

What Is Social Learning Theory?

A Behaviorist + Cognitive Hybrid Model

Observation

A stimulus is given attention and/or observed. This can be in real-time, reflection, predictive, or imagined.

Internalization

Initial meaning is created in the mind of the observer.

Definition: Social learning theory is a behavioral theory that posits that new behaviors can be learned by observing and imitating others.

Imitation

Some form of imitation of that behavior--in part or its entirety--occurs. This reproduction deepens internalization and elicits evaluation by imitator.

Feedback

Feedback loop: ongoing motivation is decided by reflection and perceived relative 'success' (e.g., the effects) of the behavior.

Social Theory Education:

Social Theory in Education Primer Philip Wexler, 2009 The Social Theory in Education Primer shows how classical sociology sets the frame for theory and research in education Three major paradigms are explained in their historical context and are used as a key to making sense of contemporary work that understands education from a sociological point of view The central classical theorists considered are seen both in their own context and also as the founders of the major movements that have continuing influence The social theories of Durkheim Marx and Weber are used to frame and orient concepts for the different models of contemporary work This primer is essential reading for courses devoted to social theory and education sociology of education social foundations of education history of education history of sociology sociological theory and sociology of knowledge Sociological Theories of Education Raymond Murphy, Ann B. Denis, 1979 **Using Social Theory in Educational Research** Mark Dressman, 2009-05-07 This book introduces the major schools of social theory their basic concepts and their general applicability to educational issues Social Theory for Teacher Education Research Kathleen T. Nolan, Jennifer Tupper, 2019 Traditionally teacher education research theory and practice have had a technical rational focus on productions of knowledge skills performance and accountability Such a focus serves to reproduce current educational systems instead of noticing and critiquing the wider modes of domination that permeate schools and school systems In Social Theory for Teacher Education Research Kathleen Nolan Jennifer Tupper and the contributors make arguments for drawing on social theories to inform research in teacher education research that moves the agenda beyond technical rational concerns toward building a critically reflexive stance for noticing and unpacking the socio political contexts of schooling *New Directions in Social Theory, Education and Embodiment* John Evans, Brian Davies, 2014-10-29 This book exemplifies the nurturing spirit of inter discursive debate with a view to opening up new theoretical and empirical insights understanding and engagement with debates on issues relating to pedagogy policy equity and embodiment From a variety of social science perspectives an international force of contributors apply a multitude of concepts to research agendas which illustrate the multiple ways in which the body both impacts culture and is simultaneously and seamlessly positioned and shaped by it maintaining social reproduction of class and cultural hierarchies and social regulation and control They attest that once we begin to trace the flow of knowledge and discourses across continents countries regions and communities by registering their re contextualisation both within various popular pedagogies e g newspapers film TV web pages IT and the formal and informal practices of schools families and peers we are compelled to appreciate the bewildering complexity of subjectivity and the ways in which it is embodied Indeed the chapters suggest that no matter how hegemonic or ubiquitous discursive practices may be they inevitably tend to generate both intended and unexpected affects and effects people and populations cannot easily be determined suppressed or controlled This book was originally published as a special issue of Sport Education and Society Social Theory for Teacher Education Research Kathleen Nolan, Jennifer Tupper, 2019-09-05

Traditionally teacher education research theory and practice have had a technical rational focus on productions of knowledge skills performance and accountability Such a focus serves to re produce current educational systems instead of noticing and critiquing the wider modes of domination that permeate schools and school systems In *Social Theory for Teacher Education Research* Kathleen Nolan Jennifer Tupper and the contributors make arguments for drawing on social theories to inform research in teacher education research that moves the agenda beyond technical rational concerns toward building a critically reflexive stance for noticing and unpacking the socio political contexts of schooling The theories discussed include Actor Network Theory ANT Cultural Historical Activity Theory CHAT and la didactique du plurilinguisme and social theorists covered include Barad Bernstein Bourdieu Braidotti Deleuze Foucault Heidegger and Nussbaum The chapters in this book make explicit how innovative social theory driven research can challenge and change teacher education practices and the learning experiences of students **Social Theory and Education** Raymond Allen Morrow, Carlos Alberto
