Berkman, 2006-02-09 The Handbook of Social Work in Health and Aging is the first reference to combine the fields of health care aging and social work in a single authoritative volume These areas are too often treated as discrete entities while the reality is that all social workers deal with issues in health and aging on a daily basis regardless of practice specialization As the baby boomers age the impact on practice in health and aging will be dramatic and social workers need more specialized knowledge about aging health care and the resources available to best serve older adults and their families The volume s 102 original chapters and 13 overviews written by the most experienced and prominent gerontological health care scholars in the United States and across the world provide social work practitioners and educators with up to date knowledge of evidence based practice guidelines for effectively assessing and treating older adults and their families new models for intervention in both community based practice and institutional care and knowledge of significant policy and research issues in health and aging A truly monumental resource this handbook represents the best research on health and aging available to social workers today *Social Work with the Aged and Their Families* Roberta R. Greene, 2017-07-12 Social Work with the Aged and Their Families presents the functional age model FAM of intergenerational treatment an integrative theoretical framework for social workers practicing with older adults and their families In keeping with the Council on Social Work Education s curriculum mandate of 2015 social workers are now encouraged to use human behaviour theories in working with their geriatric clients This fourth edition incorporates much needed additional techniques to address the mental health assessments of the elderly FAM addresses the assessment of older adults biological psychological socio cultural and spiritual age It also incorporates an evaluation of the family system family roles and family development in this assessment

Interventions at the individual family group and community levels are discussed This volume augmented with recent concepts related to successful aging spirituality and resiliency presents the major converging conceptual trends that constitute a model for twenty first century social work practice in the field of aging It is an indispensable text for those training in social work practice with the elderly or those currently in practice The Oxford Handbook of Social Work in Health and Aging Daniel B. Kaplan, Barbara Berkman, 2016 This Second Edition of the Handbook addresses the evolving interdisciplinary health care context and the broader social work practice environment as well as advances in the knowledge base which guides social work service delivery in health and aging This includes recent enhancements in the theories of gerontology innovations in clinical interventions and major developments in the social policies that structure and finance health care and senior services In addition the policy reforms of the 2010 Patient Protection and Affordable Care Act set in motion a host of changes in the United States healthcare system with potentially profound implications for the programs and services which provide care to older adults and their families In this volume the most experienced and prominent gerontological health care scholars address a variety of populations that social workers serve and the arenas in which they practice followed by detailed recommendations of best practices for an array of physical and mental health conditions The volume's unprecedented attention to diversity health care trends and implications for practice research policy make the publication a major event in the field of gerontological social work This is a Must Read for all social work social work educators practitioners and students interested in older adults and their families

Social Work Practice with the Elderly Marvin David Feit, Michael J. Holosko, 2004 The third edition describes significant practice issues and challenges facing gerontological social workers working with the fastest growing demographic cohort in North America Insightful and creative practitioners provide current accounts and case examples from their work in a variety of settings The material includes both micro and macro practice and offers a focus on advanced specialty practice while also providing an advanced generalist model All the chapters have been rewritten and updated by adding related additional readings and websites Six new chapters have been added on sensory impairment HIV AIDS elder abuse community assisted living rural elderly retirement and volunteerism Social Work Practice with the Elderly offers an exciting collection of well crafted readings and will be useful for any social work student at the undergraduate or graduate level It will also be a valuable resource for those in other helping professions who work side by side with social workers in this field nurses physiotherapists music and art therapists psychologists physicians recreational therapists speech and language therapists and clergy

Handbook of Psychosocial Interventions with Older Adults Sherry M. Cummings, Nancy P. Kropf, 2013-09-13 In the past decade evidence based practice EBP has emerged as one of the most important movements to improve the effectiveness of clinical care As the number of older adults continues to grow it is essential that practitioners have knowledge of effective strategies to improve both the medical and the psychosocial aspects of older persons lives The purpose of this work is to present

systematic reviews of research based psychosocial interventions for older adults and their caregivers The interventions presented focus on a variety of critical issues facing older adults today including medical illnesses cardiac disease diabetes arthritis pain cancer and HIV AIDS mental health cognitive disorders depression anxiety dementia substance abuse and social functioning developmental disabilities end of life dementia caregivers grandparent caregivers For each of these areas the prevalence of the problem the demographics of those affected and the nature and consequences of the problem are discussed The empirical literature is then reviewed A treatment summary highlights the type and nature of research supporting the interventions reviewed and is followed by a conclusion section that summarizes the status of intervention research for the specified issue A Treatment Resource Appendix for each area is included These appendices highlight manuals books articles and web resources that detail the treatment approaches and methodologies discussed This book was previously published as a special issue of the Journal of Gerontological Social Work Comprehensive Handbook of Social Work and Social Welfare, Social Work Practice ,2008-03-31 Comprehensive Handbook of Social Work and Social Welfare Volume 3 The Profession of Social Work features contributions from leading international researchers and practitioners and presents the most comprehensive in depth source of information on the field of social work and social welfare **Lifting Our Voices** Joyce Beckett,2008-09-24 Lifting Our Voices is the only book to explore the dual roles of professional social workers who are also family caregivers and the only collection on caregiving in which the majority of contributors are African American After discussing the relevant literature Lifting Our Voices vividly and sensitively presents the caregiving experiences of ten professional social workers Using professional and theoretical knowledge and skills each contributor draws implications for various levels of social work and human service interventions These poignant descriptions and analyses recount both the frustrations and barriers of negotiating social service agencies and other institutions and the joys and triumphs of family caregiving Lifting Our Voices frankly discusses how a professional education either prepares or fails to equip an individual with the skills for successful intervention on behalf of a loved one Contributors hail from rich and varied backgrounds revealing the importance of age ethnicity gender marital status and gerontological expertise in the practice of family caregiving These essays explore situations rarely reported on in the literature such as caregivers and care recipients who represent the lifespan from preschool to retirement Lifting Our Voices graphically describes types of caregiving that are seldom discussed including simultaneous caregiving to multiple family members and reciprocal and sequential caregiving thus broadening and refining the very concepts of caregiving and family **Human Behavior and the Social Environment, Micro Level** Katherine S. Van Wormer,2007 The result is a singular textbook that truly bridges theory and practice by revealing the patterns and paradoxes of our behavior in the social context BOOK JACKET
