Terrorism And Violence In Southeast Asia:

Terrorism and Violence in Southeast Asia Paul J. Smith, 2015-03-26 This timely work examines the scale and root causes of terrorism across Southeast Asia including the role of al Qaeda's ascendancy in the region. It begins with an overview of the analytical and theoretical framework for discussing the subject. Individual chapters then examine terrorist activities from both functional and country specific perspectives. The book traces fundamental linkages between terrorism and security issues such as illegal immigration, narcotics trafficking and other criminal activity. In addition, it considers the issue of convergence, the growing connection between criminal groups and terrorism, and how this may facilitate future violence. Written by a range of experts in the field, the individual chapters reflect a variety of perspectives. The contributions fall into two broad categories: chapters that directly address terrorism, the groups, their ideologies, their modus operandi, their origins, and state responses to them; and chapters that address the enabling environment that exists in Southeast Asia, the role of transnational crime, porous borders, convergence between terrorism and crime.

Terrorism & Violence In Southeast Asia Paul J. Smith, 2005-01-01 The Book Seeks To Assess And Analyze Terrorism And Violence In Southeast Asia From A Variety Of Angles: Transnational, Country Specific And Overall Enabling Environment.

A Handbook of Terrorism and Insurgency in Southeast Asia Andrew T. H. Tan, 2009-01-01 This is an important and worthwhile book that should be read by anyone seeking to understand the history and evolution of political violence in Southeast Asia, including the origins of contemporary militant Islamist terrorism.

Paul J. Smith, *Contemporary Southeast Asia* This very fine collection shows how and why Southeast Asia has been afflicted with terrorism from the end of World War II to the present time. No other volume tells us as much about the period and area. Anyone interested in the general theory and practice of terrorism and insurgency will find it indispensable.

David C. Rapoport, University of California, Los Angeles, US, and Editor of *Journal of Terrorism and Political Violence* This stimulating collection of essays underlines how Southeast Asia has again, as at the height of the Cold War, been pushed towards the top of the list of world conflict zones by the collision between long-standing regional problems and more recent external frictions. Anyone needing to learn more about the relationship between the war on terror and Southeast Asia, particularly regarding terrorism in Thailand, Indonesia, and the Philippines, will need to consult this work.

Brian P. Farrell, National University of Singapore, and author of *The Defence and Fall of Singapore 1940-1942* This book is an excellent addition to the literature on political violence in Southeast Asia, providing a wealth of detail on terrorism, guerrilla insurgency, and the use of terror and repression by governments. The book is especially valuable for the broad coverage of many different groups, not just Islamic ones, inclusion of the activities of governments, and a variety of opinions and views on terrorism and political violence. This book should be one of the essential resources for academics, policymakers, or anyone else interested in terrorism, insurgency, and political violence in the region. It is an extremely valuable tool for one and all.

James M. Lutz, Indiana University, Purdue University, US, and co-author of *Global Terrorism* with Brenda Lutz This is an excellent volume which is

studies **Human Insecurities in Southeast Asia** Paul J. Carnegie, Victor T. King, Zawawi Ibrahim, 2016-08-30 This book is a collection of work by scholars currently pursuing research on human security and insecurities in Southeast Asia. It deals with a set of insecurities that is not readily understood or measurable. As such, it conceptually locates the threats and impediments to human security within relationships of risk, uncertainty, safety, and trust. At the same time, it presents a wide variety of investigations and approaches from both localized and regional perspectives. By focusing on the human and relational dimensions of insecurities in Southeast Asia, it highlights the ways in which vulnerable and precarious circumstances, human insecurities, are part of daily life for large numbers of people in Southeast Asia and are mainly beyond their immediate control. Many of the situations people experience in Southeast Asia represent the real outcomes of a range of largely unacknowledged socio-cultural-economic transformations interlinked by local, national, regional, and global forces, factors, and interests. Woven from experience and observations of life at various sites in Southeast Asia, the contributions in this volume give an internal and critical perspective to a complex and manifold issue. They draw attention to a variety of the less-than-obvious threats to human security and show how perplexing those threats can be. All of which underscores the significance of multidisciplinary approaches in rethinking and responding to the complex array of conditioning factors and interests underlying human insecurities in Southeast Asia.
