Marco Cascella

Terrible Swift Sword Centennial II:

Terrible Swift Sword Bruce Catton,1963 **Terrible Swift Sword** Bruce Catton,2013-07-24 The second episode in this award winning trilogy impressively shows how the Union and Confederacy slowly and inexorably reconciled themselves to an all out war an epic struggle for freedom In **Terrible Swift Sword** Bruce Catton tells the story of the Civil War as never before of two turning points which changed the scope and meaning of the war First he describes how the war slowly but steadily got out of control This would not be the neat short limited war both sides had envisioned And then the author reveals how the sweeping force of all out conflict changed the war s purpose in turning it into a war for human freedom It was not initially a war against slavery Instead this was Mr Lincoln kept insisting a fight to reunite the United States At first it was not even much of a fight Cautious generals inexperienced incompetent or jealous administrators shortages of good people and supplies excess of both gloom and optimism kept each side from swinging into decisive action As the buildup began there were maddening delays The earliest engagements were halting and inconclusive After these first tests at arms reputations began to crumble Buell Halleck Beauregard Albert Sidney Johnston Failed to drive ahead for reasons good and bad General McClellan impaled in these pages on the arrogant words of his letters captured more imaginations than enemies and continued to accept serious over estimates of Confederate strength while becoming more and more fatally estranged from his own government *Terrible Swift Sword Vol. Two* Bruce Catton,1963 **TERRIBLE SWIFT SWORD: THE**

CENTENNIAL HISTORY OF THE CIVIL WAR VOL. 2 BRUCE. CATTON,1967 VOLUME TWO BEGINS THE MONDAY AFTER THE BATTLE OF THE BULL RUN TO THE SURRENDER OF LESS AT ANTIETAM [Military Captives in the United States](#) Craig A. Munsart,2025-06-05 Since the beginning of the Revolutionary War the United States has actively pursued military operations both domestic and foreign Prisoners of war represent a natural consequence of such actions and throughout history many of them have been incarcerated within the borders of the United States Incorporating both existing and purpose built prisoner facilities the nation has held over one million prisoners many transported here from across the globe Detention facilities existed in almost every state from large population centers to remote rural areas Many such facilities have been preserved while others have been destroyed by the country s expanding population Exhaustively researched and thoroughly illustrated this book seeks to fill a void examining the history of domestically imprisoned POWs from the Revolutionary War through World War II In addition to foreign nationals from Asia Europe and Latin America even American citizens associated with foreign combatants have had their rights abrogated as they too were imprisoned without legal recourse This book presents a history that has long been ignored and one which has a legacy in many Americans own backyard **Empire, Technology and Seapower** Howard J. Fuller,2014-01-03 This book examines British naval diplomacy from the end of the Crimean War to the American Civil War showing how the mid Victorian Royal Navy suffered serious challenges during the period Many recent works have attempted to depict the mid Victorian Royal Navy as all powerful

innovative and even self assured In contrast this work argues that it suffered serious challenges in the form of expanding imperial commitments national security concerns precarious diplomatic relations with European Powers and the United States and technological advancements associated with the armoured warship at the height of the so called Pax Britannica Utilising a wealth of international archival sources this volume explores the introduction of the monitor form of ironclad during the American Civil War which deliberately forfeited long range power projection for local coastal command of the sea It looks at the ways in which the Royal Navy responded to this new technology and uses a wealth of international primary and secondary sources to ascertain how decision making at Whitehall affected that at Westminster The result is a better balanced understanding of Palmerstonian diplomacy from the end of the Crimean War to the American Civil War the early evolution of the modern capital ship including the catastrophic loss of the experimental sail and turret ironclad H M S Captain naval power projection and the nature of empire technology and seapower This book will be of great interest to all students of the Royal Navy and of maritime and strategic studies in general

Into the Tornado of War James Genco, 2012-02-15 In the summer of 1862 a group of volunteer soldiers joined the Twenty First Michigan Volunteer Infantry in western Michigan For the next two and a half years these men saw extensive combat against the Confederacy in Americas most brutal and bloody war Drawn from hundreds of letters diaries and memoirs *Into the Tornado of War* is the complete history of this Union regiment as seen through the soldiers eyes James Genco traces their movements from their first major battle at Perryville Kentucky through Tennessee Georgia and finally the Carolinas In addition to Perryville the regiment was severely tested in the landmark battles of Stones River Chickamauga and Bentonville and participated in Union General William T Shermans March to the Sea in November and December of 1864 As the war wound down in 1865 the regiment was part of the Union Army that cut its way through the Carolinas ultimately finding itself in the forefront of one of the last major battles of the war In a valuable contribution to the scholarship on the American Civil War *Into the Tornado of War* paints a picture of the realities of the war through the words of real soldiers

