the main areas of interest and debate in business ethics Features all original contributions by distinguished authors in business ethics Includes an annotated table of contents bibliographies of the relevant literature and a list of internet sources of material on business ethics Perfect comprehensive book for use in business ethics courses **How to Be an Effective Church Leader** Sam E. Stone, 2001 In this book Sam Stone lays the foundation for effective leadership by combining principles taken straight from Scripture with practical advice from life experience He reminds us that churches can only do their best work when excellent leadership is present If you are considering a church leadership position or even if you are a veteran leader Sam Stone s timeless advice will provide you with insight and encouragement Book jacket **Handbook of Research on Teaching Ethics in Business and Management Education** Wankel, Charles, Stachowicz-Stanusch, Agata, 2011-12-31 This book is an examination of the inattention of business schools to moral education addressing lessons learned from the most recent business corruption scandals and financial crises and also questioning what we re teaching now and what should be considering in educating future business leaders to cope with the challenges of leading with integrity in the global environment Provided by publisher

Activist Business Ethics Jacques Cory, 2012-10-05 Jacques Cory s second book *Activist Business Ethics* expands upon the theoretical concepts developed in his first book *Business Ethics The Ethical Revolution of Minority Shareholders* published by Kluwer Academic Publishers in March 2001 *Activist business ethics* is needed in order to remedy the

wrongdoing committed to stakeholders and minority shareholders This will be achieved by cooperation between ethical businessmen activist academics stakeholders and minority shareholders We should treat others as we would want others to treat us not through interest but by conviction Yet this principle is not the guideline of many companies in the modern business world despite the fact that most religions and philosophers have advocated it in the last 3 000 years How can we convince or compel modern business to apply this principle And is it essential to the success of economy In order to answer these questions this book examines the evolution of activist business ethics in business in democracies in Christianity Judaism Islam Buddhism in philosophy and psychology The book examines international aspects the personification of stakeholders the predominance of values and ethics for CEOs and the inefficient safeguards of the stakeholders interests The book presents new vehicles for the safeguard of those interests such as the Internet Transparency Ethical Funds and Activist Associations and future activist vehicles such as the Supervision Board and the Institute of Ethics Today everybody is a stakeholder and a minority shareholder of a company directly or through our pension funds or as a client a supplier a member of a community and a citizen The principal premise of the book is therefore that ultimately the wrongdoers act against themselves The book is woven with many references on ethics and business ethics from the professional and classic world literature the Bible and other religious texts poetry maxims and folk tales showing that ethical problems are similar throughout the ages and cultures but some of the solutions given in this book are new and original Activist Business Ethics is primarily intended for the academic market and is particularly appropriate for academics in business administration ethics and finance It should also appeal strongly to the professional business finance market and to stakeholders and minority shareholders as well who are aware of the wrongdoing committed to them and who want to remedy the situation by activist conduct

A Noble Calling David W. Whitlock, Gordon Dutilleul, 2008-01-01 Too often individuals who have been called to practice their gifts and talents in the field of business and professional life sense that to serve God they ought to be doing something more directly involved with the church Many successful business leaders upon coming to faith in Christ or upon renewing their interest in God's Word struggle with whether or not they should enter vocational ministry Certainly God calls some from among the professions into such vocations but many simply haven't realized the full potential of where God has placed them God's people who are assigned to duties in corporate boardrooms or offices on sales forces in entrepreneurial ventures and as members of research and development teams are among his most effective servants Believers who are active in the marketplace are surely among God's most treasured ministers and have the potential to have a wider impact and larger influence than most who serve in full time vocational ministries Likewise these professionals have a capacity for great harm to the church and the cause of Christ if while they make claims of Christian belief their actions prove inconsistent with what God's Word teaches if their walk doesn't match their talk Be encouraged God wants to use you where you are He wants to sanctify all of what you have learned and experienced You have great potential in the kingdom **Advancing a**

Successful Business Rich Brott, 2009 Business focus is an integral part of your ability to advance and build your business into something beyond mediocrity Staying focused on your vision and purpose is very key Nothing significant is ever achieved without focus If it s worth getting it must be the focus of your attention at all times Focus begins with a sense of purpose mission and vision This is your sense of direction your road map your life track for the business It s where you are headed A growing company does not continue without great business productivity timely follow through and effective leadership Advancing a Successful Business is not automatic and will not happen without a steady hand at the helm backed by a great team who stays alert and motivated

Business Ethics Jacques Cory, 2012-12-06 Morten And what are we going to do when you have made liberal minded and high minded men of us Dr Stockman Then you shall drive all the wolves out of the country my boys Ibsen An Enemy of the People Act V The theoretical and empirical research of this book describes how the traditional safeguards of the rights of minority shareholders have failed in their duty and how those shareholders have remained practically without any protection against the arbitrariness of the companies and majority shareholders The law the SEC society boards of directors independent directors auditors analysts underwriters and the press have remained in many cases worthless panaceas Nevertheless in the Ethics of 2000 new vehicles have been developed for the protection of minority shareholders mainly the Internet transparency activist associations and ethical funds Those vehicles give the shareholders at least the chance to understand the pattern and methods that are utilized to wrong them and give them a viable alternative for investment in ethical funds The new vehicles will prevent minority shareholders from using the Armageddon weapon by ceasing to invest in the stock exchange and causing the collapse of the system that discriminates against them

