## **Socialist Ownership And Political Systems:**

**Socialist Ownership and Political Systems** Włodzimierz Brus, 1975-01-01      **Socialist ownership and political systems. translated** Włodzimierz Brus, 1975      **The Socialist System** János Kornai, 1992-04-12 This book presents a comprehensive analysis of socialist economics It addresses the reasons for the early successes of socialist systems and the reasons for their gradual breakdown      **The Transformation Of Communist Systems** Bernard Chavance, Charles Hauss, Mark Selden, 2019-06-26 In the confrontation between the two main economic systems that has marked the twentieth century capitalism has been declared the winner by default over its adversary socialism Today establishing a market economy has become the primary goal of the formerly socialist countries The history of economic reform helps explain this remarkable turning point Attempts to improve the old centralized system by expanding enterprise autonomy in Poland the Soviet Union and East Germany and more radical reforms that limited the role of central planning in Yugoslavia Czechoslovakia Hungary and China encountered social and political obstacles or had unexpected and undesired effects During the 1980s the idea of a socialist market economy which had been seen as a third way between capitalism and centralized socialism was abandoned as economists gradually came to support a free market rather than the dogma of planning Through a comparative and historical analysis of change in socialist and post socialist systems this timely and original book clarifies the policies and pitfalls in this extraordinary transition Bernard Chavance provides a succinct introduction and analysis of the politics and economics of Eastern Europe from the creation of the Stalinist system in the Soviet Union through what he argues have been three major waves of reform since the 1950s to the dismantling of most socialist governments in the 1990s Exploring the link between the one party regime and the growing rigidity of socialist economic systems the author analyzes the failure of both incremental and radical reforms to adapt to new economic challenges thus leading to the ultimate collapse of communist regimes in Europe      **Marxism and "really Existing Socialism"** Adam Przeworski, Alec Nove, 2001 This volume is a comprehensive collection of critical essays on The Taming of the Shrew and includes extensive discussions of the play s various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality      Political Systems of East Asia Louis D Hayes, 2014-12-18 This innovative interdisciplinary introduction to East Asian politics uses a thematic approach to describe the political development of China Japan and Korea since the mid nineteenth century and analyze the social cultural political and economic features of each country Unlike standard comparative politics texts which often lack a unifying theme and employ Western conventions of the state Political Systems of East Asia avoids these limitations and identifies a common thread running through the histories of China Korea and Japan This common thread is Confucianism which has shaped East Asian perspectives of the universe and how it

operates The text describes and explains the ways in which each country has employed this shared tradition and how it has affected the country's internal dynamics responses to the outside world and its own political development

**Marxism and 'Really Existing Socialism'** A. Nove, 2013-09-27 The late Alec Nove explores the relationship between Marxist ideas and the Soviet reality and presents a methodology for understanding Soviet type societies

**Comparative Political Systems** Charles F. Andrain, 1994 This book focuses on the economic changes produced by different political systems and on the social impact of regime transformations It addresses several key policy issues How does the policy process operate in various types of political systems What impact do public policies and policy outcomes wield on transformations in a political system How does public policy preference in different political systems affect democracy capitalism and socialism

*Transition from Socialist to Market Economies* S. Ichimura, T. Sato, W. James, 2009-10-21 20 years after the collapse of communism in Central Eastern European countries and 30 years after the start of market oriented reforms in China this book provides a framework for understanding the differing emphasis and sequencing of two reforms and explores in depth these issues in the demise of communism and the triumph of the market economy

**From Post-Maoism to Post-Marxism , The Capital Come Under Bourgeois Rule And Present Scenario of Political Business** N.K.S.R. Nantu Roy , Mr. Salween Roy, 2023-10-20 Bourgeois peoples evaluated by earning money in illegal path and then capture power either directly or indirectly as hack government At present scenario of different nation such community form and they Bourgeois captured power where basically they remain underworld peoples who executing several businesses for show where as in back they had dark world to earn money By implement hybrid regimes system executing where political leaders remaining in middle position of capitalist and Priest groups of Spiritual Businessman Theocracy implement either directly or indirectly which remain as political party alliance organization where mythology and flash flak story spread up around common peoples that black darn cloud covering to society to push back nation too rule as selfish and self central peoples enjoying life to rule and making fool to common people

*The Transition to Socialism in China (Routledge Revivals)* Mark Selden, Victor Lippit, 2016-07-01 First published in 1982 The dramatic changes in policy and theory following the death of Chairman Mao in 1976 and the publication of the most extensive official and unofficial data on the Chinese economy and society in twenty years both necessitated and made possible a thorough reconsideration of the full range of issues pertaining to the political and economic trajectory of the People's Republic in its first three decades The contributors to this volume initiated a comprehensive effort to address fundamental problems of China's socialist development and to reassess earlier perspectives and conclusions