Military Classics Robert Harry Berlin, 1988 Many of the books listed in this work are military classics that is books of recognized value that set a standard of historical or literary excellence Others evaluate or expand on the military classics Focused mainly on the history of land warfare this bibliography begins with a general section The books listed cover more than one chronological period or topical area or are broad surveys of military history or concentrate on a unique subject The next sections are arranged chronologically beginning with Ancient History and concluding with The Nuclear Age Covered here are significant historical eras military writers and conflicts The Modern Warfare section encompasses lowintensity conflict The remaining sections in the bibliography are topical and include The Moral Effect of Combat men in battle Russian and Soviet Military History East Asian Military History Sea Power Air Power and The Press The novels cited in this work provide an approach to the human elements of war are often enjoyable to read and are thought provoking The books listed in this bibliography should be read for professional development historical

perspective information and pleasure They offer officers and students of military history an opportunity to understand better the nature of war

Open Wound William McKee Evans, 2010-10-01 In this boldly interpretive narrative William McKee Evans tells the story of America's paradox of democracy entangled with a centuries old system of racial oppression This racial system of interacting practices and ideas first justified black slavery then after the Civil War other forms of coerced black labor and today black poverty and unemployment At three historical moments a crisis in the larger society opened political space for idealists to challenge the racial system during the American Revolution then during the irrepressible conflict ending in the Civil War and finally during the Cold War and the colonial liberation movements Each challenge resulted in an historic advance But none swept clean Many African Americans remain segregated in jobless ghettos with dilapidated schools and dismal prospects in an increasingly polarized class society Evans sees a new crisis looming in a convergence of environmental disaster endless wars and economic collapse which may again open space for a challenge to the racial system African Americans with their memory of their centuries old struggle against oppressors appear uniquely placed to play a central role

Searching for Irvin McDowell Frank P. Simone, Gene Schmiel, 2023-03-15 Irvin McDowell was a prominent figure during the early months of the Civil War With so much at stake he was called upon to lead the Union's largest Eastern Theater army Pressed by the media and President Abraham Lincoln to move into Virginia and defeat the Confederates gathering there McDowell led his neophyte army out to the plains of Manassas and was soundly defeated McDowell went on to hold an independent command in northern Virginia during the Peninsula Campaign and serve in the Army of Virginia under Maj Gen John Pope during the disastrous Second Bull Run Campaign Despite his significant contributions a lack of personal papers left him in obscurity Authors Frank Simone Jr and Gene Schmiel used available sources to create a reliable and readable synthesis of the man and his career to fill a sizable gap in the historiography Unless or until his private papers surface *Searching for Irvin McDowell* will stand as the best treatment available

Words on Cassette, 2002 R R Bowker Publishing, 2002

Never Call Retreat Bruce Catton, 2013-07-24 A magnificent stylist a first rate historian Familiarity with subject matter resulting from many years of study and narrative talents exceeding those of any other Civil War historian enable him to move along swiftly and smoothly and produce a story that is informative dramatic and absorbingly interesting Dr Bell I Wiley after reading the manuscript of *Never Call Retreat* The final volume of Bruce Catton's monumental Centennial History of the Civil War traces the war from Fredericksburg through the succeeding grim and relentless campaigns to the Courthouse at Appomattox and the death of Lincoln This is an eloquent study of the bitterest years of the war when death slashed the country with a brutality unparalleled in the history of the United States Through the kaleidoscope tone and temper of the struggle two men different in stature but similar in dedication to their awesome tasks grappled with the burden of being leaders both in politics and war In the north Lincoln remained resolute in the belief that a house divided against itself could not stand His determination and uncanny vision of the destiny of the country and its people

far transcended the plaguing tensions fears and frustrations of his cabinet and Congress Mr Lincoln s use of vast resources is brilliantly contrasted to Davis s valiant struggle for political and economic stability in a hopelessly fragmented and underdeveloped south Though Davis never lacked for spirit and dedication his handicaps were severe This was not a war to be won by static ideals and romanticism As Mr Lincoln managed to expand and intensify the ideals that sustained the Northern war effort Mr Davis was never able to enlarge the South s This was a war to be won by flexibility in though strength in supplies and battles And so they were fought Fredericksburg The Wilderness Chancellorsville Vicksburg Gettysburg

