Sir Gawain And The Green Knight A Stylistic And Metrical Study Yale Studies:

Contradictions: From Beowulf to Chaucer Theodore M. Andersson, 2016-12-05 This volume brings together a series of key essays by Larry D Benson well known for his work in editing the Riverside Chaucer Of the studies selected the opening three deal with Old English recasting the possibilities for the critical study of Beowulf above all the relation between oral and written literary production The following ten essays turn to Middle English literature with the focus first on Chaucer and the evolution of his works and his language then on the social and cultural context of medieval chivalric texts Throughout Professor Benson approaches his subjects with a skeptical intent even a seeming contrariness in seeking to contradict received views but in fact with the purpose of questioning in order to understand more deeply Scattered in their original publications and with one hitherto unpublished together these studies present a powerful argument for this questioning approach to fundamental issues and constitute a major contribution to the study of the literary and cultural history of the medieval world Larry D Benson is Francis Lee Higginson Professor of English Harvard University The Motifs and Characters in the Gest Hystoriale of the Destruction of Troy and in the Laud Troy Book Walter Wilflingseder, 2007 Both the alliterative Gest Hystoriale of the Destruction of Troy c 1400 and the Laud Troy Book c 1400 a metrical romance deal with the lives and feats of chivalric heroes and place special emphasis on the psychological effects of love This book is a study of the motifs in John Clerk's and the Laud poet's narratives and of their characterization of the Trojan War's principal actors Both writers used the same source but their preferences for motifs and their attitudes toward the persons involved were often guite different Thirteen illustrations mainly from medieval Guido manuscripts serve as a stimulus to those who want to know more about the medieval understanding of the Trojan War The Historical Arthur and The Gawain Poet Andrew Breeze, 2023-01-09 The Historical Arthur and The Gawain Poet Studies on Arthurian and Other Traditions delves into the origins of Arthur and reveals the author of the famous Gawain Manuscript Its first part contains evidence for the Arthur of film and legend as a real person a Celtic commander not a king who fought battles in North Britain during the terrible volcanic winter of 536 7 before dying a hero's death in a conflict on Hadrian's Wall Its second part moves on to Sir Gawain and the Green Knight an Arthurian poem on magic near death and near seduction Its author has always been unknown but Dr Breeze uses arguments of the US scholar Ann W Astell to date the text to 1387 and name the poet as Sir John Stanley d 1414 a Cheshire and Lancashire grandee He can now be recognized as an artist of genius comparable to Chaucer himself What is said in this book on John Stanley and his circle thus allows the greatest advance in Arthurian Studies since 1934 when Walter Oakeshott discovered the Winchester Malory amongst manuscripts of an English school library Companion to the Gawain-poet Derek Brewer, Jonathan Gibson, 1997 It ends with a discussion of the reception of the Morte Darthur from the sixteenth to the twentieth centuries and a select bibliography Women Medievalists and the Academy, Volume 2 Jane Chance, 2018-05-22 Long overlooked in standard reference works pioneering women medievalists

Style and Consciousness in Middle English Narrative John M. Ganim,2014-07-14 John M Ganim presents a revised theory of late medieval literary history based on the relationship of the poet to the reader His work shows how the increasingly compromised exemplary intent of later medieval poets led them to dramatize the reader as a character in the text and to develop complex forms of narrative characterized by discontinuity distortion and disorientation Originally published in 1983. English literary history The startling formal variety of Piers Plowman and other Middle English alliterative poems comes into sharper focus when viewed in diachronic perspective the meter was in transition to understand it we need to know where it came from and where it was headed at the moment it died out Routledge Revivals: Medieval England (1998) Paul E. Szarmach, M. Teresa Tavormina, Joel T. identification by author date occasion or place of composition still it is almost unanimously hailed as one of the masterpieces of our literature so skilled is its author so eloquent its language It is a story according to Sarah Stanbury of crossing over the stepping out from the ordinary life into a parallel universe where things operate by different natural laws down the rabbit hole through the wardrobe or looking glass across the ocean to be shipwrecked on Prospero s island or more recently across a bridge to the island of Willow Springs in Gloria Naylor's haunting novel Mama Day where the crossing over moves into a place of memory and hope the nostalgic space of home as well as Beulah or Eden the earthly paradise Modernity in English Verse, 1350-1650 Eric Weiskott, 2021-01-15 What would English literary history look like if the unit of measure were not the political reign but the poetic tradition The earliest poems in English were written in alliterative verse the meter of Beowulf Alliterative meter preceded tetrameter which first appeared in the twelfth century and tetrameter in turn preceded pentameter the five stress line that would become the dominant English verse form of modernity though it was invented by Chaucer in the 1380s While this chronology is accurate Eric Weiskott argues the traditional periodization of literature in modern scholarship distorts the meaning of meters as they appeared to early poets and readers In Meter and Modernity in English Verse 1350 1650 Weiskott examines the uses and misuses of these three meters as markers of literary time medieval or modern though all three were in concurrent use both before and after 1500 In each section of the book he considers two of the traditions through the prism of a third element alliterative meter and tetrameter in poems of political prophecy alliterative meter and pentameter in William Langland's Piers Plowman and early blank verse and tetrameter and pentameter in Chaucer his predecessors and his followers Reversing the historical perspective in which scholars conventionally view these authors Weiskott reveals Langland to be metrically precocious and Chaucer metrically nostalgic More than a history of prosody Weiskott's book challenges the divide between medieval and modern literature Rejecting the premise that modernity occurred as a specifiable event he uses metrical history to renegotiate the trajectories of English literary history and advances a narrative of sociocultural change that runs parallel to metrical change exploring the relationship between literary practice social placement and historical time
