Richard Bailey

Territorial Lawmen Of Nevada Volume 1 The Utah Territorial Period 1851-1861:

Prestatehood Legal Materials Michael Chiorazzi, 2013-05-13 Explore the controversial legal history of the formation of the United States. Prestatehood Legal Materials is your one stop guide to the history and development of law in the U S and the change from territory to statehood. Unprecedented in its coverage of territorial government, this book identifies a wide range of available resources from each state to reveal the underlying legal principles that helped form the United States. In this unique publication, a state expert compiles each chapter using his or her own style, culminating in a diverse sourcebook that is interesting as well as informative. In Prestatehood Legal Materials, you will find bibliographies, references, and discussion on a varied list of source materials including state codes drafted by Congress, county state and national archives, journals, and digests, state and federal reports, citations, surveys, and studies, books, manuscripts, papers, speeches, and theses, town and city records, and documents. Web sites to help your search for more information and more. Prestatehood Legal Materials provides you with brief overviews of state histories from colonization to acceptance into the United States. In this book, you will see how foreign countries controlled the laws of these territories and how these states eventually broke away to govern themselves. The text also covers the legal issues with Native Americans, interstate and the Mexico and Canadian borders, and the development of the executive, legislative, and judicial branches of state government. This guide focuses on materials that are readily available to historians, political scientists, legal scholars, and researchers. Resources that assist in locating not so easily accessible materials are also covered. Special sections focus on the legal resources of colonial New York City and Washington DC, which is still technically in its prestatehood stage. Due to the enormity of this project, the editor of Prestatehood Legal Materials created a Web page where updates, corrections, additions, and more will be posted. *Imposing Order without Law* Michael J. Makley, 2022-12-06 In the 1850s, early Euro American settlers established two remote outposts on the slopes of the eastern Sierra Nevada, both important way stations on the central emigrant trail. The Carson Valley settlement was located on the western edge of the Utah Territory, while the Honey Lake Valley hamlet, 120 miles north, fell within California's boundaries but was separated from the rest of the state by the formidable mountain range. Although these were some of the first white communities established in the region, both areas had long been inhabited by Indigenous Americans. Carson Valley had been part of Washoe Indian territory, and Honey Lake Valley was a section of Northern Paiute land. Michael Makley explores the complexities of this turbulent era when the pioneers' actions set the stage for both valleys to become part of national incorporation. With deft writing and meticulously researched portrayals of the individuals involved, including the Washoe and Northern Paiute peoples, *Imposing Order Without Law* focuses on the haphazard evolution of frontier justice in these remote outposts. White settlers often brought with them their own ideas of civil order. Makley's work contextualizes the extralegal acts undertaken by the settlers to enforce edicts in their attempt to establish American communities. Makley's book reveals the use and impact of group violence both within the settlements and within the

Indigenous peoples world where it transformed their lives **American Massacre** Sally Denton,2007-12-18 In September 1857 a wagon train passing through Utah laden with gold was attacked Approximately 140 people were slaughtered only 17 children under the age of eight were spared This incident in an open field called Mountain Meadows has ever since been the focus of passionate debate Is it possible that official Mormon dignitaries were responsible for the massacre In her riveting book Sally Denton makes a fiercely convincing argument that they were The author herself of Mormon descent first traces the extraordinary emergence of the Mormons and the little known nineteenth century intrigues and tensions between their leaders and the U S government fueled by the Mormons zealotry and exclusionary practices We see how by 1857 they were unique as a religious group in ruling an entire American territory Utah and commanding their own exclusive government and army Denton makes clear that in the immediate aftermath of the massacre the church began placing the blame on a discredited Mormon John D Lee and on various Native Americans She cites contemporaneous records and newly discovered documents to support her argument that in fact the Mormon leader Brigham Young bore significant responsibility that Young impelled by the church s financial crises facing increasingly intense scrutiny and condemnation by the federal government incited the crime by both word and deed Finally Denton explains how the rapidly expanding and enormously rich Mormon church of today still struggles to absolve itself of responsibility for what may well be an act of religious fanaticism unparalleled in the annals of American history American Massacre is totally absorbing in its narrative as it brings to life a tragic moment in our history **Territorial Lawmen of Nevada: The Utah territorial period, 1851-1861** Robert W. Ellison,1999-01-01 American Book Publishing Record ,2001 *Nevada Territorial Legislature Territorial Bills, 1861-1864* Nevada. State Library and Archives. Division of Archives and Records,1989