The Civil War in Books David J. Eicher,1997 With the assistance of several scholars including James M McPherson and Gary Gallagher and a long time specialist in Civil War books Ralph Newman David Eicher has selected for inclusion in The Civil War in Books the 1 100 most important books on the war These are organized into categories as wide ranging as Battles and Campaigns Biographies Memoirs and Letters Unit Histories and General Works The last of these includes volumes on black Americans and the war battlefields fiction pictorial works politics prisons railroads and a host of other topics Annotations are included for all entries in the work which is presented in an oversized 8 1 2 x 11 inch volume in two column format Appendixes list prolific Civil War publishers and other Civil War bibliographies and the works included in Eicher s mammoth undertaking are indexed by author or editor and by title Gary Gallagher s foreword traces the development of Civil War bibliographies and declares that Eicher s annotation exceeds that of any previous comprehensive volume The Civil War in Books Gallagher believes is precisely the type of guide that has been needed The first full scale fully annotated bibliography on the Civil War to appear in more than thirty years Eicher s The Civil War in Books is a remarkable compendium of the best reading available about the worst conflict ever to strike the United States The bibliography the most valuable reference book on the subject since The Civil War Day by Day will be essential for college and university libraries dealers in rare and secondhand books and Civil War buffs **The White House's Unruly Neighborhood** Edward P.

Moser,2019-12-16 Chronicling the sometimes outlandish often tragic history of the environs of the White House this book covers two centuries of assassinations slave escapes deadly duels sex scandals battles brawls and spy intrigues that took place in the presidential neighborhood Lafayette Square The author recounts the triumphs and catastrophes of heroes and villains both famous and unsung placing them in the context of contemporary world events of the day *Wilson's Creek Staff Ride And Battlefield Tour [Illustrated Edition]* Major George E. Knapp,2014-08-15 Includes more than 14 maps and Illustrations Armies of the North and South fought the Battle of Wilson s Creek about ten miles southwest of Springfield Missouri on Saturday 10 Aug 1861 While the action at Wilson s Creek was small compared to that at Gettysburg or Chickamauga it remains significant and useful to students of military history The Union defeat in battle and the death of General Nathaniel Lyon so closely following the disaster at First Bull Run caused the North to adopt a more serious attitude about the war and to realize that victory would come only with detailed planning and proper resourcing Thus the Union

reinforced Missouri with soldiers and weapons during the fall and winter of 1861-62 while the Confederacy applied its scanty resources elsewhere. Although the exiled pro Confederate state government voted to secede and sent delegates to Richmond, Virginia, Missouri effectively remained in the Union. Any questions about Missouri's fate were settled at the Battle of Pea Ridge in March 1862 when Union forces turned back the last significant Confederate threat to Missouri. Wilson's Creek was a first battle for most of the soldiers who fought there. First battles often provide armies with special insights into the application of military art and science and Wilson's Creek was no exception. The Mexican War model of organization and combined arms battle was generally confirmed but some key observations relating to technology and command and control emerged as well. In addition, artillery proved decisive at several key moments during the fighting. Cavalry on its part proved to be much less valuable and this fact hinted at lessons to be learned later in the Civil War. Ultimately, the infantry of both sides played out the drama and many of the most useful insights came from that branch.

Context and Connection in Metaphor
L. David Ritchie, 2006-10-30 How do people understand metaphorical language? Can a commonplace metaphor affect the way people think even if they don't interpret it? Why does it matter how people interpret metaphors? The author proposes an original communication-based theory of metaphor that answers these and other questions about metaphors and metaphorical language.

The Era of the Civil War--1820-1876 US Army Military History Research Collection, Benjamin Franklin Cooling (III), 1974

Special Bibliography, 1982

Upon the Altar of the Nation Harry S. Stout, 2007-03-27 A profound and timely examination of the moral underpinnings of the War Between the States. The Civil War was not only a war of armies but also a war of ideas in which Union and Confederacy alike identified itself as a moral nation with God on its side. In this watershed book, Harry S. Stout measures the gap between those claims and the war's actual conduct. Ranging from the home front to the trenches and drawing on a wealth of contemporary documents, Stout explores the lethal mix of propaganda and ideology that came to justify slaughter on and off the battlefield. At a time when our country is once again at war, *Upon the Altar of the Nation* is a deeply necessary book.

Two Miserable Presidents Steve Sheinkin, 2008-07-22 True facts and stories that you won't find in text books about the American Civil War.

Unveiling the Power of Verbal Art: An Psychological Sojourn through **Terrible Swift Sword Centennial Ii**

In a global inundated with monitors and the cacophony of immediate communication, the profound power and psychological resonance of verbal artistry usually fade in to obscurity, eclipsed by the constant barrage of sound and distractions. However, set within the musical pages of **Terrible Swift Sword Centennial Ii**, a interesting work of fictional elegance that impulses with organic thoughts, lies an unforgettable trip waiting to be embarked upon. Composed by way of a virtuoso wordsmith, that mesmerizing opus manuals visitors on a psychological odyssey, gently exposing the latent possible and profound influence stuck within the complex web of language. Within the heart-wrenching expanse of this evocative examination, we can embark upon an introspective exploration of the book is main styles, dissect its charming publishing type, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