*The Economics of Feasible Socialism* Alec Nove, 2013-11-05 The first part of *The Economics of Feasible Socialism* demonstrates why Marx's theories provide no guide to the issues that must face economists under any realistically conceivable Socialism The experience of communist ruled countries especially the former Soviet Union is often negative economic inefficiency bureaucracy despotism The causes

of these defects and possible remedies and reforms are discussed The problems of transition in the context of Western industrialized countries and of developing countries is also examined with particular attention centred on the errors of economic policy in Chile and China amongst other countries

**Understanding The Political Economics On China's Development** Hailiang Gu,Tianyi Wang,2025-04-02 This book attempts to answer significant questions such as what is China's developing political economy what are the major principles of socialist political economy with Chinese characteristics and how to achieve economic development From new normal and new development concept to innovation driven development strategy and supply side structural reform to the Belt and Road and new urbanization with people as the core the author explains economic laws and development succinctly and illustrates the key characteristics of Chinese socialist political economy This book features forward looking thinking on China's development explaining that China's development is scientific its sustainable development follows natural laws and inclusive development follows social laws The political economy of China's development is explained in an easy to understand and accessible way The author has cooperated with scholars from the Party School of the CPC Central Committee and the Chinese Academy of Social Sciences and this book is the cumulative output of his work with fellow researchers and scholars

**Socialism After Communism** Christopher Pierson,1995 Christopher Pierson assesses the evidence of terminal decline but finds rather a whole series of deep seated challenges to traditional forms of socialist and social democratic thinking Above all these problems are to be found in the political economy of social democracy and its commitment to incremental change in the context of an increasingly globalized market economy The latter chapters of the book are devoted to an assessment of market socialism one of the most vigorous and innovative attempts to seek to recast socialist aspirations under these quite changed circumstances In essence market socialism represents an attempt to reconcile new forms of social ownership with the seeming ubiquity of the market Having outlined this position Pierson carefully and systematically critiques it and in the process develops a set of distinctive arguments about the nature of social ownership the potential of the labor managed economy and the appropriate forms for an extension of economic democracy

Political Translations on Eastern Europe United States. Joint Publications Research Service,1968

Fundamentals of Political Economy Xiaohu (Shawn) Wang,George Chung Wang,2017-10-03 This title was first published in 1977 Fundamentals of Political Economy is a popular introductory economics text published in the People's Republic of China in 1974 as a part of the Youth Self Education series designed particularly for individual or group study The primary purpose of this series according to the preface is to elevate the cultural level of the youths going down to the countryside to advance their knowledge of the social and natural sciences as well as to arouse their class consciousness It was originally published in two volumes The first volume 11 chapters is a critical review of the historical development of capitalism The second volume 12 chapters deals with Marxist economic principles and the manner in which they are applied in China

The Soviet Economic System Olimpiad S. Ioffe,Peter B Maggs,Olympiad S Ioffe,2019-07-11 A comprehensive

analysis of the Soviet economy from a legal perspective this book discusses the Soviet theory of legal regulation of economic activity and the formal structure of economic legislation The authors argue that two contradictory tendencies characterize the Soviet economic regulatory system reform and retreat from reform Legal reform efforts usually result from the attempt to increase economic efficiency which typically involves according greater independence to lower level economic organizations The danger that political power might be undermined however eventually leads to the reestablishment of the dominance of the central authorities over lower level decisionmaking Drs Ioffe and Maggs also examine the tensions in labor law which must reconcile the needs of the economy for job mobility and high worker morale with administrative ideals of strict discipline and the legal aspects of technology transfer In addition emphasis is placed on the ways that economic legislation is developed and applied in practice the authors note in particular the progress that has been made in systemization and codification of economic legislation

**Political Capitalism** Randall G. Holcombe, 2018-07-19 Problems associated with cronyism corporatism and policies that favor the elite over the masses have received increasing attention in recent years Political Capitalism explains that what people often view as the result of corruption and unethical behavior are symptoms of a distinct system of political economy The symptoms of political capitalism are often viewed as the result of government intervention in a market economy or as attributes of a capitalist economy itself Randall G Holcombe combines well established theories in economics and the social sciences to show that political capitalism is not a mixed economy or government intervention in a market economy or some intermediate step between capitalism and socialism After developing the economic theory of political capitalism Holcombe goes on to explain how changes in political ideology have facilitated the growth of political capitalism and what can be done to redirect public policy back toward the public interest