Making of an African Giant Dan Mou, 2015-10-16 The performance of Nigeria has recently been vehemently criticized as not commensurate with her human and material potentialities The hope that Nigeria is by destiny the African Giant appears to be fading Some analysts seeing this have blamed it on the character defects of the leadership in Nigeria They argue that because the leaders are predatory and corrupt they have preoccupied themselves with their interests which are primitive accumulation and luxurious lifestyles Meanwhile the rest of the citizens are suffering This book argues that such character defects may indeed exist in some of Nigerian leaders However these are not the main reasons for their dismal performance regarding the welfare of the citizens The main problem is that Nigerian leaders seem to have largely lost control over the state and its policies which appear to have been captured by the dominant classes and groups local and international Nigerias main problem is therefore a structural one Nonetheless the book concludes as the security economic political and social crises intensify Nigerian leaders even if it is simply for self preservation will be forced by the objective conditions to move against the interests of these dominant classes and groups It is only then that Nigeria can realistically be restored to the possibility of becoming an African Giant

The Leadership Genius of Jesus William Beausay, 2009-06-22 A voyage through the business section of your local bookstore can be daunting You could drown in the sea of books on management and leadership At the very least the conflicting waves of instruction and advice from one book to the next will toss you back and forth leaving you confused and disoriented Which business guru can steer you to the shores of your promised land Which leadership trend is in and which ones are out If an approach works with one person does that mean it will work with another Don't let the competing voices make things more complicated than they should be And don't miss the most powerful example of leadership in history Jesus His approach was simple effective and brilliant How much more information do you need asks William Beausay II The fact is very little What you need are passion and heart Courage and dreams You'll find those traits in Jesus' life The Leadership Genius of Jesus is the lifeboat that will keep you afloat and point the way to fulfilling and dynamic leadership that will impact you and everyone you serve

The Work and the Gift Scott Cutler Shershow, 2005-06-15 Considers how in a wide range of western culture and thought the ideas of working and giving remain locked in a fatal dilemma each one representing the other's aspirations and absolute limit Ranging from Marx and Derrida to Friedrich Hayek and Alvin Toffler Scott Cutler Shershow here explores the predictions of political thinkers on both the left and the right that work is fundamentally changing or even disappearing the debates among anthropologists and historians about an archaic gift economy that preceded capitalism and might reemerge in its wake contemporary political battles over charity and social welfare and attempts by modern and postmodern artists to destabilize the work of art as we know it

BOOKJACKET

National Security, Democracy, and Good Governance in Postmilitary-Rule Nigeria, Volume Two Dr. Dan Mou, 2017-01-12 This book shows that the security economic political and social problems challenging national security democracy and good governance currently in Nigeria would get better or worse depending on what happens to the 71 percent of Nigerians population still living below the poverty line This is in spite of the billions of petrodollars that Nigeria garnered as revenue over the past few decades It reveals that one does not need to be a political prophet to predict that if these challenges are not successfully addressed through good governance and inclusive growth this country will witness worse civil disobedience violence revolts militancy breakdown of law and order more kidnappings and more of the citizens trying to check out of the country to other parts of the world in the future It concludes however that under such intense pressures the Government of Nigeria even if it is simply for its self preservation will be forced by the objective conditions to move against the interests of the dominant groups and classes in Nigeria These are the ones who have for long captured and hijacked state power and the resources of the country for their exclusive use There is this perception that Nigerians don't write and read This perception is deep seated even among intellectuals who see our authors as shallow researchers But Dr Dan Mou has debunked that myth and shown that Nigerians can write well researched and detailed books It is quite prophetic in its assessment of the Nigerian

State Agbo Agbo deputy editor The Nation Dr Dan Mou has proven himself a world class scholar and an intellectual colossus His reputation as an internationally renowned public policy expert has continued to soar I congratulate him for these remarkable achievements Professor Justice Abdul Fatai Kuti first justice of Abuja High Court and former dean faculty of law University of Ado Ekiti Ekiti State of Nigeria Dr Mou is certainly one of the best scholars we have on the African continent As an educationist myself before I became a traditional ruler I agree totally with his analysis and conclusions I share the optimism Dr Mou has expressed that once the recommendations therein are adopted and meticulously implemented with proper monitoring and evaluation of such resultant policies and programmes Nigeria and indeed Africa would be able to solve most of these challenges HRH Alh Dr Sheban Audu Nizazo III Etsu Kwali Etsu Kwalis Palace Abuja Nigeria **Psalm 15** David W. Whitlock, Gordon Dutilleul, 2008-04-01 Psalm 15 begins with two related questions LORD who may dwell in your sanctuary Who may live on your holy hill v 1 These are questions worthy of our consideration as Christian business professionals seeking to integrate our faith and our work The psalmist answers the questions with the following description He whose walk is blameless and who does what is righteous who speaks the truth from his heart and has no slander on his tongue who does his neighbor no wrong and casts no slur on his fellowman who despises a vile man but honors those who fear the LORD who keeps his oath even when it hurts who lends his money without usury and does not accept a bribe against the innocent He who does these things will never be shaken vv 2 5 NIV Using this psalm as a basis Southwest Baptist University's College of Business and Computer Science is devoted to educating Psalm 15 professionals who exemplify traits including integrity service respect charity faithfulness truthfulness humility and perseverance The devotions in this small volume draw readers attention to the need for believers to exemplify such character traits Contributions from the SBU faculty and administration remind us of the necessity to approach life and work with a biblical worldview This volume is an abbreviated version of another Resource Publications book A Noble Calling Devotions and Essays for Business Professionals also available from Wipf and Stock Publishers www.wipfandstock.com
